A SUMMARY OF THE PRINCIPAL ASTRONOMICAL AND METEOROLOGICAL OCCURRENCES FOR THE YEAR 1881.

By F. Abbott, F.R.A.S., etc.

Explanation.—*Sun's Rising and Setting.*—These numbers show the mean time when the Sun's centre, elevated by refraction, appears on the horizon, the eye being on a level with it.

Phases of the Moon.—The times are here given to the nearest second when the Moon is respectively 0deg., 90deg., 180deg., and 270deg. of longitude from the Sun. *Apogee* is the time of her greatest distance from the earth; *Perigee* the time of her nearest approach to it.

Geographical Positions.—The position arrived at for the Magnetic Observatory in 1852 by Commander Kay gave to Fort Mulgrave, east longitude 9h. 49m. 29·6s. Captain Denham, of H.M.S. *Herald*, with 32 chronometers 1856 to 1858, gave 9h. 49m. 28·8s., giving a mean longitude of 9h. 49m. 29·2s. The private Observatory lies on a direct line North and South with Fort Mulgrave, and taken in connection with observations made on the transit of Mercury over the Sun's disc November 5th, 1868, gives a very close result to 9h. 49m. 29·2s., which has been here adopted.

ECLIPSES IN THE YEAR 1881.

In the year 1881 there will be two Eclipses of the Sun, and two of the Moon; also, a Transit of Mercury over the face of the Sun.

First.—A Partial Eclipse of the Sun on May, 28; invisible in Australia. It will be visible only in latitudes near the North Pole.

Second.—A Total Eclipse of the Moon, June 12; visible in Tasmania. The moon will rise totally eclipsed at 4 h. 36 m. 26 sec., the last contact at 6 h. 6 m.

Third.—Annular Eclipse of the Sun, on November 22; invisible in Tasmania. The contact line of Eclipse passes near the South Pole, and is visible in the Great Southern Ocean, lying between the Cape of Good Hope and New Zealand.

Fourth.—A Partial Eclipse of the Moon, visible in Tasmania on the morning of the 6th of December.

By applying this table of meridian-passage to the following table of Semidiurnal and Nocturnal Arches, any one desirous of knowing the position of the Planets can by + or − find the time of the rising or setting of celestial objects through the year.

This table exhibits half the time that a celestial object continues above the horizon when the declination and latitude are of the same name, or below when they are of contrary names; whence, by adding or subtracting from its meridian-passage, the apparent time of its rising and setting for this latitude may be computed.

None of the Planets are visible till the Sun is a certain number of degrees below the horizon, viz.:

Mercury	10°	Jupiter	8° 00′
Venus	5°	Saturn	10° 00′
Mars	11° 30′	Herschell	17° 30′

GARDENERS' CALENDAR.—*Fruit Garden.*—Where budding is required it may still be performed, choosing, if possible, showery weather. Cut off all surplus shoots from young trees, if they are not required for scions in the Spring. Continue to pinch off all lateral shoots from vines. *Flower Garden.*—Choice carnations may be increased by cuttings and layers with shade and moisture. Choice flowers should be marked for seed. Annuals that have done flowering should be removed, or some will become troublesome weeds. *Kitchen Garden.*—Plant celery in trenches, and a succession of French beans; sow turnips when the weather is moist; take up early potatoes that are ripe; gather all kinds of seeds as they ripen; cut from strawberries all runners that are not wanted for plants, to give strength to the roots. *Greenhouse.*—Calceolarias, cinerarias, etc., may still be sown. Geraniums that have done flowering should be cut down; re-pot as soon as they begin to make fresh shoots. Cuttings struck now will make good plants next year, with care. Continue to shade and water as directed last month.

JANUARY 6.—Called *Twelfth Day*, as being that number after Christmas, and *Epiphany* from a Greek word signifying "appearance." It is a festival of the church in commemoration of the manifestation of Christ to the Gentiles,—more expressly to the three magi or wise men of the East who came, led by a star, to worship him immediately after his birth. The Queen, through the Lord Chamberlain, annually on this day presents gold, frankincense, and myrrh at the Chapel Royal.

GARDENERS' CALENDAR.—*Fruit Garden.*—Little is required this month besides attending to the buds. Strawberry runners should be kept moist to form robust plants in time for transplanting in the first Autumn rains. *Flower Garden.*—Cut off all flower stalks as soon as done flowering, except those required for seed. The flowering season is prolonged by cutting off surplus seed as soon as formed. Verbenas, pentstemons, petunias, and other herbaceous perennial plants may now be propagated by cuttings. Encourage asters, chrysanthemums, dahlias, etc., by frequent watering. Use the rake to preserve a neat appearance. *Kitchen Garden.*—In showery weather vegetables may be sown to come in during the Winter. Mark out plants of the cabbage tribe to run to seed. Earth up peas and potatoes; hoe and stir the surface among all descriptions of crops. *Greenhouse.*—As the principal displays of this season are over, turn your attention to preparation for the next by propagating by seed and cuttings, and preserving such old plants as are desirable for another year. This is the time for forming plants of the early flowers, too frequently neglected by amateurs until the flowering season. Sow mignonette for Winter flowering.

SHROVETIDE (Feb. 27) derives its title from the practice of being *shriven* or *shrove*—that is, confessing and receiving absolution—before the Lenten fast.

GARDENERS' CALENDAR.—*Fruit Garden.*—Prepare borders for forming new beds of strawberries on the first approach of rain. The ground intended to be planted with fruit trees should now be well worked. Collect the leaves as they fall and convert them into manure. *Flower Garden.*—Continue the general directions given for last month, and sow seed of perennial and annual flowers for Spring flowering as they ripen. *Kitchen Garden.*—Sow cabbage, cauliflowers, lettuce, spinach, and onions for early use. Sow turnips, thin out those sown last month. Earth up celery, take up potatoes, and house onions when well dried. *Greenhouse.*—Continue the general directions given for last month.

ASH WEDNESDAY (March 2).—So called on account of penitents wearing sackcloth next their skin and sprinkling ashes on their heads.

ST. PATRICK (Mar. 17).—The shamrock is said to be worn by the Irish upon the anniversary of this their tutelar saint for the following reason:—When he preached the Gospel to the pagan Irish, he illustrated the doctrine of the Trinity by showing them a trefoil, or three-leaved grass, with one stalk; which operating to their conviction, the shamrock, which is a bundle of this grass, was ever afterwards worn upon this saint's anniversary, to commemorate the event.

GARDENERS' CALENDAR.—*Fruit Garden.*—Continue to prepare the ground intended for planting with strawberries and fruit trees; secure the leaves as directed last month. *Flower Garden.*—Plant jonquils, snowdrops, crocuses, ranunculuses, anemones, and other early flowering bulbs; sow seeds of stocks, wall-flowers, sweet-williams, and other biennials, for transplanting in the Spring, if you have not sufficient Spring-sown ones. Verbenas, petunias, pentstemons, etc., may still be propagated by cuttings. Dahlias should be taken up and stored in a dry airy place soon after the frost has killed the stems. Plant deciduous trees. *Kitchen Garden.*—Sow cauliflowers, cabbages, and lettuce; plant out those sown last month; sow spinach and turnips; sow onions for planting out; earth up celery. Carrots may be sown for early use. *Greenhouse.*—Remove all tender plants into the house; encourage the growth of geraniums, calceolarias, cinerarias, etc., by re-potting as soon as the present pots are filled with roots, and keep them free from *aphis* by washing, fumigation, etc. Fuchsias that have done flowering should be kept moderately dry during the dormant state; give plenty of air during fine weather.

PALM SUNDAY (April 10) was so called to commemorate the triumphal entry of our Saviour into Jerusalem, when the multitude strewed palm-branches in the way.

GARDENERS' CALENDAR.—*Fruit Garden.*—Planting of vines and fruit trees may be commenced towards the end of the month; in the meantime keep the ground well worked in dry weather, and dig between the old trees as soon as the leaves have fallen. Keep the surface of the ground loose between the rows of newly planted strawberries, and dig between the rows of the old ones. *Flower Garden.*—Plant bulbs of nearly all the hardy species in dry weather; dig and manure borders between shrubs and herbaceous plants, and form new ones where required, leaving the ground rough. Carnations, etc., that have been propagated during the Summer may now be formed into beds; and shrubs, roses, etc., may be planted towards the end of the month Examine the haunts of slugs, as every one destroyed now will save considerable trouble and annoyance in the Spring. *Kitchen Garden.*—Continue to sow and plant a succession of vegetables, salading, etc.; dig and manure all spare ground in dry weather. Dress asparagus beds for the Winter. *Greenhouse.*—Cuttings of geraniums that have struck root should be potted into small pots, to be shifted into larger as they advance in growth. The same rule applies to cinerarias, calceolarias, etc.; give air freely during fine weather, and water moderately during damp or wet weather. Gloxinias, achimenes, and other bulbous plants that have done flowering, should be allowed to dry off; primulas and cyclamens that are coming into bloom should be kept near the glass and watered freely.

GARDENERS' CALENDAR.—*Fruit Garden.*—The planting of vines and fruit trees should be proceeded with in dry weather, taking care to leave the surface of the ground loose after the operation. The general pruning of fruit trees, vines, etc., may be commenced towards the end of the month, especially of such as are in a weak state of growth. Root-prune where necessary. All the ground should now be dug up roughly, burying the leaves and what manure can be afforded. *Flower Garden.*—Now is the time for putting in order all flower borders, shrubberies, etc., by pruning the shrubs and roses, trimming the edges, dividing and regulating the herbaceous plants, digging the borders and thereby creating a neat appearance during the Winter months, and obviating the necessity for digging amongst the roots of plants in the Spring; it likewise breaks into the favourite haunts of the slugs, whereby they are more easily found and destroyed; where new borders are to be formed and planted, it should now be done. *Kitchen Garden.*—Plant out cabbage, cauliflower, and lettuce. Sow peas, broad beans, and carrots for early use. Sow spinach and onions. Make plantations of rhubarb and asparagus. *Greenhouse.*—Little can be done in the greenhouse beyond giving plenty of air on all favourable occasions, guarding against night frost, watering when the earth becomes dry, and keeping the plants free from vermin and dead leaves. Keep all growing plants as near the glass as possible.

