## TWINBERROW'S DANDELION, CAMOMILE, & RHUBARB PILLS.

An effectual cure for Indigestion, all Stomach Complaints, and Liver Affections. In cases of Constipation, these Pills never fail in producing a healthy and permanent action of the bowels, so that in a short time aperients will not be required, and, being quite as innocent as castor oil, may be given to children.

#### From Scott, Thomson, & Co., Chemists, Calcutta.

"We have lately received several communications from our friends in this country favourable to the reputation of your Dandelion, Camomile, and Rhubarb Pills, and as we think they would find a ready sale, send to us twenty-four dozen boxes to begin with."

#### TWINBERROW'S PREPARATION OF MYRRH.

Having been used extensively for more than twenty years with most satisfactory results, he conceives it unnecessary to say more than that it is an effectual remedy—first, in all diseases of the Gums, particularly Scurvy, those which recede from the Teeth, and are tender; second, for the preservation of the Teeth; third, for preventing Teeth which are decayed from becoming worse; fourth, for the prevention of Tooth-ache; fifth, for purifying the Breath, which may be affected by the state of the Stomach, or any other cause, imparting, at the same time, a most agreeable and refreshing effect.

#### TWINBERROW'S CAMPHORATED AROMATIC SPIRIT OF SAL VOLATILE.

In all cases where Sal Volatile is given, it is universally acknowledged by the Medical Profession, that its effect is greatly increased if taken in Camphor Julep. The great advantage of this unique preparation is that, by adding it to water, Camphor Julep is simultaneously formed with the Sal Volatile in solution.

#### TWINBERROW'S PATENT DOUBLE-ACTION RESERVOIR INJECTION APPARATUS.

Complete with additional Pipes for ALL Purposes, and suitable for every Climate.

W. Twinberrow has no hesitation in offering his Patent Reservoir Injection Apparatus as the most simple and perfect yet produced. The Piston or Pump, which so frequently gets out of order, is not introduced into this Apparatus; there is therefore an absence of Oily, Greasy Matter and Black Lead (which are absolutely necessary to lubricate the Piston in the usual Syringes), which soon become rancid and green, some portion of which inevitably passes with the fluid injected from an ordinary Syringe.

# PATENT NOISELESS SPRINGS.

The many complaints urged against the unpleasant motion and humming noise of all Elliptic Spring Carriages, especially by ladies and persons of delicate constitutions, have induced Messrs. J. Aldebert and Co. to give their attention to the invention of some means by which these great defects can be overcome, and they are happy to nform the Nobility and gentry that they have succeeded in accomplishing, by the most simple means, what has hitherto been considered impracticable.

In adopting their newly invented and Patented Noiseless Elliptic Springs all the ease of a Perch Carriage is obtained without the additional weight and expense. In building a new carriage no extra charge is made for them, and in applying them to a second-hand one the outlay is but triffing.

They have new carriages of every description finished for immediate use, and several building to order on the above principle, and respectfully solicit an inspection at their

Hanover-square Rooms Vaults,

Hanover-street, Regent-street,

London, 1st January, 1863.

