REGISTRATION OF BIRTHS, MARRIAGES, AND DEATHS.

Of Births.—An infant should be registered within forty-two days after its birth, by a parent, or some other person duly authorised, giving personal notice to the Registrar of their district. No fee is payable.

Of Marriages.—Notice of marriage in any of the Dissenting Chapels or at the Register Office, should be given to the Superintendent Registrar, of whom licenses for marriage may be obtained.

Of Deaths.—Information of a death should (as soon after its occurrence as practicable) be given to the Registrar of the sub district in which the death took place, by some person present thereat or in attendance; such person at the same time producing a certificate of the cause of death, signed by the medical attendant of deceased. No fee is payable. Notice should be given of deaths in the same manner as births. This should be done early, as the undertaker must have a certificate to

give to the minister who reads the funeral service, without which he may refuse to bury the body. As the *cause* of death is to be entered, care and discretion should be exercised in ascertaining the real nature of the deceased's death.

Hon. Secretaries—THOS. WARNER, esq. and
T. B. CHAMBERLIN, esq.

To effect this object, Missionaries of approved character and qualifications, giving themselves entirely to the work, are employed and paid by the Institution. Their duty is to visit from house to house within their respective districts, read the Scriptures, engage in religious conversation, and urge those who are living in the neglect of religion to observe the Lord's Day and to attend public worship. They make it their business to see that all persons possess the Scriptures, to distribute religious tracts, aid in obtaining Scriptural education for the children of the poor, hold meetings for reading and expounding the Scriptures, and prayer, and adopt such other means as the Committee may think necessary for the accomplishment of the object of the Mission.

Its object is to provide the benefit of increased house-to-house visitation in the poorer and more neglected streets, by bringing

home to the inhabitants of the most destitute portions of the town the pure message of the Gospel of Christ. The hands of an over-worked Clergy will thus be strengthened, and their ministrations extended; cases of bodily as well as spiritual destitution will be brought to light; the small contributions of our poorer congregations will be turned to advantage by directing them into a general fund. God's abundant grace and mercy in Christ Jesus, so freely offered to the weary and heavy laden, will be more widely proclaimed.

Subscriptions received at the Union Bank, by either of the Hon. Secretaries, or by the Collector, Mrs. Stapleton, 10 Temple Street, from all of whom the Annual Report may be obtained.

This College provides a sound liberal and religious education, so modified as to meet the demands for practical knowledge of the present age.

It recognises the general principle that the *basis* for a good Education must be the same, whether to prepare for the Universities, for the Learned or Military Professions, or for the higher class of Mercantile or Manufacturing Employments. At the same time it also affords a special training for particular pursuits.

The principle adopted in the discipline is to give such liberty as may form manliness of character and habits of self-control, without exposing boys prematurely or unnecessarily to evil.

In addition to the healthiness of its situation, the College affords to boys of delicate health an opportunity of pursuing a more practical and varied course of Instruction than that pursued by the rest of the Students.

The College is divided into two Departments—the Senior and the Junior. The pupils in the Senior Department are required

to wear an academical dress. Students are admitted into the two Departments after nine and fifteen years of age respectively.

A Preparatory Class is also open for boys without limitation as to age.

Occasional Students are admitted to Classes in all the branches of study.

The control of the Instruction and Discipline rests entirely with the Principal.

Course of Instruction.

The ordinary course comprises Religious Instruction, Classics, Mathematics, English, French (or German), History, Geography, Arithmetic and Writing.

The Religious Instruction is conducted either by the Principal himself or under his direction. The Ordinances of the Church are administered in the College Chapel.

The Classical Studies are under the special charge of the Classical Lecturer. Extra Instruction is given by him to such Students as require special preparation for either Oxford or Cambridge.

Those Students who are not going to the Universities, may be exempted at the request of their parents from learning Greek, and from such Latin compositions as in the judgment of the Principal appear unnecessary. The time so gained will be devoted to additional instruction in Mathematics and Arithmetic, to Modern Languages, English Reading and Composition, or other subjects suited to their future professions, under the immediate superintendence of the Vice-Principal. These Students can learn both French and German at the same time without any additional charge.

The Students are divided into Mathematical Classes not necessarily coinciding with the Classical. Students therefore may have the same advantages as regards Mathematical Instruction, whatever their position in Classics may be.