GARDENERS' CALENDAR.—*Fruit Garden.*—The planting of vines and fruit trees should be completed this month; should it not be convenient to do so, the trees intended to be planted next month, or later, should now be lifted and laid in by the heels, which will keep them back, always choosing dry weather for the operation; stir the ground around those planted previous to heavy rains as soon as it is dry enough for the purpose. All pruning should be finished this month. *Flower Garden.*—Continue the general directions for last month, and complete the planting of deciduous trees and shrubs. Keep the ground between bulbs free from weeds. *Kitchen Garden.*—Plant early potatoes, etc., in a warm dry border. Early peas and beans may be sown once a fortnight or three weeks from this time. Sow the main crops of onions and carrots, also some radishes, lettuces, spinach, and early cabbage. Propagate plants which are increased by rooted off-sets. Transplant for seed, if not done in Autumn, carrots, turnips, beet, celery, parsnips, etc. *Greenhouse.*—Continue the general directions for last month. Fuchsias that have shed their leaves should now be prepared for the following season by cutting back and re-potting them. Geraniums that are growing tall and thin should have the ends of the shoots pinched off, which will make them more bushy and compact. Re-pot cinerarias and calceolarias as soon as the present pots are filled with roots. This rule applies to growing plants generally.

GARDENERS' CALENDAR.—*Fruit Garden.*—Vine cuttings may be planted. Prepare for grafting : the proper time is as soon as the stocks are well started. Raspberry and strawberry borders may still be prepared, and new ones formed. Look carefully over apple trees, and dress the parts affected by *aphis* or American blight. Manure freely vines and fruit trees that are weakly. *Flower Garden.*—Flower beds should be manured and dug ; edgings formed, trimmed, and repaired ; herbaceous plants divided ; biennials planted. Roses may be pruned, and most sorts increased by cuttings. Seeds of hardy annuals may be sown in the borders ; tender ones on a moderate heat for transplanting. Choice dahlias should be placed in a gentle heat, for the purpose of propagating by cuttings. Verbenas, shrubby calceolarias, pentstemons, etc., may be increased by the same means. *Kitchen Garden.*—Earth up, plant, and sow asparagus ; transplant, hoe, and sow cabbage ; sow and plant as directed last month, and at end of month sow French beans in a warm border and vegetable marrows in sheltered places ; plant out and sow lettuces for succession ; sow and earth up peas. *Greenhouse.*—Admit air freely in fine weather ; re-pot geraniums, cinerarias, calceolarias, etc., as the roots advance to the sides of the pot. Fuchsias that have been dormant should have their roots reduced and be re-potted in fresh soil. Cacti and other plants may be watered more freely than in the depth of Winter. Sow seeds of balsams, cockscombs, egg plants, etc., on a gentle heat ; keep all plants clear of *aphis*, scale, etc.

GARDENERS' CALENDAR.—*Fruit Garden.*—The principal work this month is grafting, the chief aim being to bring the bark of the stock and the scion to fit closely; loosen the ground with a hoe after the operation; the same between vines and fruit trees in general; in dry weather mulch raspberries. *Flower Garden.*—Seeds of annuals, biennials, perennials, and shrubs should now be sown; tender ones raised in heat may be transplanted towards the end of the month. Dahlia roots may be planted: propagate choice varieties as recommended last month; take the cuttings out of heat as soon as they have struck root, and protect them from the frost till it is safe to plant them. Lay shrubs that are difficult of propagation by other means. Keep the hoe at work in dry weather, but do not use the rake, except for covering small seeds. *Kitchen Garden.*—Asparagus beds, keep free from weeds. Transplant cabbage, onions, and lettuce. Sow carrots, red beet, celery, turnips, French beans, spinach, radishes, vegetable marrow, scarlet runners. Plant potatoes, sow peas, and earth up those that are ready. Cucumbers may be sown in ridges. Keep the hoe among the crops, it will assist them in their growth. *Greenhouse.*—Follow the directions for last month. The plants in flower will require watering copiously and shading from the mid-day sun.

GARDENERS' CALENDAR.—*Fruit Garden.*—Look over the vines and rub off all superfluous buds. Disbud wall trees. Destroy caterpillars on fruit trees. Keep the surface of the ground loose with the hoe at all convenient seasons, whether there are weeds or not. Place a layer of fresh stable manure between the rows of strawberries : it will increase the size of the fruit and render it free from grit or sand. *Flower Garden.*—Seeds of annuals may still be sown. Tender species raised under shelter may be transplanted into the borders, choosing showery weather for the operation. Dahlias from seed and cuttings, and other tender plants, may be planted about the middle of the month. Mark the flowers of choice bulbs, etc., with the view of collecting their seed. Stake and tie the shoots of herbaceous and other plants as they advance. Where quality rather than quantity is the object, the number of flowering shoots should be reduced. Destroy slugs, *aphis*, scale, bugs, etc. *Kitchen Garden.*—Continue to sow and plant successional crops. Earth up potatoes and peas, sow all kinds of brocoli, Scotch kale, savoys, cauliflowers, tomatoes, and capsicums. Thin early sown carrots, turnips, and spinach, and keep them free from weeds. *Greenhouse.*—Azaleas, camellias, ericas, etc., that have done flowering should be taken out of the house and placed in a shady situation towards the end of the month. Water sparingly the bulbs of achimenes, gloxinia, gesnera, etc., until they appear above the ground. Re-pot all fast-growing plants as often as the pots fill with roots. Use the syringe in evening during sunny weather ; guano or manure-water occasionally will assist flowering plants whose pots are full of roots

GARDENERS' CALENDAR.—*Fruit Garden.*—Stop all shoots of vines, except the leaders, at one joint beyond the fruit, and lay them to their trellis or supports; pinch off all unnecessary shoots in young fruit trees. Vines, newly planted fruit trees, etc., will be much benefited by a mulching of half-decomposed stable manure. Rub off the shoots from stocks that have been grafted, and remove the clay and binding as soon as they have joined, which may be known by their shooting vigorously; lay as many strawberry runners as may be required for new plantations, and remove all others. *Flower Garden.*—The planting of dahlias and trimming of all annuals, if not done, should be immediately; support all tall growing flowers as they advance; keep the surface of the ground loose with the hoe; clip and trim all edgings except roses; mark choice flowers for seed. *Kitchen Garden.*—Thin and hoe red beet, carrots, and all other Spring crops. Plant out capsicums and tomatoes. Prick out celery in small beds from the seed beds. Earth up peas, French beans, and potatoes. A succession of peas and French beans may be sown. *Greenhouse.*—Sow seeds of primula, cineraria, calceolaria, camellia, geranium, etc. Give plenty of air and water and shade during sunny weather.

GARDENERS' CALENDAR.—*Fruit Garden.*—Vines not yet attended to should be done immediately, and as the lateral shoots appear they should be taken off to within one joint of the main shoots. Young apple or plum trees infested with red spider should be frequently syringed with tobacco water or soft soap well diluted. Brush off American blight as it appears on the young shoots of apple trees. Peaches, etc., on walls will now require frequent attention. Budding may be performed towards the end of the month. *Flower Garden.*—Dahlias, hollyhocks, etc., require frequent attention. Where fine show dahlias are required, one stem alone should be allowed to grow, and the lower lateral shoots removed from that, and the number of flower buds reduced; a liberal mulching will greatly promote their growth during the approaching hot weather. Bulbs of choice hyacinths, tulips, ranunculuses, anemones, etc., should be taken up and stored as they become dormant. Neatness is now the order. *Kitchen Garden.*—Earth up French beans, peas, and scarlet runners; a succession may be planted; prepare trenches and plant celery; transplant all kinds of brocoli, cauliflowers, savoys, and cabbage for winter use; tomatoes and capsicums, if not put out, should now be done; vegetable marrows may yet be sown: sow turnips this month, and earth up late potatoes. *Greenhouse.*—Cinerarias, calceolarias, etc., that are intended to be kept for another season, should be removed into a shady situation as soon as they have done flowering. Fuchsias, geraniums, etc., that are flowering may be watered occasionally with liquid manure. Shade and water freely during hot weather.

The Queen reigns in her own right, holding the crown both by inheritance and election. Her legal title rests on the statute of 12 and 13 Will. III. c. 3, by which the succession to the crown of Great Britain and Ireland was settled, on the death of King William and Queen Anne without issue, on the Princess Sophia of Hanover and the "heirs of her body,

being Protestants." The inheritance thus limited descended to George I., son and heir of Princess Sophia, she having died before Queen Anne; and it has ever since continued in a regular course of descent.

COURTS OF REQUESTS.

For the recovery of small debts and demands are held under 31 Vic. No 15, at certain places before Commissioners; where there is no Commissioner the Courts of General Sessions of the Peace are appointed Courts for the like purpose.

Jurisdiction.

1. All personal actions where the debt or damage claimed is not more than the amouut to which the jurisdiction of the Court in which the action is brought is limited, excepting actions of ejectment or

replevin, or in which the title to any corporeal or incorporeal hereditament, or to any toll, fair, market, or franchise is in question; or in which the validity of any devise or bequest or limitation under any will or settlement may be disputed, or for the infringement of letters patent or copyright, or for the recovery of any money or thing won or alleged to have been won at or by means of a race, match, wager, or any kind of play, or from any arrest or false imprisonment or malicious prosecution, or for any libel or slander, or for criminal conversation, or for seduction, or breach of promise of marriage, or upon any charter-party of affreightment of policy of assurance.

2. Plaints for the recovery of the possession of small tenements.

3. Every Court has jurisdiction throughout the Colony, but the plaintiff must file his plaint in the Court having jurisdiction to the amount claimed nearest to the place where the defendant or one of the defendants dwelt or carried on business at any time within six calendar months next before the day on which the plaint shall be filed, or in the Court having jurisdiction to the amount claimed nearest to the place where the cause of action, either wholly or in part, arose. Where the plaintiff sues for the value of any work or labour performed or services rendered, he may file his plaint either in the Court having jurisdiction to the amount claimed nearest to the place where the work or labour was performed or the services rendered, or in the Court having jurisdiction to the amount claimed nearest to the place where the agreement for the performance of such work or labour or services as aforesaid was made.

Where amount claimed exceeds £10 the action is to be tried by a jury of three, unless the Commissioner by consent of parties tries the action.

Where there is no Commissioner the justices in General Sessions are judges of law and fact.

For every levy	One shilling where the amount claimed does not exceed ten pounds Two shillings where such amount exceeds ten pounds and does not exceed twenty pounds Three shillings where such amount exceeds twenty pounds

Poundage, except where otherwise specified in this schedule, shall be estimated on the amount of the claim.