#### To the Nobility and Gentry,

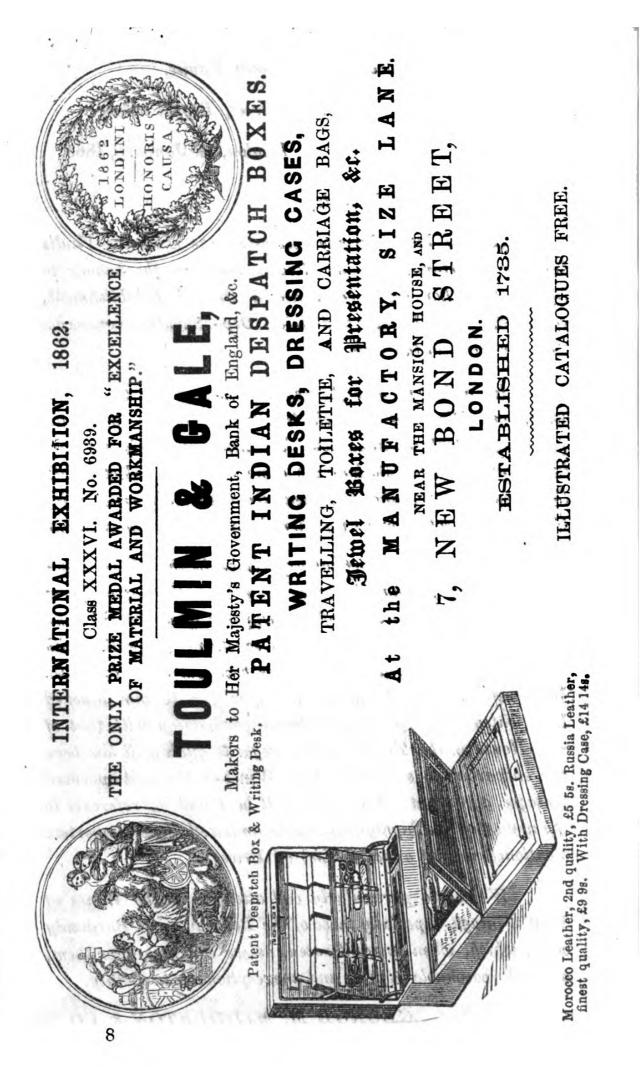

Having lately become lessees of the extensive Vaults beneath the Hanover-square Rooms, we have the honour to inform you that we have opened a Branch Establishment, comprising the Wholcsale and Retail Departments in connexion with our Firm in the City.

In order to suit the requirements of the locality in which our West end Branch is situated, and to merit the patronage which we have now the honour to solicit, we have laid in an extensive stock of the choicest Wines, selected with the greatest care, and imported from the different Wine Growers with whom our City Firm is in direct communication.

A lengthened practical experience in the Wine Trade has convinced us that, in order to ensure the patronage of the Public, and especially of the Upper Classes of the community, it is necessary to combine excellence of quality with moderation in price, and this it has been our study to attain. With reference to the prices, we refer you to our annexed List, which we think may challenge comparison with that of any House in the Trade, and as regards quality, it has been our endeavour to select the finest Wines of the most approved vintages, a guarantee for which will be found on reference to the names of the highly respectable and well known importers mentioned in our annexed List of Prices.

We would particularly call attention to the Wines of 1858 Vintage, especially those of the Bordeaux and Burgundy class, which, when unadulterated, as we can now offer them, are both reasonable in price and unexceptionable in quality.

# THE IMPERIAL PATENT HAIR WAVER.

NOW IN USE IN EVERY COURT IN EUROPE.

This ingenious invention is the only article which completely and permanently waves the hair in three minutes, and need be used only once or twice a week. Formed by two sets of curved grooves, over one of which the hair is placed, and the undulations impressed by the other, it has been specially devised to obviate the injury and inconvenience resulting from the practices of plating, crimping, and pins. No assistance is requisite in its use; no harm can possibly be inflicted; and every proof can be furnished of its admirable and now appreciated utility.

The mortality experienced hitherto is so much less than the "Expectation of Life" would indicate, that, after debiting every Claim, and paying every expense incurred on the Life Branch during the year, it is found that the balance shows an increase to the Life Fund in the year of 1861 alone of more than 70 per cent. of the Total Premiums (for Renewals as well as New Policies) received for the period.

Large Bonuses declared in 1855 and 1860—£2 per cent. per annum. The Greatest Bonus ever continuously declared by any Company.

# CHARING-CROSS HOSPITAL,

WEST STRAND, NEAR CHARING-CROSS.

## Patron.-HER MOST GRACIOUS MAJESTY THE QUEEN. President.-THE MARQUIS OF SALISBURY, K.G.

THE GOVERNORS, in soliciting the assistance for this Hospital, beg to state that its objects comprise the two-fold intention of a DISPENSARY for the relief of the Sick Poor at their own homes, and of a HOSPITAL for the reception of the more destitute.

Besides the daily relief of an unlimited number of siek and disabled poor with advice and medicine, nearly 3,000 cases of accident and emergency are annually brought for aid; and upwards of 100 Beds are constantly provided for In-Patients. The Institution, since its origin in 1818, has relieved upwards of 386,000 Patients (many from remote parts of the country). Its chief dependence for support is upon Voluntary Subscriptions and Legacies.

Admitted from the Opening of the Hos- pital to the end of the past Year.	In- Patients.	Out- Patients.	Total, Including	Cases of Accident.	Cost.		
From 1834 to 1861 In the Year 1862	29,170 950	304,282 15,847	333,452 16,797	51,707 3,303	69.756 17 1 3,722 10 9		
Total	30,120	320,129	350,249	55,010	73 479 7 11		

Anxious for the permanent welfare of the Institution, by making some provision against the losses accruing from the death of kind benefactors, the Governors earnestly request the co-operation of the benevolent for the permanent ENDOWMENT FUND, and they beg to state that all contributions to the Endowment Fund, however small, will be received with a grateful sense of their value in conducing to a most important object, for which the aid of many is essential; they are promptly funded to realize a resource from dividends, which alone are appropriated for the maintenance of the Hospital, whilst the fund itself is held undiminished and inviolate.