Arithmetic is taught throughout the College, so that all the Students may require readiness and accuracy in its operations, and a thorough knowledge of its principles.

Twelve Experimental Lectures in Chemistry and other branches of Science are given every half-year to those Students for whom it is desired.

Complete Practical Instruction in Chemistry and Chemical Manipulation, on the system followed in the Royal College of Chemistry, may be obtained on payment of the fee specified below. It is intended that three Half-yearly Courses should comprehend all the Practical and Theoretical Instruction in this Science necessary for those who will not require it for their future professions.

Students are prepared for the Military Academies and the Army by a course of study approved by Military Authority, and suited to the Military Examinations.

Every Student not especially exempted, is required to learn either French or German.

The Course of instruction in the Preparatory Class includes all the Elements of a good English Education, French, and the Latin Grammar.

All the Boys in the lower forms are taught Choral Singing at a charge of five shillings for the half year.

Discipline.

All the Students who Board in connection with the College are under the charge of the Principal, and are subject to regulations as to bounds, &c., according to their standing in the College. No Student is allowed to be out after dusk, or to go into the town at any time, except when visiting his friends, or by the special leave of the Principal.

The Principal can only be responsible for Day Scholars during that part of the day when they attend the College; but he will make such arrangements with their parents, if they should request it, as may best secure regularity and good conduct in passing to and from the College.

A Monthly Report is sent of the conduct and diligence of each Student. At the end of the half year a full Report is also given of his progress in all his studies.

Hours of Study, Vacations &c.

The Hours of Study in this College are from 9 to 12, and 2 to 5: except in November and December, when the Students leave the College at 4. Half Holidays on Wednesdays and Saturdays.

It is the duty of every Day Scholar to take home with him a paper specifying his evening's work.

The Holidays are seven weeks at Midsummer and five at Christmas; at Easter, from the Thursday before to the Saturday after Easter Day; but Boys from a distance are allowed to remain during this Vacation.

But no one will be appointed who is not, in the judgment of the Examiners, deserving of the distinction.

A Library of reference is being gradually formed, chiefly by gifts from friends of the Institution.

*** Further information on all subjects connected with the College may be obtained on application to the Principal or to the Secretary.

ST. MARY'S HALL, KEMP TOWN.

AN INSTITUTION FOR EDUCATING THE DAUGHTERS OF POOR CLERGYMEN.

Secretary and Treasurer—Rev. H. V. ELLIOTT.

The children of all poor Clergymen of the Established Church in the United Kingdom, or serving abroad, are eligible, with or

without a nomination; the income of the clergyman, the subscription of the person recommending, and the destination of the child to be a governess, being always the points chiefly regarded. Orphans, *cæteris paribus*, are preferred.

Each child pays £21 per annum, which sum includes washing and the more expensive part of the dress after the first year, and medicine if requisite. She is also taught the usual branches of English and French education: the latter by French ladies resident in the Institution. Music is an extra of £5 per annum; Drawing, £4; German, £4; and Latin, £4. Exercises for deportment, are included in the £21; but the Trustees reserve to themselves the decision whether, after due trial, there is a prospect of success sufficient to justify the prosecution of any of these accomplishments. Nor can any alteration be made in the system of education to suit any particular parent's wishes. The external dress is uniform, towards which £3 is paid on admission; but it is afterwards provided without charge. Washing is included in the £21.

The age for admission must be between eight and fourteen, and the children must be able to read and spell with ease.

Donors and Annual Subscribers, in company, if they please, with their friends, are entitled to see the Institution on the first Monday in every month, between 2 and 4 o'clock.

Subscriptions received at the Union Bank, and by the Treasurer.

The funds of the Institution are derived from the Donations and Subscriptions of the Honorary Members, and the payments of the Members.

Members consist of the labouring classes, whether male or female, and their children, not receiving parish relief, and others who are unable to pay for medical advice in the usual manner.

Every Member above twelve years of age must pay One Penny, and under that age One Halfpenny a week, excepting in a family consisting of more than two children, when One Penny a week shall be considered sufficient for the whole number under twelve years of age. During a series of years this Institution has been silently and unostentatiously effecting a large amount of real good. The poor of this Town and of the adjacent Counties have been recipients of its benefits to an extent which can scarcely be credited. The Town of Brighton and County of Sussex have appreciated its general usefulness, and lent their willing aid in carrying out its benevolent design.