All fractions of a pound, for the purpose of calculating poundage, shall be treated as an entire pound.

Where the plaintiff recovers less than the amount of his claim so as to reduce the scale of costs, he shall pay the difference, unless the reduction is caused by a set off.

In cases of execution of writs of *fieri facias*, the actual expenses necessarily incurred by the bailiff in respect of such execution shall be allowed by the Court as costs in the cause.

In cases of interpleader, the summons to the bailiff shall be issued gratis in the first instance; the poundage for hearing be estimated on the value of the goods claimed, which in case of dispute shall be assessed by the Court; and the costs of the summons, estimated on the above-mentioned value, and actual expenses incurred by the bailiff in keeping possession of the goods, be included in the general costs which may be awarded by the Court at the hearing.

No increase of fees shall be made by reason of there being more than one plaintiff or defendant.

JURORS AND JURIES.

The following persons are exempt from serving upon juries:—Judges and Ministerial Officers of the Supreme Court; Commissioners and Ministerial Officers of the Courts of Requests or Bankruptcy; Recorders of the colony of Tasmania; Chairman and Ministerial Officers of Courts of General Sessions of the Peace; Members and Ministerial Officers of the Executive Council, and of the Parliament of Tasmania; Postmasters and persons employed under the Post Office department; Clergymen in Holy Orders, Roman Catholic Priests, and Ministers of Religion; Barristers, Attorneys, Solicitors and Proctors duly admitted to practice and actually practising; Police and Stipendiary Magistrates; Physicians and Surgeons in actual practice, and all Chemists and Druggists; Managers of Banks; Schoolmasters; Licensed Pilots and Masters of Vessels actually employed in trading; Sheriff's Officers, Gaolers, and Constables; Mayors, Aldermen, Auditors, and Corporate Officers of Hobart and Launceston; all persons specially exempted by any law now or hereafter to be passed, and such public officers as the Governor may see fit to exempt.

CORONER'S JURY to be summoned upon Coroner's precept, and to consist of seven persons, under 37 Vict. No 13.

JURY LISTS to be affixed to Court House and Police Office in each district within 30 miles of Hobart and Launceston, the first week in September; and the justices to meet in such districts on the first Tuesday in October to correct and allow the same.

COMMON AND SPECIAL JURORS AND JURIES.—*Regulated by Acts 18 Vict. No. 11, 20 Vict. No. 28, 21 Vict. No. 45, 28 Vict. No. 11, and 31 Vict. No. 13.* Every man between 21 and 60 (unless exempt) is liable to serve as a common juror in criminal cases and as a special juror in civil cases, under the following qualifications:—Having an annual income from real or personal (or real and personal) estate £50; or clear real or personal (or real and personal) estate, £500; or house in Hobart or Launceston £50, in any other part of the colony, £30;

or municipal rate, £50 ; or road assessment, £30 ; or occupier of land, £80 : or salary, £150. Penalty for non-attendance, a fine not exceeding £20.

Ditto, travelling, for personal expenses, per diem, not exceeding	0	5	0
No allowance will be made to any person for loss of time except to professional men, and labourers, etc., in the receipt of daily wages, whose attendance at Court will cause the loss of wages.			
Coach hire in addition to the above in each case when incurred. Outside or inside fare will be allowed, according to the station in life of the witness.			
Horse hire, per diem, not exceeding...	0	10	0
Forage, per diem, not exceeding	0	6	0
Horse hire is only to be allowed when a public conveyance is not available.			
When any witness is in the receipt of forage allowance, or allowance in lieu of forage from public moneys, a proportionate deduction is to be made from each day's allowance for forage as above.			

The above rates are not to be considered as fixed allowances, but as merely indicating the maximum charges to be admitted ; and no more

will in any case be allowed than has been actually and necessarily expended.

No expenses will be allowed unless applied for to the Judge immediately after the trial, or before the rising of the Court on the day of trial.

No expenses will be allowed for attending before the examining Magistrate unless the magistrate's certificate allowing such expenses is produced to the court at the time the witness applies for his expenses. No expenses will be allowed unless the witness appears in the court immediately upon his name being called.

No expenses will be allowed if any excessive or improper charge is attempted to be made.

LICENSING MEETINGS OF JUSTICES.

Quarterly meetings of justices of the peace for granting public-house and packet licenses and transfers of same are held in all police districts and municipalities on the first Monday in the months of February, May, August and November in every year. The annual licensing meeting is always held on the 1st December. Applications for each must be sent to the local Clerk of Petty Sessions fourteen clear days previously.

Any person desiring to appeal against a decision of any Licensing Meeting must make such appeal to the Court of General Sessions of the district in which the meeting took place, and must also give to the Clerk or Deputy Clerk of the Peace for the district notice in writing of his intention and the grounds of appeal at least *seven clear days* before the time of holding the Court.

COURTS OF GENERAL AND QUARTER SESSIONS OF THE PEACE.

Notice of death should contain date of death, name, age, sex, and profession of deceased, and cause of death. The registry of all entries should be signed by the informant, or they will not be available, if required at any future time, as evidence. All marriages solemnised in the colony since November, 1838, are registered in the Gneral Registry office, Hobart.

IMMIGRATION DEPARTMENT.

Commissioners—The Colonial Secretary (president), the Colonial Treasurer, the Hon. Henry Butler, M.H.A., the Hon. F. M. Innes, M.L.C., and the Hon. P. O. Fysh. Secretary and Immigration Agent, Hobart, B. Travers Solly. Immigration Agent, Launceston, George Smith.

Offices—Public Buildings, Hobart and Launceston.

The following are the regulations for the guidance of persons desirous of introducing immigrants from the United Kingdom under the bounty system :

Application, stating sex and class of immigrants, must be made on printed forms, which will be supplied by the Immigration Agents, the Wardens of Municipalities, or the Police Magistrates.

For a ticket for a single person above 60 years of age £16 must be paid, and in the case of families, if either of the parents is over 60 years of age, the applicant must deposit £20. Documentary evidence of the

age of any immigrant must be produced upon his or her arrrival, if required by the Immigration Agent.

If any immigrant be found on arrival not to answer to the description stated in the application, the applicant will be liable to be called upon for payment of any money which may have been paid from the public funds on account of such immigrant.

The immigrant must sign an engagement (for self and family) agreeing not to leave the colony within four years after arrival without paying one of the Immigration Agents one-fourth of the passage money for every year short of the four years, and a proportionate sum for every part of the year.

Persons introducing immigrants under these regulations must provide for their reception on arrival; or if received into a Government establishment a charge of two shillings a day or part of a day will be made against the introducer.

PAYMENTS REQUIRED FROM APPLICANTS.—Family ticket, including man, wife, and the children under 12 years of age, £15; single man, £10; single woman, £5. Children of 12 years and upwards considered as adults.

LAND ORDERS.—Under the Immigration Acts, 1867 and 1874, immigration agents may be appointed abroad, who shall issue to approved emigrants proceeding to Tasmania at their own expense land order warrants entitling the holders, on arrival in the colony, to a land order in respect of each person named therein. Such land orders to be of the nominal value of £18 for each immigrant of and over fifteen years of age, and to be available to their full value in payment for land purchased under the Waste Lands Act.

Any cabin or intermediate passenger (excepting persons who have been resident for one year or upwards in any Australian Colony or New Zealand) arriving with the intention of settling in the colony, and who has not received a land order under the previous section may at any time within twelve months after his arrival obtain from the Board of Immigration a Certificate entitling him to select 30 acres of land; if married he shall be entitled, within twelve months after the arrival of his family, to further Certificates authorising the selection of 20 acres in respect of his wife, and 10 acres in respect of each child. Selections to be made within a year after the date of the Certificates. These Certificates to be received by the Commissioner of Crown Lands in payment for lands selected for purchase under the Waste Lands Act. Persons purchasing or selecting land by virtue of these Land Orders or Certificates, or some of the members of their families, must reside for five years in Tasmania, counting from the date of such Land Order or Certificate, before becoming entitled to Grants from the Crown of such land; but in the event of death before the expiration of that term, their heirs at law or devisees shall, after five years from the date of the Land Orders or Certificates, be entitled to grants, if, in the opinion of the Commissioner of Crown Lands, permanent improvements to the value of £1 per acre have been made on the land.

The Board of Immigration's agents in England are the Emigrant and Colonist's Aid Corporation, Limited; C. Dugald Buckler, Esq., secretary, 25, Queen Anne's Gate, Westminster, to whom all applications for Land Order Warrants, as well as general information about the colony, should be made.

Arrangements have been made with "The Orient Steam Navigation Company (Limited)," for the conveyance of Bounty Emigrants to Tasmania in their line of steamers, free of all expense to the emigrants from the port of embarkation to Hobart or Launceston, as may be desired. The Orient Company's Agents in London are Messrs. Anderson, Anderson, and Co., Fenchurch Avenue, Fenchurch-street, London, E.C.

MESSAGES.

Messages in cipher are charged double rates.

Messages are forwarded from any of the stations on the main line of road to the surrounding districts at a moderate charge for porterage.

Messages will be transmitted in the order of their reception; no precedence allowed, except for special despatches on Government service, the arrest of criminals, and cases of pressing emergency.

Messages must be written with ink clearly and legibly, bearing the

proper date and address, and the genuine signature of the sender. The full and correct address to be given. Figures not to be used.

Messages will be delivered free of charge within one mile of the office; over that distance cab or omnibus fare will be charged when incurred. When messages are delivered to ships away from the wharf, boat hire will be charged extra.

Prepaid telegrams, on being franked "On Public Service Only" by authorised officers of the Telegraph Department, and having the words "Telegraph Only" printed in red ink on the face of the envelope, are allowed to pass through the Post Office free of postage.

Soldiers' and Sailors' Letters.—Letters not exceeding half an ounce to and from non-commissioned officers, private soldiers, seamen, or marines in Her Majesty's service, one penny.

Registered Letters must bear stamps to the value of sixpence as the registration fee, in addition to the ordinary postage. Unregistered letters containing coin are registered by the postmaster before transmission, the fee being charged upon delivery. The registering office is open from 10 a.m. till 4 p.m., except on English mail days at Hobart Town, when it is closed at 3 p.m.