The Donors thus have the satisfactory assurance that their benefactions have a permanent existence continuously fruitful of benefits, —and as enduring as the Hospital itself.

A donation of Forty Guineas constitutes a Life Governor; Twenty Guineas, together with a yearly Subscription of Four Guineas, an Annual Governor; Two, Three, Four, or Five Guineas, an Annual Subscriber; and One Hundred Guineas a Life Benefactor.

\*\*\* Subsciptions are thankfully received by the Treasurer, W Stuart, Esq ; by Messrs. Drummonds, 49, Charing-cross ; Messrs. Coutts, Messrs. Hoare, Messrs. Herries, Messrs. Biddulph, and the neighbouring Bankers ; by the Rev. H. Hutton, Rectory, Covent Garden ; by the Committee ; by Henry Woolcott, Secretary ; at the Hospital (which is at all times open to inspection); and by Mr. W. H. Everist, the Collector, 47, Bedford-row.

This Society has been established 157 years, and is the oldest Life Assurance Institution in existence. Its principles are essentially those of mutual assurance, and the whole of the profits are divided among the members.

By a recent alteration of the Bye-Laws of the Society, Policies are now granted on the Bonus Plan, entitling the Assured to a Bonus at the expiration of every five years, instead of seven years, from the date of each Policy.

Assurances may be effected for any sum not exceeding £7,000 on one and the same life, either with or without participation in profits.

Policy, Stamps, and Fees of Medical Referees, are paid by the Society.

In the event of a life assured dying within three calendar months after the day stipulated for the payment of the annual premium, although such premium be unpaid at the time of the decease, the policy will continue in force, provided the premium be paid (pursuant to the Society's Bye-laws), before the expiration of three calendar months from the day on which it became due.

The rates of premium are moderate; the sums assured are guaranteed by a large accumulated capital invested in the Government funds, freehold estates, and other approved securities; and the expenses of management seldom exceed three per cent. on the annual income.

Loans are granted upon mortgage of freehold estates, life interests, &c.; and also upon the security of the Society's policies after three years' payments have been made.

Prospectuses and every information may be obtained at the office. HENRY THOS. THOMSON, Registrar.

The EQUITABLE, established in 1762, was one of the earliest Offices on the Mutual principie.

The entire profits are divisible among its members, no portion of the same being diverted either for dividends on shares, as in "proprietary" offices, or for commission to agents.

During the century of its existence it has paid £16,460,000 in claims, and £15,260,000 for bonuses on the same.

The Invested Capital on the 31st day of December, 1861, exceeded £5,500,000 sterling.

The reserve at the last rest, in December, 1859, exceded £770,000, as a basis for future divisions.

Under the bye-law of the 19th of December, 1816, the oldest 5000 policies are admitted to participation in the bonuses.

New Assurers in the current year (1863) will be placed among that number after payment of their first premium, and will become entitled to a rateable share in the bonus to be made in December 1869, and in all future benefits of the Office.

SUBRENDER OF POLICIES .- The full value is paid on surrender, without any deduction.

LOANS ON POLICIES .- The Directors will make advances on deposit of the Policies.

### LIFE DEPARTMENT.

This Office offers a low scale of premium to non-members without participation in profits, or a member's scale of premiums with an annual participation in the WHOLE of the profits after five annual payments.

For the last 14 years, participation in profits has yielded an annual abatement of 52<sup>1</sup>/<sub>2</sub> per cent. on the premiums of all policies of five years standing.

#### The Effect of the Abatement is thus shown :-

Age when Insured.		Annua for first					
	£	£	\$.	d.	£	\$.	d.
20	1,000	21	15	10	10	7	2

40	3,000	101	17	6	48	8	-0
50	5,000	228	15	0	108	13	4

If instead of taking the benefit of a reduced payment, a member chooses to employ the amount of the abatement in a further assurance, he may, without increasing his outlay, take out an additional policy at the end of the first five years of, on an average, more than 45 per cent. on the sum originally insured, and at the end of the second five years of above 20 per cent. more, with further additions afterwards,

The following Table presents examples of the Amounts to be thus obtained at the existing rate of profits:-

Age when Assured.	Original Amount of Policy.	Amount, with additions, by reassuring at end of first five years.	Amount, with additions, by reassuring at end of second five years.
	£	ž	£
20	1,000	1,475	1,700
30	2,000	2.937	3,370
40	3 000	4,372	4,985
50	5,009	7,131	8,023

As a third alternative, a member may have the amount of the abatement converted year by year into a proportionate bonus payable at death.

