DARTFORD.

T. P. returns his respectful thanks for the various favours he has received during many years; and he takes this opportunity of stating that he does not undertake to manufacture clothes for less money than any other tradesman; but he makes every article of good quality and workmanship — charging the smallest remunerative profits for ready money.

The cheapness of an article of clothing depends, to a great extent, upon its durability; and good articles can always be had at a respectable house quite as reasonable as at a puffing advertising one, and without lowering the moral or physical energies of workmen, by paying them starvation prices.

The goods manufactured at the above house are as low in price as the best articles can be purchased at; the fashion the newest, and the workmen experienced. The steady progressive advancement in his trade is the best proof that this system of conducting it has been appreciated.

TO AGRICULTURISTS & OTHERS.

T. POTTINGER manufactures every description of Clothing adapted for out-door pursuits. Farmers, Cricketers, Yachtsmen, Anglers, &c., supplied with good articles of the best material and soundest make.

Some of the Leading Magistrates of the City of London have at various times publicly recognised, in their official capacities, the valuable assistance rendered by STUBBS' MERCANTILE OFFICES to the trading community.

Mr. ALDERMAN HALE stated, with reference to a case brought before him at GUILDHALL, that "if foreigners would only enquire at Stubbs', before taking bills payable in London in payment for goods, they would never sustain such heavy losses as had unfortunately fallen on the party then before him." He further observed that "in taking this matter in hand, and investigating it with the view of exposing the system through the assistance of the press, Stubbs' Society was doing a vast amount of service to the commercial world, and conferring great public benefit on the community at large." Mr. ALDERMAN MECHI, in another case remarked, "that he was sure the commercial public would feel very much indebted to Stubbs' Agency for disclosing these fraudulent practices. He was sure that much good would result from the disclosures;" and SIR R. W. CARDEN, under similar circumstances, observed that "the circular you mention (Stubbs' Gazette) is an excellent one, and greatly calculated to put a stop to such nefarious proceedings; and I am sure we must all be much obliged to Stubbs' Mercantile Agency for the thorough exposition they have made of this business.

New System of Treating and Fixing Artificial Teeth,

BY

FREDERICK A. ESKELL,

SURGEON DENTIST,

25, *HANOVER SQUARE, LONDON, W.*

THE ADAMANTINE.—As a base for artificial teeth and gums, the Vulcanised is superior in every respect to bone, and, in many cases even to gold. The bases are fixed without wires or springs of any kind, do not require the removal of stumps or give pain in the slightest degree, and most wonderfully increase the power of mastication and articulation. The Vulcanite Bases are quite impervious to the acids of the mouth, and consequently last a life-time.

These new improvements only require to be seen, in order to insure them that admiration so freely bestowed, whilst the wearer is daily more convinced that the manner of fixing them is superior to all other methods in use. This improved work of art ensures perfect comfort to the patient, and at the same time imparts to the countenance a youthful appearance till now deemed unattainable.

In consequence of the grand improvements in Dentistry, Mr. E. has been enabled to lower his prices to the following scale :—

A Set of Teeth from £5. A Single Tooth from 5s.

Attendance every other Friday from 10 *till* 4 *o'clock, as follows :—*

AMSTERDAM EXHIBITION, 1869. THE GRAND DIPLOMA OF HONOUR.
BEING THE FIRST PRIZE, AND SUPERIOR TO THE GOLD MEDAL.

LIEBIG COMPANY'S Extract of Meat,

Manufactured by Liebig's Extract of Meat Company,
(LIMITED),
43, MARK LANE, LONDON,
AT THEIR MANUFACTORIES IN SOUTH AMERICA.

THREE GOLD MEDALS FOR BEST QUALITY, and as Founders of a New Branch of Industry. PARIS and HAVRE EXHIBITIONS.

This Extract is supplied to the British, French, Prussian, Russian, Dutch, Italian, and other Governments, in preference to all other Extracts.

ANALYSED AND CERTIFIED GENUINE BY BARON LIEBIG.

One pound of this Extract contains the soluble parts of 34lbs. of *fine beef*, free from fat and gelatine, corresponding with about 45lbs. of English butcher's meat, inclusive of the usual quantity of fat and bones.

It is not only used for medical, but much more extensively for household purposes, and is the cheapest and finest flavoured stock for soups, entrees, sauces, &c. At the present retail price of 11s. per lb. Extract, a pint of delicious beef tea costs about 2½d., whilst made from fresh meat it would cost about one shilling.

CAUTION.

This is THE ORIGINAL EXTRACT, manufactured under Baron LIEBIG, the Inventor's control and guarantee; every GENUINE Jar bears HIS SIGNATURE, thus, and THAT of his DELEGATE, Professor MAX VON PETTENKOFER.

J. Liebig M. v. Pettenkofer
DELEGATE.

The name of "Liebig's Extract of Meat" being applied, contrary to BARON LIEBIG'S *expressed will, and without his guarantee of genuineness, to all sorts of Extract of Meat, the Public are cautioned not to allow the substitution of any other sort for this Company's Genuine Article, which should distinctly be asked for by the name of*

LIEBIG COMPANY'S EXTRACT,

and require BARON LIEBIG'S SIGNATURE upon every Jar.

THOMAS POTTINGER,

TAILOR & BREECHES MAKER,

No. 9, EASTCHEAP, LONDON,

17, HARMER ST., GRAVESEND,

AND

DARTFORD.

T. P. returns his respectful thanks for the various favours he has received during many years; and he takes this opportunity of stating that he does not undertake to manufacture clothes for less money than any other tradesman; but he makes every article of good quality and workmanship—charging the smallest remunerative profits for ready money.

The cheapness of an article of clothing depends, to a great extent, upon its durability; and good articles can always be had at a respectable house quite as reasonable as at a puffing advertising one, and without lowering the moral or physical energies of workmen, by paying them starvation prices.

The goods manufactured at the above house are as low in price as the best articles can be purchased at; the fashion the newest, and the workmen experienced. The steady progressive advancement in his trade is the best proof that this system of conducting it has been appreciated.

TO AGRICULTURISTS & OTHERS.

T. POTTINGER manufactures every description of Clothing adapted for out-door pursuits. Farmers, Cricketers, Yachtsmen, Anglers, &c., supplied with good articles of the best material and soundest make.

THOMAS POTTINGER,

TAILOR & BREECHES MAKER,

No. 9, *EASTCHEAP*, *LONDON*,

17, HARMER ST., GRAVESEND,

AND

DARTFORD.

T. P. returns his respectful thanks for the various favours he has received during many years; and he takes this opportunity of stating that he does not undertake to manufacture clothes for less money than any other tradesman; but he makes every article of good quality and workmanship—charging the smallest remunerative profits for ready money.

The cheapness of an article of clothing depends, to a great extent, upon its durability; and good articles can always be had at a respectable house quite as reasonable as at a puffing advertising one, and without lowering the moral or physical energies of workmen, by paying them starvation prices.

The goods manufactured at the above house are as low in price as the best articles can be purchased at; the fashion the newest, and the workmen experienced. The steady progressive advancement in his trade is the best proof that this system of conducting it has been appreciated.

TO AGRICULTURALISTS & OTHERS.

T. POTTINGER manufactures every description of Clothing adapted for out-door pursuits. Farmers, Cricketers, Yachtsmen, Anglers, &c., supplied with good articles of the best material and soundest make.