Late Letters for inland mails are charged a uniform fee of 2d. each. Late ship letters pay 2d. extra at country post offices, and 3d. extra at the Hobart and Launceston offices. This regulation applies also to loose letters sent to and from Victoria or New South Wales in the ship's box or bag, the deficiency in default being charged at the destination of such letters. *Late Newspapers*, 1d. each. On English mail days at Hobart (when the ship reception boxes are closed at 4 p.m. sharp), ship letters and newspapers may be posted at the ordinary late fees until 4·30 p.m.; and after that time letters for the United Kingdom and Victoria only until 6 p.m., at a fee of 1s. each.

Savings Bank or Building Society Packets.—Money or deposit books or documents referring thereto may be forwarded to or from Savings Banks and Building Societies in parcels not exceeding 4oz. in weight at a charge of one penny only for each packet, if bearing the endorsement "Savings Bank (or Building Society, as the case may be) Packet only" and the signature of the sender. Postmasters are bound to register these packets without fee.

Ship and Inland Packets must be in covers open at the ends or sides, and parcels of seed or samples of merchandise in bags or papers tied so as to be easily loosened and refastened. They must bear on the outside a statement of their contents and the name and address of the sender; and must not contain any letter or epistolary communication. Packets exceeding 16 ounces in weight or of inconvenient form or size may be refused; and the transmission of any exceeding eight ounces may be delayed for any time not longer than a week, unless for England. Packets are allowed to contain any of the following articles:—Affidavits, almanacs, books printed or plain, catalogues, conveyances, deeds, engravings, judgments, *bonâ fide* intended for registration according to law, letters of attorney, magazines, maps, music, music paper, notes, cheques, orders, or pass books sent by or to any bank or banker, paintings, pamphlets, patterns, or samples of merchandise, periodical publications, photographs, placards, plans, policies of assurance, prices current, printed circulars, printed papers of every description, proceedings of any court of justice, reviews, seeds, share scrip, specifications, wills, writing paper, writs. NOTE.—Sample or pattern packets must not contain any article having a value apart from its use as such. Any article of dress is not deemed a sample.

All Postages must be prepaid in Tasmanian postage stamps. Inland unstamped letters are sent on, and charged on delivery with double the amount due. Unstamped letters and packages for the United Kingdom, are sent on and charged on delivery with deficient postages and a fine of 6d. Unstamped letters and packages for the Australias, and new Zealand are detained and returned to the senders within seven days, if the postage still remains unpaid. When letters and packets for these countries are posted insufficiently stamped but bearing a single rate of postage, they are forwarded, but are charged on delivery with the deficiency, together with a fine of a single rate. Stamps must be affixed above the address or the letter may be treated as unstamped.

Exemptions from Postage.—Letters and packets to or from members of Parliament during the session. Petitions and addresses to the Governor; demands, remittances (which also are registered free of charge), and receipts on account of rural police rates and road rates; statistical information to the Government Statistician; maps or plans to or from the Surveyor-General; Official letters to or from Inspectors under Scab Act; official returns of births, marriages, and deaths; depositions to or from the Crown Prosecutor; printed forms to or from the Government Printer; in each case the cover being duly endorsed and signed by the sender. Letters on public service only franked by the Governor or by a member of Parliament or Mayor or Warden of a municipality or by an officer of the Government authorized to frank official letters. Prepaid telegrams franked by an officer of the Telegraph Department.

Newspapers must not bear any mark or contain any writing beyond the address, under a penalty not exceeding £10.

Mails for Europe.—Mails are forwarded every two weeks by the overland route *via* Colombo and Suez, and every two weeks by the Orient line of steamers *via* Suez and Plymouth. Mails are also made up and sent every four weeks to Sydney in time to catch the Californian mail steamer.

Intercolonial Mails.—Mails for the neighbouring colonies are made up and forwarded by every steam vessel leaving for Melbourne, Sydney, or New Zealand. Ship mails *via* Launceston and Melbourne (except on English mail days as above) close at Hobart at 5 p.m., and for Victoria only, at 6 p.m. Letters, etc., for New South Wales or South Australia, intended to go overland from Melbourne, must be distinctly marked "Per overland mail *via* Melbourne."

Private Boxes may be secured at an annual charge of 21s.; ship mail notices supplied for a yearly sum of 20s.

TASMANIAN COUNCIL OF EDUCATION.

Board Room, Public Buildings, Macquarie-street, Hobart. Meets on the third Wednesday in every month, at 3 p.m.

Members—Rev. George Clarke (President), Hon. J. W. Agnew, M.D., M.L.C.; Hon. H. Butler, M.H.A.; Hon. T. D. Chapman, M.L.C.; the Venerable Archdeacon Davenport, B.A.; His Honor Mr. Justice Dobson ; Very Rev. W. J. Dunne ; Hon. W. R. Giblin, M.H.A.; James Grant ; Rev. R. D. Poulett-Harris, M.A.; Hon. F. M. Innes, M.L.C.; William Tarleton ; Thomas Stephens, M.A.; Hon. James Whyte, M.E.C.; Russell Young.

Secretary—George Richardson.

The Council of Education is authorised by 22 Vict. No. 21 and 35 Vict. No. 16 to hold examinations in imitation of the Oxford and Cambridge annual local examinations, and to confer annually two Tasmanian scholarships and the degree of Associate of Arts.

Tasmanian Scholarships.—Eight scholarships, each of the value of £200 per annum, and tenable for four years at a British university, are founded ; of which two are annually competed for by male Associates of Arts of above sixteen and under twenty years of age and who have resided in the colony for at least the preceding five years.

A. A. Degree.—This degree is open to persons of any age and of either sex. Candidates above nineteen years of age who take honours are placed in separate class lists, and are not eligible for prizes. Tasmanian law students, who have the degree of A.A., are exempted from a literary examination prior to admission to the bar ; and in England the General Council of Education, and the Royal College of Surgeons accept the degree in lieu of the literary examination required from medical students, provided the Associate has passed in both Latin and Mathematics. Candidates passing in certain subjects, but not qualifying for the degree, are entitled to certificates.

Minor Scholarships for A.A.—Two scholarships of the annual value of £40 each tenable for two years, are awarded to the Senior Associates of the year, who express their intention of studying and competing for the Tasmanian Scholarship.

Dry Scholarship.—A scholarship bearing this name is granted each year to the Senior Associate of the year, provided he declares his intention to proceed with his studies for the Tasmanian Scholarship. In the event of his declining to do so, the scholarship is awarded to the second student on the list of Associates of the year, and so on.

Exhibitions.—Two exhibitions of £20 each, tenable for four years at such schools as shall be named by the parents or guardians, and approved by the Council, are annually bestowed on boys under fourteen years of age, who have not during the previous six months been pupils of a Government school, and who have been resident in the colony for two years immediately preceding the 1st June.

Gilchrist Scholarship.—A scholarship of £100 per annum, tenable for three years either at the University of Edinburgh, or at University College, London, is biennally awarded to the candidate who passes highest at the matriculation examination of the University of London carried on at Hobart. Candidates must either be natives of Tasmania, or have been resident in the colony for five years or over, and

be above 16 and below 22 years of age. The next examination will take place in or about August, 1881, under the supervision of the Council of Education ; the papers being sent home for decision.

Matriculation at the Melbourne University.—Local examinations for matriculation at the Melbourne University are held in the July and October terms, under the superintendence of the Council, the papers being sent to Melbourne for decision. Candidates may also be examined at the February term, upon *payment* of additional *expense.*

BOARD OF EDUCATION.

Board Room, Public Buildings. Meets at 3 p.m. on the 4th Wednesday in each month.

Members—Hon. Henry Butler, M.H.A. (Chairman), James Grant, H. Hunter, Hon. F. M. Innes, M.L.C., W. Tarleton, Hon. James Whyte, and S. P. H. Wright.

Chief Inspector of Schools, Thomas Stephens, M.A., Oxon. Inspector of Schools, James Rule.

Secretary, George Richardson. Clerks, Edward Rowland Roe, Henry Wedge Calder, Frederick Edward Turner, and Frank W. Butler. Architect, Henry Hunter.

The Board of Education is empowered to frame regulations for the distribution of all moneys granted by the Legislature for the purposes of education; to determine the *locale* of public schools; to regulate the course of instruction in the schools, the examination and classification of teachers, the issue of certificates of competency to teachers, the inspection of schools, and the functions and duties of local school boards, and to fix the maximum fees to be charged by teachers. All regulations must be approved of by the Governor-in-Council, and be published in the *Gazette* before they are of any force. The Public Schools Acts 32 Vict. No. 14, and 37 Vict. No. 11, provide for the appointment yearly of local school boards of not more than nine members, and direct that every child between seven and fourteen years of age, resident within two miles from any public school, must be sent to school, unless the parent or guardian holds a certificate of exemption from the local school board. In the absence of such certificate, any parent or guardian refusing or neglecting to send such child to school may be summoned before two justices, who may order the child to be sent, and may determine what charge, if any, shall be made for it. Any person refusing to obey such order, or ceasing after a time to obey it, is liable to a fine of £2.

Number of schools in operation during 1879, 171; number of distinct children on the rolls during the year, 12,652; average number on rolls, 8,526; average daily attendance, 6,203. Total expenditure, £16,562 10s. 11d.; average cost per head of scholars in daily attendance, £2 13s.

4¾d.; average receipts from school fees per head, ditto, 19s. 10d. The average number of free scholars under instruction was 1219·75; amount paid by the Board for their instruction, £473 14s. 3d.

Exhibitions.—The Board awards annually twelve exhibitions to superior schools, of the value of £16 13s. 4d. each—six to boys and six to girls—tenable for four years from 1st July. Candidates must be between ten and twelve years of age, and have attended one of the public schools for at least twelve months prior to 1st June.

Night Schools.—A free grant of books and school requisites is made to night schools, if held in buildings under the control of the Board, and established with its sanction. An average attendance of ten scholars above the age of twelve years is required, and provision is made for the remuneration of the teacher at a weekly rate founded upon the average attendance.

EXCISE.

Under the supervision of the Collector of Customs.

Beer Duty.—Collectors: O. H. Hedberg, jun., Hobart; Jas. Barnard, jun., Launceston.

Under the provisions of Act of Parliament, 43 Vict., No. 10, a duty of threepence per gallon is levied upon all ale, porter, and all other malt liquor or fermented beverage made in imitation of beer or malt liquor, and brewed in whole or in part from any other substance than malt. Duty to be paid by stamps which are to be affixed upon spigot or tap-hole of cask, and the stamp to be cancelled by the brewer writing or imprinting thereon his name or initials and the date when cancelled, and the stamp to be destroyed by persons drawing from casks.