FIRE DEPARTMENT.—Insurances are effected at the usual rates-(By order of the Board) RICHARD RAY, Secretary.

If a party neglect to pay for the renewal of his Policy, he may repair the omission any time within twelve months, upon proof of good health.

The Profits (subject to a triffing deduction) are divided among the Insured. The plan upon which they are divided gives to each party insured a share proportionate to the amount of the Premiums he has contributed.

In addition to these advantages, the Directors adopt the principle of allotting a Bonus to Policies entitled to participate in Profits lapsing between the Quinquennial Periods of Division, at the rate of £20 per cent. on the aggregate amount of Premiums paid on each such Policy from the then last Quinquennial Division.

The Directors have always acted upon the principle that they are bound to receive the Renewal Premium upon a Policy any time within the thirty days' grace allowed, notwithstanding the death of the Life Insured.

A COOL, REFRESHING, AND INVIGORATING BALM FOR THE HAIR.

Among the many preparations offered to the public for the possession of luxury and comfort. OLDRIDGE'S BALM of COLUMBIA stands pre-eminent. No toilette is complete without it, especially during the heat of summer. The increasing demand for this justly famed Balm proves how valuable it must be in peplenishing, invigorating, and preserving the hair, either from falling off or turning grey, it having withstood all opposition and imitation for upwards of thirty years. The use of one bottle of the Balm of Columbia, price 3s. 6d., will prevent the hair from falling off in forty-eight hours after the first application; the middle-size bottle, price 6s., not only stops the hair from falling off, but likewise, in three weeks, causes a new growth to arise: and the largest at 11s., gives in general a good head of hair to every person. It also prevents the hair from turning grey, makes it look bright and glossy, and frees it from scurf. This Balm seldom fails to produce whiskers, moustache, or eye-brows, in eight weeks, though there were none on the face before, and has lately been found to excel every other article that has been sold as a curling fluid.

Sold by all Perfumers and Chemists. at 3s. 6d., 6s., and 11s. only, also wholesale and retail by the proprietors, C. and A. Oldridge, 22, Wellington-street, North, seven doors from the Strand, London.

## "COLES's PATENT TRUSS is best."

This invention is confidently offered to the public as the most effectual remedy This invention is connectify onered to the public as the most enectual remedy that has yet been devised for Hernia. It consists of a regulating medium introduced between the spring and the point of resistance, securing the advan-tage of uniform pressure upon the part affected. This invention effectually remedies the defects existing in all others, and it has been pronounced, by the best authorities, as a valuable improvement in an instrument known to be most defective, and the general use of these trusses in all parts of the world, may be adduced in proof of the utility of the invention, and the estimation in which it is held by the public.

"They make a more uniform pressure on the ring than the ball and socket pad can effect."

"It is my firmconviction that this truss will be found more efficacious than any at present employed."

HENRY EARL, Esq., F.R.S.

" They are the best trusses that have ever yet been got up." The late ASHTON KEY, Esq., Guy's.

" I consider these trusses calculated beyond every other truss that I have seen to cure this disease in its earliest and simplest form.

Dr. GIDEON MANTELL, F.R.S., Chester-square.

From the late Dr. Thornton, the eminent Botanist :-

"Sir,-After six months wearing a Truss of your construction, I am perfectly cured of an inguinal hernia, which was in appearance the size of a watch, and which had existed six months. I am now happy to inform you that I have left off my truss a fortnight, and have not experienced any descent in the hernia. I therefore most heartily wish you that success which your ingenuity so amply deserves. "No. 36, Howland-street, Fitzroy-square, June 22, 1830.

#### "26, Camden-grove, Kensington, April 17, 1852.

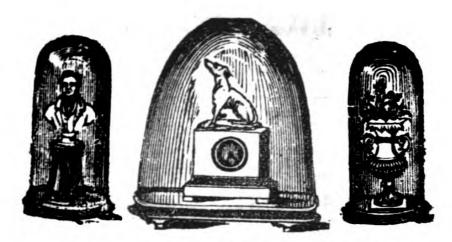

"Sir,-I cannot sufficiently express my approval of the Truss you made for me, nor my admiration of your skilfulness in adapting to a most difficult case of *direct* Inguinal Hernia, an Instrument which effectually accomplishes the object intended, at the same time affording greater comfort, with less inconvenience than I have experienced with any truss for the last 20 years. It ha effectually arrested the progress of my complaint, which was rapidly assuming the form of Scrotal Hernia. I am happy in bearing this testimony to your ingenuity and judgment. as well as patience and perseverance. Wishing you all the success you deserve, I remain, yours truly,

"T. W. WANSBROUGH, M.D., M.R.C.S., Eng.