The object of the Institution is to afford Medicine, Leeches, and Advice gratuitously to the indigent poor labouring under diseases of the eye, upon the recommendation of a Governor or Subscriber. Those who are too ill to attend at the Infirmary, and are unwilling or unable to come into the house, are visited at their own homes by one of the Medical Officers. In order the better to ensure this accommodation to the patients, the town has been divided into two districts, each one under the care of one of the Surgeons.

All Subscribers have the privilege of recommending patients in proportion to their respective Subscriptions or Donations.

The Infirmary is open for the reception of patients every morning (Sunday excepted) at 11 o'clock.

No patients received into the house without a letter of recommendation from a Governor or Subscriber, except from Acci-

dents, which are admitted at all hours, subject, however, to regulations.

Donations and Subscriptions received at the Brighton Banks, and by the Hon. Secretary.

It is an acknowledged fact, that by far the greater part of the debility, disease, and premature mortality in this country, is the result of preventible causes; but it is an equally evident fact that very few preventive measures bearing upon the personal habits of the people have yet been adopted.

The promoters of this Association believe that, in a majority of cases, the principal cause of a low physical condition is ignorance of the laws of health; and they have therefore combined to propagate this important branch of knowledge.

Subscriptions, Donations, Books for the Library, &c., will be gratefully received by Mrs. NOURSE; the Ladies of the Committee; and at the Union Bank.

THE WATER BABIES: a Fairy Tale for a Land Baby. By the Rev. CHARLES KINGSLEY, M.A., Rector of Eversley, Chaplain in Ordinary to the Queen, and Professor of Modern History in the University of Cambridge.

'We do not remember that any one had before ventured on telling the history of a Water Baby. Mr. Kingsley must have the credit of having revealed to us a new order of life. Neither Undine nor Lurline, nor the Siren which tempted Goethe's fisherman, nor the strange beings in the Eastern tale, who walked about at the bottom of the sea, and built palaces there, and dwelt in them, are of the same kin as Tom and Ellie. Tom and Ellie must rank by themselves.'—TIMES.

CLARA VAUGHAN: a Novel. 3 vols. crown 8vo. cl. 31s. 6d.

JANET'S HOME: a Novel. New Edition, crown 8vo. 6s.

'.... Never did a more charming family appear on the canvas; and most skilfully and felicitously have their characters been portrayed. Each individual of the fireside is a finished portrait, distinct and lifelike. Janet Scott, the eldest daughter, is the narrator of the history, and very simply, and very naturally, and very delightfully has she fulfilled her task.'—SUN.

By the Author of 'Tom Brown's School Days.'

TOM BROWN AT OXFORD. New Edition, crown 8vo. 6s.

'A book that will live. In no other work that we can call to mind are the finer qualities of the English gentleman more happily portrayed.'

THE TEA MARKET.

THE ROYAL EXCHANGE and THE STOCK EXCHANGE may possess their own peculiar features of greatness, and may offer their own proofs of our commercial importance; yet if we take but a limited view of the Tea Market, we shall conclude our reflections in wonder at the thought that a little foreign shrub leaf should enkindle such a spirit of enterprise and cause so great a degree of commercial excitement.

It is astonishing to think that a small dried particle of Chinese vegetation should create Government Treaties, and cause wealthy merchants and companies to stipulate with each other as they do.

The TEA MARKET is one of the principal links which connect us amicably with China, and is a grand source of the revenue which is necessary to the maintenance of a Civil Government.

It is the pride and satisfaction of STEVENSON and COMPANY to be connected with such a branch of our national commerce, and to know that in their transactions with the Tea Market they have ever endeavoured to couple the interest of the Public with their own.

Their purchases have been guided by a regard for quality, and by a determination to adhere strictly to that essential principle in business. CHARLES STEVENSON and COMPANY can refer to the quality of their Teas in confirmation of the recommendations which they thus urge with reference to their transactions with the markets.

It is evident to the Public that where any unfavourable fluctuation has taken place in the market, CHARLES STEVENSON and CO. have not suffered their supporters to realise any disadvantage; it must be equally evident that when favourable changes have been manifest, the Proprietors have extended the benefits to the Public. The price and quality of STEVENSON and CO.'S Teas are a proof of these statements; and the Proprietors would assure the Public that such proof shall continue to be furnished at each of their flourishing Establishments.