MARINE BOARD, HOBART.

Established by Act of Parliament, December 22, 1857.

The Jurisdiction of the Board extends to all ports, harbours, and islands from Cape Portland round the eastern, southern, and western coasts to 42° south latitude, and one nautical league to the seaward from low water along the whole of that coast line.

Office, Franklin Wharf. Wardens—W. Tarleton (Master Warden), C. M. Maxwell, J. McC. Browne, Peter Facy, and C. Dowdell. The Board meets every Friday at 3 p.m. Secretary, Henry Smith. Harbour Master and Boarding Officer, James Riddel. Wharfinger, H. A. Westbrook. Pilots, G. W. Harrison and T. H. Hervey.

SIGNAL STATIONS.—Battery Point, Richard Shea; Mount Nelson, John Duffy.

LIGHTHOUSES.—*Kent's Group, revolving; superintendent, R. Jackson. *Swan Island, revolving flash; superintendent, Charles Baudinet. *Goose Island, fixed; superintendent, Alfred Rockwell. South Bruné, revolving; superintendent, W. Hawkins. Iron Pot, fixed; superintendent, J. C. Parkinson. Low Head, revolving; superintendent, A. C. Rockwell. *King's Island (Cape Wickham), fixed; superintendent, E. N. Spong. *Currie Harbour, west coast of King's Island, revolving—5 bright flashes every minute; supt., J. E.Howard.

QUARANTINE GROUND.—Between Sandy Bay Point and the eastern side of the river Derwent; Sandy Bay Point bearing north of west. The usual quarantine signals to be exhibited at the main-topmast head.

HEALTH OFFICER.—G. W. Turnley.

WHARFAGE RATES.—See page 125. Porter's license, 5s. Boat license, 6s.

HARBOUR DUES.—One penny per ton inwards and outwards, and for each removal. N.B.—No vessel is charged for more than three removes during her stay in port.

PORT CHARGES.—*Lighthouse Rates.*—For steamers and coasting vessels, 4d. per ton. For other vessels, 6d. per ton.

PILOTAGE.—On sailing vessels, 9d. per ton; on steam vessels, 6d. per ton. No charge for pilotage may exceed £30, or be less than £4; vessels under 50 tons are exempt, unless the master employs a pilot.

The remuneration to pilots detained on board vessels in quarantine or otherwise delayed is 15s. per day in addition to the usual pilotage.

The rate for pilotage is reduced one-half if no pilot offers himself until the vessel reaches a line drawn from the southern point of Half-Moon Bay to Pearson's Point.

The exemption flag is a full-sized red pennant over the allotted distinguishing flag of the vessel.

EXEMPTIONS FROM PORT CHARGES.—In order to encourage the resort to the ports of this island of vessels of all nations engaged in the whale fishery and vessels arriving under the circumstances hereinafter mentioned, all vessels of all nations outfitting for or refitting from the whale fisheries and all vessels arriving and sailing in ballast or which do not break bulk or only to such an extent as may be necessary to provide funds for the repairs, refitting, or refreshment of such vessels, and all

* The expense of these lights is shared between this colony, Victoria, and New South Wales.

vessels belonging to any foreign power with which a treaty of commerce declared by any royal order in council to be subsisting has been made, which arrive at any port for the purpose of landing oil or whalebone the produce of fish caught or taken by the crews of such vessels, and land such oil and whalebone at any wharf appointed by the Board for that special purpose, are exempted from the payment of all port charges, lighthouse dues, and port dues whatsoever, except those of pilotage in cases where the services of pilot have been actually required and received.

A pamphlet containing the "rules and regulations of the port of Hobart contained in the Marine Board Act, 21 Vic. No. 16, and in by-laws passed by the Marine Board, also the Quarantine Act, 5 Vic. No. 14, and the Admiralty regulations respecting lights and fog-signals to prevent collisions," is supplied to all vessels on arrival.

LAUNCESTON MARINE BOARD.

Established by Act of Parliament, December 22, 1857.

Office, Lower George-street, Wharf.

Wardens—Geo. Gilmore (Master Warden), E. L. Ditcham, R. Green, C. H. Smith, and S. Tulloch.

Secretary, G. M. Eddie. Harbour Master, W. N. Ling.

Pilots residing at Low Head.—W. Croucher (in charge), C. Begent, J. J. Bradley.

Lighthouse, Low Head, A. C. Rockwell, Superintendent.

Harbour Master, George Town, R. J. Harris.

Paddle steam-tug, Tamar. Master (and Pilot) G. Smart; Mate (and extra Pilot) Jas. Taylor; Engineer, Joseph Lowes.

Shipping Master, Immigration Agent, and Marine Surveyor, George Dryden.

Inspecting Engineer, Joseph Lowes.

No other steamer than the Tamar tug allowed to tow in the river except licensed (fee £25), under penalty. Cases of emergency exceptional. Steamers may tow coasting vessels under 40 tons, or river boats, on paying a license fee of £2.

The rules and regulations of the port are published by the Board, and are supplied to all vessels visiting the port.

Quarantine Ground.—Western side, Middle Island, in the River Tamar. Day signal, yellow flag, of six breadths of bunting, at maintopmast head; at night, a signal lantern shown from the same position.

Health Officer, George Town, James Richardson.

Boat license, 10s. Porter's licence, 5s.

PILOTAGE RATES.—Sailing vessels, 1s. per ton; steam vessel, 8d. per ton. Vessels that do not have a pilot until they pass Whirlpool Reach either way are charged only half pilotage. Other regulations as at Hobart.

HARBOUR AND LIGHT DUES, same of Hobart. (See page).

TOWAGE RATES.—To or from the Heads, for the first 100 tons, 2s. per ton; for every additional ton up to 300, 1s. 6d.; for every additional ton up to 500, 1s.; for every ton above 500, 6d. Steam will not be got up to tow a vessel down alone for less than £10; or two or more vessels together for less than £12 10s. The pilotage of vessels

towed by the tug will be charged at two-thirds of the rate for sailing vessels. When two vessels are towed together a reduction of one-fifth of the usual charge to the smaller one will be made to each, subject to the above minimum.

SIGNAL FOR STEAM TUG.—The rendezvous or chequered flag, hoisted where best seen. When this signal is made by a vessel entering the port, the tug, if in Launceston, will be telegraphed for on that vessel's account.

FREE PORT.—Vessels seeking freight or putting in from stress of weather, and not breaking bulk, are exempt from all port charges whatever, unless they employ a pilot; in which case, if they anchor below George Town, one-third pilotage only will be charged.

SANDFLY, 1 gun, 120 tons. Re-commissioned at Sydney, July 1, 1880. Lieutenant-Commander, John Stocker.

TO FIND THE TONNAGE OF SHIPS.

Multiply the length of the keel, taken within the vessel, or as much as the ship treads upon the ground, by the length of the midship beam, taken also within, from plank to plank; and that product by half the breadth, taken as the depth. Then divide the product by 94, and the quotient will give the tonnage.

EXPLANATION OF HOBART SIGNALS.

When a sail is in sight from the south, No. 26 is hoisted at mast-head at the Albert Battery.
" " from the east, No. 27, ditto
" " in mid-channel, No. 28, ditto

When it is ascertained what the vessel is, the flag is hauled down from the mast-head, and a ball is hoisted at the yard.

No. 1 on the right, viewed from town, denotes a ship or barque
2 " " " " " a brig
3 on the left " " " a brigantine or schooner
4 " " " " a steamer

When it is discovered whence the vessel sailed, one of the following flags is hoisted in lieu of the ball :—

Union Jack—Ship of war	9 Western Australia	18 N. Coast of Tasmania
1 Government schooner	10 South Australia	19 E. Coast of Tasmania
2 London	11 Victoria	20 T.S.N.Co.'s s.fr.Mel.
3 United States	12 Sydney	21 T.S.N.Co.'s s. from Sydney.
4 South America	13 Newcastle, N.S.W.	
5 California	14 Queensland	22 Whaler (colonial)
6 Mauritius	15 N. Zealand (North I.)	23 Whaler (foreign)
7 India	16 N. Zealand (South I.)	24 Ves. returned to port
8 China	17 Launceston	25 Ves. with Emigrants

When two or more ships, brigs, or schooners are coming in from the same place, a white pennant pierced with red is hoisted under the flag.

When the mail steamer arrives at King George's Sound No. 9 will be hoisted at the mast-head, when off Cape Borda or at South Australia, No. 10 will be hoisted at the mast-head ; when off Cape Otway, or at Melbourne, No. 11 will be hoisted at mast-head ; when off Low Head, or at Launceston, No. 17 will be hoisted at mast-head ; and when the mail arrives at Hobart, No. 15 will be hoisted at mast-head.

A blue pennart at mast-head signifies that the English and intercolonial mails, arrived at Launceston, will be delivered at the window of the Post Office, Hobart the same evening.

When steamer from Melbourne is signalled off Low Head, a red pennant will be hoisted at the yard-arm on the left (as viewed from town) for two hours, and a blue pennant if the steamer is from Sydney.