"Mr. Coles."

These trusses are prepared with the greatest care and regard to effect, and in the application of them the inventor has the advantage of many years' experience in the treatment of this complaint. None are genuine which are not marked with the address, "3, Charing-cross," as well as "Codes's Patent." A descriptive letter, together with "Cobbett's Legacy to Ruptured Persons," may be had gratis.

## TRANSPARENT SOAP,

Which gained the Prize Medal at the Great Exhibitions of 1851 and 1862.

The whole surface of the body requiring the frequent application of Soap, it is most important to secure that article free from deleterious matters; especially when required for the infant and the invalid. Soaps are generally selected on account of their odoriferous qualities, irrespective of their *purifying* and *soothing* properties, and consequently much mischief often arises without the real cause being suspected.

The surface of the Skin of persons of delicate constitutions, being the most subject to injury from intense heat, severe cold, inclement winds, and other vicissitudes of the weather, it is with unaffected satisfaction that the Proprietors assure them that this preparation is quite free from irritating or acrimonious particles, and may therefore be applied to the most tender skin with the happiest success; indeed, infants of the weakest frame and earliest age may receive the application with the greatest benefit; in which cases, most of the *leading medical men* of the age have recommended it.

The great excellence of this Soap likewise is, that it may be used with equal pleasure in hard or *soft water*, a circumstance which renders it extremely agreeable to gentlemen of the navy, or families travelling to other countries.

For washing it is sold in oval tablets and square cakes 1s., 1s. 6d., and 2s. 6d. each; wash balls, 2s. 6d. each.

#### FOR SHAVING.

PEARS'S TRANSPARENT SHAVING STICK will be found superior to any Soap ever used—they will last three times as long as any other Soap. Price 1s., 1s. 6d., and 2s. 6d. each.

## J. ALDERMAN

Begs most respectfully to inform his Friends and the Medical Profession that, after many years' experience in the manufacture of all kinds of Chairs, Couches, Beds, and Carriages for Invalids, he has obtained HER MAJESTY'S LETTERS PATENT for his

#### Imperceptible, Graduating, Mechanical, and Elastic Adjustments,

Which he has invented for the comfort and convenience of Invalids.

#### J. ALDERMAN'S

#### PATENT PORTABLE EQUILIBRIUM CARRYING CHAIR,

For carrying Invalids up and down stairs, is one of the most perfect Chairs ever offered for the use of Invalids, inasmuch as an Invalid may be carried up and down stairs with perfect ease and safety, the Chair always adjusting itself imperceptibly, and enables the persons who carry to walk up and down stairs in the usual way, quite erect, with their arms straight down, so as to avoid any strain upon the muscles. This Chair has a shifting stand, mounted upon large easy castors, so that the Invalid can be run from room to room with the greatest ease; and being beautifully stuffed and covered, renders it, in addition to a carrying Chair, a most comfortable easy Chair; and the carrying handles being made to hook on and off in an instant, so that the invalid need not be removed from the Chair during the day. The arms of the Chair are also made to turn back on either side, or take off, so that the invalid may get on and off from either side. The Chair is also made to fold up, so as to go into a small box, for the convenience of travelling.

#### J. Alderman's Patent Graduating Elastic Couch

Is also rendered so simple and perfect as to enable the nurse or attendant to place an Invalid in any conceivable position, without being touched, neither can the Patient feel any pressure, that being avoided by J. A.'s Patent Elastic Adjusting Foundation and Elastic Mattress, so that a Patient cannot possibly become bed-sore by constant confinement. The Couch has also self-adjusting moveable arms, which are always at a proper height for rest, being made to adjust with the action of the back. These arms are also made to turn back on either side, or to take off, so that an Invalid who wishes to get on and off may do so without any inconvenience. These Couches may be had any size, so as to suit a child five years of age, or the heaviest adult patient. They are also fitted up suitable for the bedroom or drawing "oom. In all cases where perfect rest is required, these Couches will be found invaluable, such as spinal cases, hip complaints, paralysis, fractures. Ladies, who require complete rest before and after their confinement, will find this couch a great luxury.

J. A. also begs to say that every other article required for the use of Invalids may be obtained from him. Chairs of every description, both for in-door and out-door use.
