The principle of this Society is the same as that of the London City Mission, its object being to extend the knowledge of the Gospel

among the inhabitants of Brighton (especially the poor), without any reference to denominational distinctions or the peculiarities of Church government. To effect this object, Missionaries of approved character and qualifications, giving themselves entirely to the work, are employed and paid by the Institution. Their duty is to visit from house to house within their respective districts, read the Scriptures, engage in religious conversation, pay particular attention to the sick and afflicted, and urge those who are living in the neglect of religion to observe the Lord's Day and to attend public worship. They make it their business to see that all persons possess the Scriptures, to distribute approved religious tracts, aid in obtaining Scriptural education for the children of the poor, hold meetings for reading and expounding the Scriptures, and prayer, and adopt such other means as the Committee may think necessary for the accomplishment of the object of the Mission, and is supported by voluntary contributions.

Subscriptions and Donations received at the Union Bank, at the Committee Room, 21 *Prince Albert street, and by the Assistant Secretary*, 1 New England road.

Brighton College was established by a body of Subscribers, in the year 1847, with the object of providing for boys a thorough, liberal and practical education, in conformity with the principles of the Established Church. Its system as regards discipline and

organisation is that usual in Public Schools. Pupils are prepared for the Universities, the professions, the army, or commercial life. English Literature, Modern Languages, and Mathematics are taught in every part of the school, and in the highest classes on the modern side form the principal part of the curriculum. Science forms a part of the regular class work throughout the school, with the exception of the highest Classical Form, in which it is usually omitted.

The College is situated in the healthiest part of Brighton, immediately under the Downs; the rooms are large and well ventilated; there is a good cricket-ground, pavilion, fives courts, &c.

On Sundays all boarders (unless specially exempted), and as many day boys as their parents desire to do so, attend Divine service in the College chapel.

The College year is divided into three terms. The vacations consist of three weeks at Easter, seven weeks and a half from about the end of July, and four weeks and a half at Christmas.

The school hours are as follows:—Chapel at 9; work from 9.15 to 11.15 and 11.30 to 12.30 every week-day morning, and from 3 to 5 on four afternoons of the week.

No boy can remain at the College after he is eighteen, except by special permission of the Council.

The College fees for tuition (which must be paid terminally in advance to the Secretary) are as follows:—

Under thirteen years of age.....	£24 0*s.*	per Annum.
From thirteen to fifteen	£27 0*s.*	,,
Above fifteen	£31 10*s.*	,,

All boys not nominated by a Shareholder of the College are charged £1 per Term extra.

Ordinary stationery, exercise books, paper, blotting paper, pens, &c. are supplied to the pupils at a fixed rate per boy, for the present, of 6*s.* 6*d.* per Term, payable in advance.

All boys returning to College after the day fixed for the commencement of Term, without a sufficient medical certificate, will be charged an extra fee of 10*s.* for every day of absence.

The extra fees (which are optional) must be paid to the respective Instructors, except in the case of boarders, when the payments should be made through the House Master:—

Freehand Drawing	£1 8*s.*	per Term.
Piano	£2 2*s.*	,,
Carpentry	£0 10*s.*	,,

But for Geometrical Drawing in the Modern Division there is no extra charge.

Boarders are received by the following:—

The Rev. the Principal	The College.
The Rev. G. J. Le Maistre.....	125 Eastern road.
C. G. Allum, esq.....	131 Eastern road.
C. B. Woollcombe, esq. Junior House for boys under 13	Walpole terrace.

In the three Senior houses the charge is £63 per annum for board and washing; in the Junior house £57 10*s*.

Total cost per annum for tuition, board, &c.:—

Under thirteen	£81 10*s*.
From thirteen to fifteen	£90 0*s*.
Above fifteen	£94 10*s*.

The sons of Clergymen are received, on passing a satisfactory Entrance Examination, at a reduction of 5 Guineas on the tuition fees, and a like amount on the ordinary charge for board and lodging at the different houses.

Day boys from a distance can have dinner provided for them on all whole school days, at the rate of £4 per Term for four dinners in the week.

Before removal a Term's notice or a Term's payment is required in all cases, both for tuition and for boarding.

There are nine scholarships, varying in value from £20 to £60, tenable in the School; and seven exhibitions of from £30 to £60, tenable at the Universities.

N.B.—A certain number of boys attending the College are received as boarders by J. Fayle, esq. *B.A.*, late Scholar of Trinity Hall, Camoridge. For terms, &c., application should be made to Mr. Fayle, 18 Eaton place.

A Senior passing in English and Latin (with either Greek, French, German, or Italian) and mathematics, is allowed to become a candidate for the degree of Bachelor of Music. The same privilege is granted, without limit of age, to any person studying for this degree, but he will not be reckoned a Local Examination candidate.

Senior students who have been placed in the First Division in the General List of the Oxford or Cambridge Local Examination are now admitted into Keble College without a Matriculation Examination.