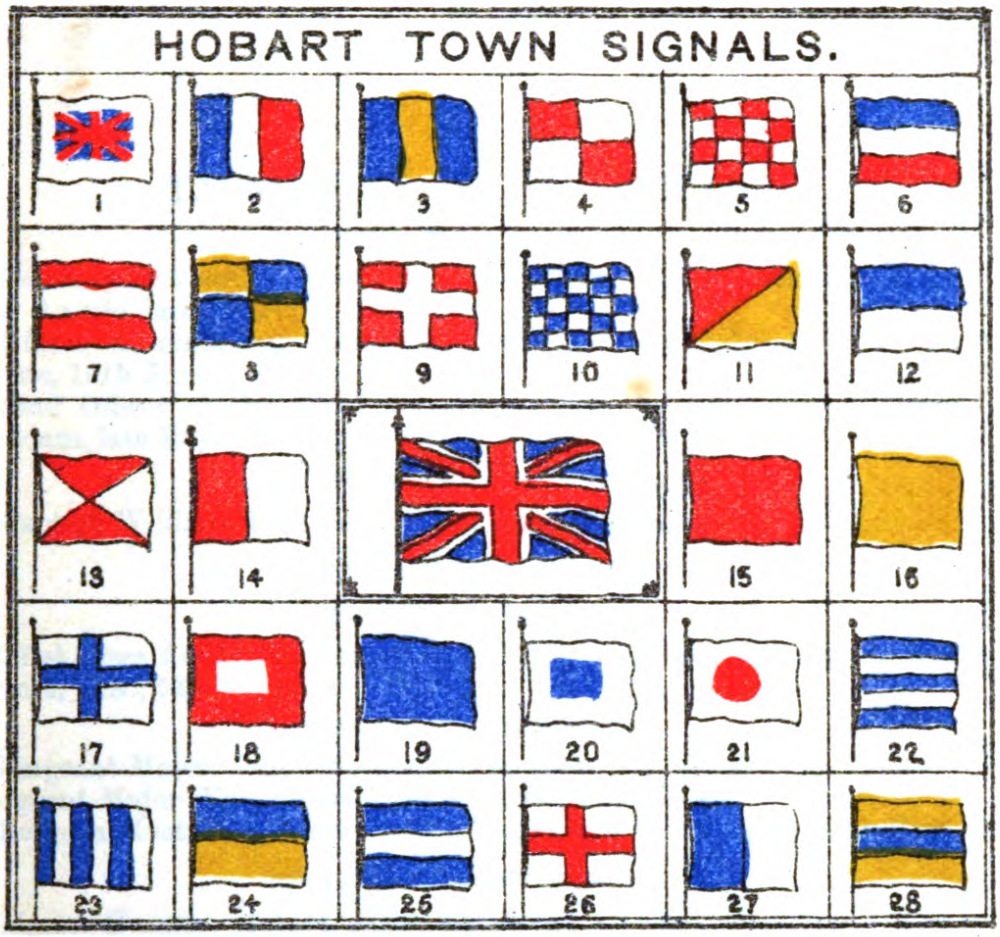

Time Signal.—Black ball drops daily at one o'clock p.m. from the gaff at the Albert Battery staff, a time gun being simultaneously fired from the Queen's Battery.

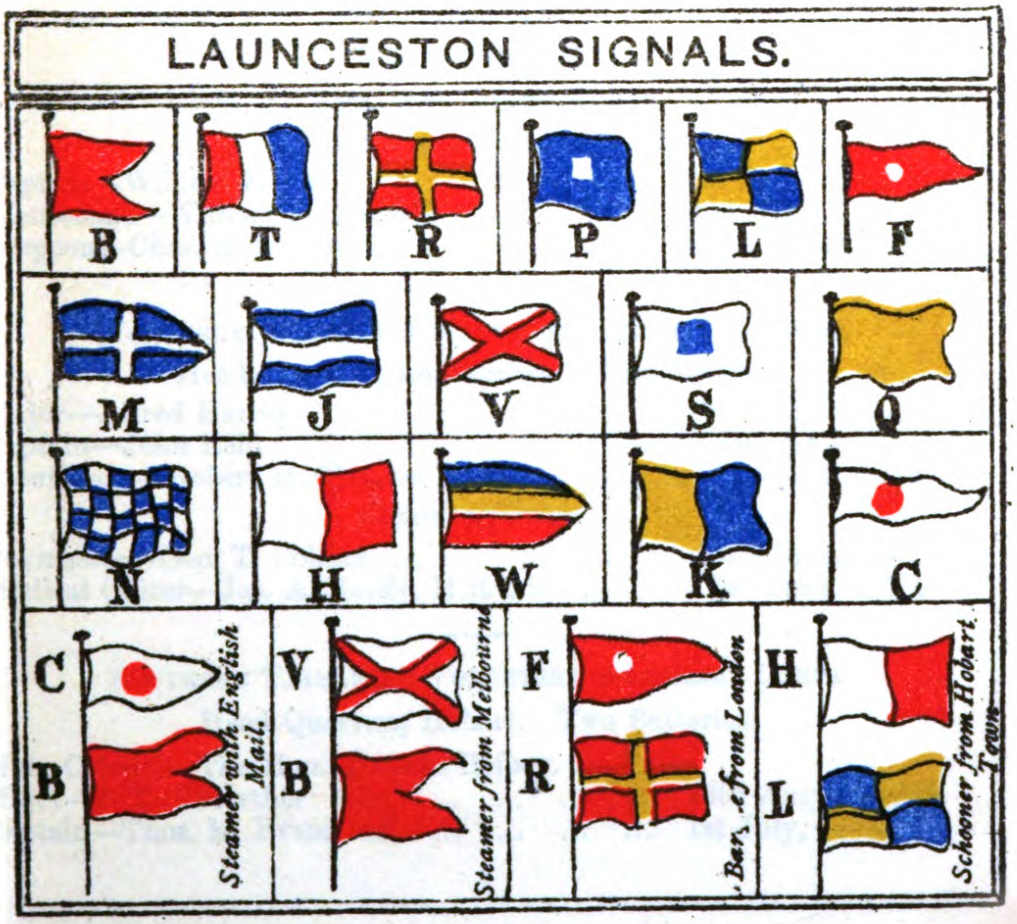

EXPLANATION OF LAUNCESTON SIGNALS.

B Steamer in sight	V From Victoria

P Brig "	N " New Zealand
L Schooner "	H " Hobart
F From England	W " Adelaide or W. Australia
M " Mauritius or Cape	K " California or America
J " India or China	C English Mail at Adelaide

When a vessel is in sight at the Heads, a flag denoting the rig will be hoisted. When the vessel has entered the Heads and it is known what port she comes from, the flag denoting that port will be hoisted above the other. A blue pennant with white ball signals the arrival of a steamer from the N.W. Coast ; and a yellow and blue pennant a steamer from the East Coast.

English Mail *via* Suez.—The arrival of English Mail at King George's Sound, signalled by white pennant with red ball, C ; on arrival off Cape Borda or at Adelaide, C above W ; on arrival off Cape Otway or at Melbourne, C above V ; when signalled off Low Head, C above B ; on arrival at Post Office, a white flag with blue cross, as No. 17 Hobart.

RULES FOR DISTINGUISHING THE SALMON.

The following summary drawn up by the late Mr. Morton Allport from a work by Dr. Günther, of the British Museum, will be of service to many fishermen in enabling them to test the species of any fish that may be captured by them during the salmon season:—To distinguish the salmon (*salmo salar*) from its congeners, trout (*salmo fario*) and salmon trout (*salmo trutta*):—1. Colour alone is no test. 2. The presence of teeth on the vomer (that is, along a line in the middle of the roof of the mouth from the mouth backwards), after the fish had once been to sea, proves that it is no salmon. 3. The absence of such teeth does not always prove that it is a salmon, as undoubted trout from brackish water (especially the females) lose the vomerine teeth with age. 4. The number of scales between the back of the adipose fin (the small fleshy fin on the back nearest to the tail) and the lateral line, counting obliquely forwards, is in the salmon always less than 14; in salmon trout or trout 14, or more than 14. 5. The number of pyloric appendages (long fatty cœca attached to the alimentary canal) in trout ranges from 30 to 45, in salmon trout from 40 to 55; in salmon from 50 to 70.

FORM OF AGREEMENT FOR SHEEP SHEARERS.

We hereby severally agree to shear for Mr. ——— the sheep now depasturing on the ——— station, or such portion as we may be directed to shear, at the rate of ——— shillings per 100 sheep, finding our own rations. We also hereby severally agree to shear the sheep in a proper and workmanlike manner, to the satisfaction of the said———, or whom he may appoint to superintend the said shearing, and to obey all lawful orders relating thereto. We also further agree that, in the event of being discharged through bad shearing, disobedience of orders, or other misconduct, before the said shearing is finished, to receive payment at the rate of ——— shillings per 100 sheep, for all sheep shorn up to the time of such discharge. Rations to be supplied at the following rates :—Sheep, —— each ; flour, —— per bag ; tea, —— per lb.; sugar, —— per lb.

DAYS OF GRACE.

Bills of Exchange or Promissory Notes payable at any time after date have three Days of Grace allowed ; thus, a bill dated Jan. 1, at three months' date, is not due till April 4 ; but no Days of Grace are allowed on Bills drawn at sight, or on demand.

INDICATIONS OF WEATHER.

The most reliable symptoms of *fine weather* are a gradually rising barometer, a grey morning sky, a red sunset, a light blue mid-day sky, and dew at any time.

A steadily falling barometer, a red sunrise, a pale yellow sky, low soft-looking dingy clouds, unusual distinctness of the landscape, much twinkling of the stars, and low flight of birds, indicate *rain.*

Sudden changes of the barometer, a bright yellow sunset, with rosy tints in the East, rapidly driving scud, and a deep blue sky, foretell *wind* and *stormy* weather.

In applying the table, when the exact amount is not given in the top line, select the columns necessary to make up the required sum and add them together. Thus when the bushel is 3s. 2d., add the amount given in the 3s. column to that in the 2d. column; the total is the price per cental.

THE SOLID CONTENTS OF SQUARE TIMBER

Are found by measuring the mean breadth by the mean thickness, and the product again by the length; or multiply the square of what is called the quarter girth in inches by the length in feet, and divide by 144, and you have the contents in feet.

Boughs, the quarter girth of which is less than 6 inches, and parts of the trunk less than 2 feet in circumference are not reckoned as timber.

1½ inch in every foot of quarter girth, or one eighth of the girth is allowed for bark, except of elm. One inch in circumference of the tree, or whole girth, or one-twelfth of the quarter girth is the general fair average allowance.

The quarter girth is half the sum of the breadth and depth in middle.

The nearest approach to truth in the measuring of timber is to multiply the square of one-fifth of the girth, or circumference, by double the length, and the product will be the contents.

HAY AND STRAW.

36 Pounds Straw 1 Truss	60 Pounds New Hay 1 Truss
56 ,, Old Hay 1 ,,	36 Trusses 1 Load

The load of old hay is 18 cwt.; of new, 19 cwt. 32lbs.; and of straw, 11 cwt. 64 lbs.

RULE TO FIND THE WEIGHT OF HAY.—Multiply the length by the breadth of the stack in feet; then take the height to the eaves, and add to it half the height from the eaves to the top of the taper. Multiply the other product by this and divide by 27, the number of cubic feet in a yard. The number of stones supposed to be in every cubic yard of new hay is 6 stones of 22 lbs. avoirdupois each; if the hay has stood some time, 8 stones; if old hay, 9 stones to the cubic yard.

A USEFUL TABLE FOR FARMERS.

To aid farmers in arriving at accuracy in estimating the amount of land in different fields under cultivation, the following table is given :—

Yds. wide.		Yds. long.	Contains	Yds. wide.		Yds. long.	Contains
5	by	968	1 Acre	90	by	726	1 Acre

80	„	60½	„	440	„	99	„

RULE TO FIND WEIGHT OF CATTLE, &c.

Take measurement of the girth where it is the smallest, round the body, close behind the shoulder ; take the length from the front of the shoulder to the insertion of the tail. Multiply the square of the girth in feet and inches, with the length in feet and inches and the product by ·24, ·26, ·28 or ·30, according to the fatness of the animal ; the result will be the weight of the carcase in imperial stones. The weight of the carcase is to the live weight of an animal as 1 to 2, or a little more in cattle ; as about 4 to 7 in fat sheep ; as 2 to 3 in fat pigs. These proportions will vary according to the condition and breed of the animal.

QUANTITIES OF GARDEN SEEDS REQUIRED.

RULE—For any other distance, multiply the distances into each other (as 9 by 9), and with the product divide 43,560 (the number of square feet in an acre), and the quotient is the number of plants ; thus:—35 times 35 are 1,225 ; and 43,560 divided by 1,225, shows 35, exclusive of fractions not sufficient for another.

SUPERFICIAL FEET IN A BOARD OR PLANK

Is known by multiplying the length by the breadth. If the board be tapering, add the breadth of the two ends together, and take half their sum for the mean breadth and multiply the length by this mean breadth.

GRASS AND CLOVER.

The following are the sorts and quantities of grass and clover seeds suitable to most soils, but the quantity of either kind can be increased or reduced, attention being paid to the nature of the soil and subsoil, so as to ensure early growth, with good bottom, nutritive qualities, succession, productiveness, and permanency :—Per acre : 12 lbs.; perennial rye grass, 14 lbs. ; different kinds of fescues, 4 lbs. ; cocksfoot, 2 lbs. ; foxtail, 2lbs. ; rough-stalked meadow grass, 2lbs. ; wood meadow grass, 2 lbs. ; Timothy, 3 lbs. ; sweet vernal, 1 lb.—total, 42 lbs. grass seeds ; with 2 lbs. white clover ; 2 lbs. red clover ; 2 lbs. red perennial or cow grass, 2 lbs alsike ; total, 8 lbs. clover.

*In Leap Year, add one, when the last day of February is included in the calculation.

Example of use of Table.

To find the number of days from 16th August to 27th February :— Find August in the side column and February at the top ; the number at the intersection, viz., 184, is the number of days from 16th August to 16th February ; add 11, the difference between 16 and 27, and the sum 195 is the number required. Similarly, the number from 16th August to 5th February is 184 less 11, or 173.

23rd to 29th day.....	From 1 a.m. till daylight	From 1 a.m. till daylight

In connection with the above Table, it should be remembered that the new moon passes the meridian and rises and sets nearly at the same time as the sun; and as she advances in her orbit eastward about 12½ degrees daily, so she rises and sets about 49 minutes daily later than the sun. At new moon, therefore, she rises and sets with the sun; 7½ days after, when she is 90 degrees in advance of the sun, her time of rising will be about noon; at full moon, when she has advanced 180 degrees, she will rise at about six; and at waning, she will rise in her last quarter at about 12.

WEATHER TABLE.

The following table, constructed by the ingenious Dr. Kirwan, upon philosophical considerations of the attraction of the sun and moon in their several positions respecting the earth, is submitted to notice, under the recommendation of actual observation in this colony, further confirmed by several years' experience in the Northern Hemisphere. It is not pretended to be infallible; but it comes so near the truth that in very few instances indeed will it be found to fail of furnishing the observer with the knowledge of what kind of weather there is the greatest probability of succeeding in any given quarter of the moon.

NEW METHOD OF PRESERVING FRUIT.

For which the Medal of the Royal Horticul. Socy. (Eng.), was awarded.

The Banksian Medal was awarded by the Council to Mr. Lovejoy, butler to J. Thorne, Esq., of Mowbray House, South Lambert, for the following bottled fruits, preserved without sugar or vinegar, namely, damsons, greengages, plums, gooseberries, rhubarb, cherries, black and red currants, raspberries, and mulberries, which cannot fail of interesting the fair and thrifty wives of our readers. The means by which these important desiderata may be accomplished are as follows, in Mr. Lovejoy's own words:—"Pick the fruit from the stalks; put them into the bottles. Put one drachm of alum into four gallons of boiling water; let it stand till it is cold. Then fill the bottles and bung them tight; put them into a copper of cold water, and heat it to 176 degrees. Then tie them over with bladder, and seal them." The raspberries and mulberries preserved in this manner were as plump and transparent as when first gathered. The other fruit was equally fine.

The calculations in this table give the average time when high water may be expected at Launceston, but the tides are so influenced by winds and other causes that the actual times of high-water will sometimes differ from the calculated ones by an hour or two.

High-water at the various sub-ports on the North Coast may be averaged as an hour and a half earlier than at Launceston.

It is high-water new and full moon at Launceston at 1h. 30m. p.m., and at George Town 11h. 45m. a.m. The tide in the Tamar flows nearly six hours and ebbs nearly seven hours, and rises from ten to twelve feet in settled weather.

COUNTRY DISTRICTS

The colony of Tasmania is divided into nineteen rural municipalities and nine police districts. Seven councillors were, in the first instance, elected by the ratepayers of the respective municipalities. Two councillors retire annually on the second Friday in December for two successive years, and every third year three retire; in each case they are eligible for re-election. The councillors elect one of their number as Warden, whose term of office extends over one year. All powers by law vested in Police Magistrates are by Act of Parliament vested in the Warden while holding office, who is an *ex officio* Justice of the Peace for the Territory, while he holds the office of Warden; and the Governor has the power of appointing the councillors to be justices of the peace within their respective municipalities during the term of office. Provision is thus made for the discharge of all legal business which formerly devolved on paid officers of the central Government.

Every male of the age of 21 years, assessed as owning property of the annual value of £5, or occupying property of the annual value of £10, is entitled to a vote in the election of Councillors.

Scale of Votes.—£5 and under £40, in case of owner, 1 vote; £10 and under £40, in case of occupier, 1 vote; £40 to £80, 2 votes; £80 to £120, 3 votes; £120 to £160, 4 votes; £160 to £200; 5 votes; £200 to £240, 6 votes; £240 to £280, 7 votes; £280 to £320, 8 votes; £320 to £360, 9 votes; £360 and upwards, 10 votes.

BEACONSFIELD.

Beaconsfield, the third town in importance in Tasmania, is situated on the west bank of the river Tamar, and two miles from the shipping place, which is at Bowen's Jetty. The distance from Launceston is about twenty-eight miles by road, and thirty miles by water. Distance from George Town ten miles, that is to say, two miles from the town to the jetty, and eight miles by water from the jetty to George Town. The town covers an area of about 400 acres, and is built upon mostly level ground—with a few undulations—and is at the foot of the Cabbage Tree Hill. The town consists of one main street, about one mile in length, with several cross-streets, but the latter are only partially formed. There are upwards of 400 houses and tenements in the town, consisting of hotels, residences, stores, shops, chapels, &c. The population is estimated at some 1300 souls, and is daily increasing. There are in the town four commodious hotels, four private board and lodging houses, six general stores, four butcher shops, two bakeries, two greengrocers, four shoemaker shops, seven smithies, two cab and car proprietors, three places of worship, viz., Church of England, Wesleyan, and Primitive Methodist, and the Presbyterians hold service in the Alfred Hall. There are four private schools, and a school under the Board of Education is to be established immediately. Three commodious buildings are at the command of the public for the purpose of public meetings, entertainments, &c., viz., the Alfred Hall, Crow's Assembly Room, and the Mining Exchange, the latter being for the exclusive use of the mining community. Two Templar Lodges, each with a large roll of members, are established in the town. The Invincible Lodge being under the Charter of the R.W.G. Lodge of America, and the Crystal Spring, under the R.W.G. Lodge of the World. The "sons and daughters of temperance" have also a lodge, with a large roll of members, and there are two Bands of Hope, in which the juveniles are trained in the principles of temperance. In addition to the ordinary educational establishments, there are Sunday-schools attached to the various religious denominations, all of which have a long roll of scholars, and are well attended to. The Bank of Tasmania has a branch at Beaconsfield, and in addition to other business establishments there are two Life Assurance Agencies, the Mutual Life Association of Australasia, and the Colonial Mutual, each having its local agent. Of the various mining companies on the goldfield, only one has its registered office in Beaconsfield, viz., the Gladstone Gold Mining Company, Registered. The police department consists of only two constables. A Sitting of the Police Court, Court of Requests, and Court of Mines, takes place on the Wednesday following the third Tuesday in each month. Bernard Shaw, Esq., is the visiting magistrate, and presides at the three courts, being assisted at the Police Court by James Richardson, Esq., the stipendiary magistrate from George Town. The Registrar of the Court of Requests resides in the town, and has his office in Weld-street. The Government have not yet erected a Court-house, and all judicial proceedings are conducted in the large hall of the Mining Exchange. There are four mails to and from Beaconsfield per week, two by water and two by road. To Launceston on Mondays, Tuesdays, Wednesdays, and Fridays, and from Launceston on Mondays, Tuesdays, Thursdays, and Saturdays. The

Mails close at Beaconsfield at 8·30 a.m., and leave at 9 a.m. In conjunction with the Post Office, there is a Money Order Office, which is open daily from 10 a.m. until 4 p.m. The erection of an Electric Telegraph is about being commenced, and in less than two months it is expected the office will be opened for business. Travelling accommodation—Steamers ply daily between Bowen's Jetty and Launceston. Fares, 5s. each. Parcels, 1s. Freight, from 5s. to 10s. per ton. Comfortable cars and wagonettes ply between Beaconsfield and the Jetty. Fares, 1s. each way.

THE GOLDFIELD.

The goldfield covers an area of about 600 acres, exclusive of the Blue Tier portion. About 400 miners are employed, the Tasmania Co. alone employing some 150 hands. Eight quartz claims are in work and eight alluvial. The quartz claims give employment to one battery of fifty head of stampers, and the alluvial claims to six batteries of fifty-eight stampers in the aggregate. In all, there, are eight batteries on the field, with a total of 108 head of stamps. Seven are driven by steam power, and one by water. Several of the claims have suspended work from various reasons, but many will resume work early. The Blue Tier portion of the field is five miles from the town. Four quartz claims are in full work, and one alluvial. Many claims have been taken up, but no work is yet done. A small township has sprung up, consisting of a store, butcher's shop, &c., and ten or a dozen residences.