Senior candidates at the Cambridge Local Examination (also candidates at the Higher Local), who intend proceeding to the University, will be excused the 'Previous Examination' for Undergraduates in their first year, if they attain 'a standard intermediate between the ordinary pass standard and that of distinction,' in Religious Knowledge, Classics, and Mathematics.

A Senior passing the Cambridge Examination in Preliminary, in English, and either in Latin, in Greek, in French, or in German, and in Euclid and Algebra, is enabled to become a Candidate for the degree of Bachelor of Music.

Senior Candidates who have passed either the Oxford or Cambridge University Local Examinations are excused the Preliminary Examination for Barristers.

Natural Philosophy, including the Elements of Statics and Hydrostatics.

Candidates who have passed the Oxford or Cambridge Local Examination are excused the Preliminary Examination before entering into Articles of Clerkship with Attorneys and Solicitors. The published regulations of the Law Society state no special subjects.

The Pharmaceutical Society of Great Britain also allow the Oxford and Cambridge Certificate to supersede their own Preliminary Examination for Students in Pharmacy, if a Candidate has passed in Latin and Chemistry.

Patients cannot be admitted at any other time (*except on sudden emergencies, when they will be received without delay, at any time of the day or night*).

Inquiries as to the right of recommendation should be made personally, or by letter prepaid, to the HOUSE SURGEON. Also, Subscribers *should* (a week, at least, before sending any patient from a distance) transmit to the HOUSE SURGEON a statement

of the chief symptoms of the case, drawn up by some Medical Gentleman who has attended or seen the Patient; the recommender will then be informed whether and when the Patient can be admitted. The Committee will still be at liberty to reject any Patient on arrival, if found, on examination, to be an improper object of the Charity.

The main object of the Society is the improvement of the condition of the poor—(1) by bringing into harmonious co-operation with each other, and with the Poor-law authorities, the various charitable agencies and individuals in the district; (2) by securing thorough investigation and fitting action in all cases, whether personal applications, or sent by public institutions or private persons; (3) by granting effectual temporary assistance, as far as the funds of the Society will allow, in cases where a permanent result may be hoped for, and which are not met by existing sources of relief; (4) by repressing mendicity in all its forms, as practised by street beggars, begging-letter writers, and other professional impostors.

The office is open daily, from 11 a.m. till noon and from 4 p.m. till 5 p.m., for applications, inquiries, and the issue of tickets to be given to mendicants instead of money or other assistance. A ticket taken to the office insures a thorough investigation of the case, with proper treatment on definite principles, and if endorsed with the name and address of the giver, a report will be forwarded by post as soon as possible.

No charge is made for inquiries, tickets, or reports.

WAYFARERS pleading hunger or in search of work, are relieved with bread on application, whether they have tickets or not; but the bread must be eaten in the office, and not taken away.

From the centre of the corridor on the first floor there is a staircase leading to the clock tower, the kitchens, store rooms, hallkeeper's rooms, &c. The foundation-stone of the new Town Hall was laid on May 22, 1880, by Mr. James Warnes Howlett, Chairman of the Hove Commissioners. The building was completed and the opening ceremony took place on December 18, 1882. The architect was Mr. A. Waterhouse, A.R.A.; the builder and contractor, Mr. John Thomas Chappell. The carillon is constituted of 12 bells, comprising the scales of C, F, and G. Four of these—D, G, A, and B—also do duty as quarter bells, and one, C, strikes the hour. The tunes are pricked on barrels, each containing seven. There are at present two such barrels, but more could readily be provided. A fresh tune is played every day for 14 days. F. Farmer's Patent Self-Regulating Screw Truss.

All persons anxious to be cured of Hernia are respectfully requested to try this instrument so confidently offered to the Public as the result of a careful study. It is a most complete remedy, not only for the support, but also the cure, suitable to all the various forms of the complaint, and calculated to ensure perfect security against further suffering or inconvenience. The construction is remarkably light, very strongly made, and so simple and exact that the wearer can turn the pad of the Truss in any direction, in fact, place it precisely over the part from which the rupture protudes. By sending the circumference of the body one inch below the hip, stating whether left or right side, all applications will receive immediate attention. References can be given to the most eminent Surgeons, Public Institutions, and to persons following the most laborious and trying occupations.

Umbilical Trusses on the same principle.

Special attention is invited to the following articles, manufactured on the premises, under the direct superintendence of the Proprietor, warranted of superior quality and workmanship, and at moderate prices: Elastic Abdominal Supporting Belts, for both sexes; those for ladies' use before and after accouchement, are admirably adapted for giving adequate support, with extreme lightness—a point little attended to in the comparatively clumsy contrivances and fabrics hitherto employed Knee Caps and Stockings, Ankle Pieces to draw on or lace, Riding Belts, Spinal Supports, Invisible Crutches, Arm Slings, Splints, Crutches, Artificial Limbs, Leg Instruments, by which the deformed child may become straight, Roller Bandages, Air and Water Cushions, Beds, Pillows. Waterproof Hospital Sheetings, 2s. per yard, best quality.