Remarks.—This municipality is almost entirely an agricultural district, and comprises a large area of the best land in the colony. The system of farming has of late years vastly improved, and the sheep and cattle kept are of superior quality. The district is celebrated for its long-woolled sheep. Game, in the shape of hare, quail, snipe, with deer and kangaroo, is tolerably plentiful. The Meander River, which flows through the district, affords good trout fishing; and the sportsman will find comfortable quarters at any of the hotels in the district.

No. OF ACCOUNTS NOW OPEN, 5867.

This Bank is open daily for Receipts and Repayment of Deposits from 10 to 3 o'clock, excepting on Saturdays, when it is closed at 1 o'clock, and is opened again at seven in the evening, for RECEIPT OF DEPOSITS only.

SUMS AS SMALL AS ONE SHILLING RECEIVED.

On the two last days of February and August in each year the Bank is closed for Balancing the Books, and Addition of Interest.

Particular attention is requested to the following Mode of Remittance by Persons in the Country:

The Act of Parliament 26 Victoria No. 16, entitled "An Act to Facilitate the Deposit of Money in Savings Banks, by Transmission through the Post," provides that packets containing money, deposit book, and any communication relating solely to the deposit or the repayment of money in any Savings Banks, may be registered and sent for ONE PENNY; provided that each packet weighs no more than four ounces. Each such packet must, however, have the words "Savings Bank Packet only," written outside; and underneath these words, the name of the person sending the same.

☞ Clergymen, employers of labour, and others interested in the promotion of frugal habits in the community, may promote the welfare of the working classes by making known to country residents the facilities thus afforded.

LAUNCESTON EQUITABLE BUILDING SOCIETY

[ESTABLISHED JANUARY, 1870].

INCORPORATED UNDER "THE BUILDING SOCIETIES' ACT, 1876."

Shares, £50 each. Entrance Fee, 2s. 6d. per share. Monthly subscriptions, 3s., 5s. 6d., 9s., and 13s. 8d., on shares to realise in 15, 10, 7, and 5 years respectively, payable during office hours, or between the hours of 7 and 9 p.m. on the second Wednesday in each month.

THIS Society was formed to combine the advantages of the Terminating and Permanent Societies.

Borrowers' liability limited to amount, and for the term they have contracted to pay. Borrowers for the term of five years and upwards participate in Surplus Profits.

Surplus Profits are the profits in excess of the amount necessary to realise £50 per share in the periods specified; they are applied in bonuses to members and formation of Reserve Fund. On 1st January last, aggregate bonuses declared amounted to £3873, and Reserve Fund, £1275.

Loans advanced from 1 to 15 years. Monthly repayments per £100 —if for 3 years, £3 4s.; 5 years, £2 1s. 4d.; 7 years, £1 12s.; 10 years, £1 4s. 6d.; 12 years, £1 2s. 4d.; 14 years, £1 0s. 6d.: 15 years, 19s. 6d. Quarterly repayments are three times the above. Special arrangements made with Country Members for *half-yearly or yearly repayments.*

Paid-up Shares are issued from 5 to 21 years. By a present payment, a Share is issued which secures to the member or his legal representatives £50, with bonus additions, at expiration of time for which taken. Thus a five-years' Share can be obtained for £36 10s.; an eleven-years' one for £25; and a twenty-one years' one for £13 6s. 6d.; and for the intermediate years in proportion. Endowments for Children can, by means of those Shares, be provided at less cost than through any Insurance office, and in case the shares are withdrawn before the expiration of the period for which taken, the purchase money is returned with compound Interest for the time expired, at the rate of 5 per cent. per annum to end of third year, and 6 per cent for each subsequent year.

Deposits received, and interest paid thereon half-yearly. If repayable at three months' notice, 5 per cent, per annum; one month's notice, 4 per cent. per annum.

The amount now on loan is £86507; the number of members 821; number of shares held by them, 3342; and the annual income, £20,731.

Persons who borrow from this Society for any period from five years and upwards will, by reason of the bonus addition, pay a lower rate of interest than the money could elsewhere procured for, besides having the advantage of repaying loan by periodical instalments.

The Society's Office adjoins the Savings Bank in Patterson-street, and is open daily from 9·30 to 4. There all further information required can be obtained on personal, or by written application to

THIS College has been established with the object of promoting General Education, and also for the special training of Divinity Students.

Students will not be admitted under 16 years of age, except as the holders of Scholarships. Candidates for Scholarships must not be under 15 or over 17 years on the last day of the December immediately following their examination.

Entrance Examinations will be held early in March and September of each year, and at the September Examination such Scholarships will be awarded as are available for competition.

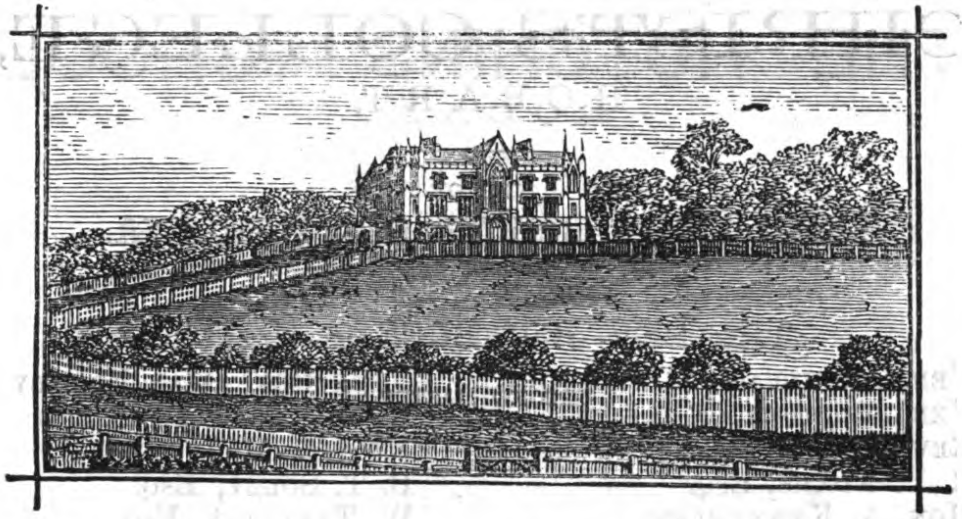

The course will include English Language and Literature, History, Geography, the Latin, Greek, and French Languages, and Mathematics. Classes will be formed for instruction in other subjects as soon as circumstances allow.

Special arrangements have been made for the admission and training of Divinity Students, who will not be received as such before the age of 20.

Fees for the ordinary course £24 per annum, payable half-yearly in advance. An extra fee will be charged for German, Music, and Drawing.

Arrangements have been made for the reception of a limited number of Boarders.

Further information will be supplied on application to the Warden, No. 138, MACQUARIE-STREET.

May be consulted at his residence

ST. JOHN STREET, LAUNCESTON,

Daily, between the hours of 10 a.m., and 4 p.m.; and in the evenings between 7.30 and 8.30. Patients visited at their Private Residences between the hours of 9 and 10 a.m. and 4 and 5 p.m.

It is MR. HALL'S intention to visit the important townships of the Western and Midland Districts regularly. These country visits have been arranged more especially to allow parents the opportunity of having their children's teeth regulated and periodically attended to. Due notice of each visit will be given in the daily papers, and by private circular.

MR. HALL has introduced into his practice the use of the very Popular Base, named

CELLULOID,

Which is so extensively and successfully used in England and America.

CHOLERA, DYSENTERY, DIARRHŒA, FEVER, AGUE, &c.

FREEMAN'S CHLORODYNE, THE ORIGINAL AND ONLY TRUE.

It is allowed to be the greatest discovery of the present century, and is largely employed by the most eminent Medical Men in hospital and private practice in all parts of the globe.

It is the best remedy known for COUGHS, COLDS, CONSUMPTION, BRONCHITIS, and ASTHMA.
It effectually checks those too-often fatal diseases—FEVER, AGUE, CROUP, WHOOPING COUGH.
It acts like a charm in DIARRHŒA, and is the only specific in CHOLERA and DYSENTERY.
It effectually cuts short all attacks of EPILEPSY, HYSTERIA, PALPITATION, CONVULSIONS and SPASMS.
It is the only palliative in NEURALGIA, RHEUMATISM, GOUT, TIC DOLOREUX, CANCER, TOOTHACHE, and all NERVE PAIN.
It rapidly relieves pain from whatever cause; allays the irritation of fever; soothes and strengthens the system under exhausting diseases; and produces quiet and refreshing sleep.

IMPORTANT CAUTION.—Four Chancery Suits terminated in favour of FREEMAN'S ORIGINAL CHLORODYNE, and against J. Collis Browne and J. T. Davenport. Lord Chancellor Selbourne, Lord Justice James, and Lord Justice Mellish condemned their proceedings, and ordered them to pay all costs of the suits.—Reported in the *Times* and other newspapers, April 29th and July 24th, 1873.

HEAD QUARTERS STAFF, Cabul, May 31st, 1880.—Mr. R. FREEMAN. Dear Sir,—It is with much pleasure that I am able to state that your CHLORODYNE has been of special service to me in alleviating the wearisome spasms of Asthma, which is here existent in an aggravated form; many of my patients now come and beg me to give them that medicine which always relieves them, and which I need hardly say is your Chlorodyne.—Yours faithfully, CHARLES W. OWEN, L.R.C.P., Lon., M.R.C.S., Eng., The Divisional Head Quarter Staff and Civil Surgeon, Cabul.

The *Times*, August 13, 1877.—From our own Correspondent with the Russian Army. Okoum, July 15th, 1877.—The want of sanitary arrangements in the Russian Camp was dreadful, and had we remained there a few weeks longer, dysentery and typhoid fever would have played more havoc in our ranks than the bombs of the Turks. I myself acquired an unenviable reputation as a doctor, owing to my being provided with a small bottle of CHLORODYNE, with which I effected miraculous cures.

None genuine without the words, "FREEMAN'S ORIGINAL CHLORODYNE," engraved on the Government Stamp.

Testimonials from most eminent medical men accompany each bottle.

Manufactured by the sole Inventor, RICHARD FREEMAN, Pharmacist, 70, Kennington Park Road, London, S.E. Sold by all Patent Medicine Dealers, in Bottles, 1s. 1½d.—2oz., 2s. 9d.—4oz., 4s. 6d.—½-pints, 11s.—and pints, 20s. each.
