Be to introduce to the notice of their patrons and the public the celebrated HAGSPIEL GRAND PIANOFORTE, which is acknowledged to be the finest German Instrument manufactured. In employing the rich and resonant overstrung system (which is universally accepted as the most perfect), and by using a peculiar mechanism at the resounding board, with the action known as the Erard, distinguished by the power and precision of the hammer-stroke as well as by greater resources of expression, this short iron pianoforte is capable of producing an exceptional volume of tone with the most delicate effects of colouring.

(A few minutes' walk from La Madeleine.)

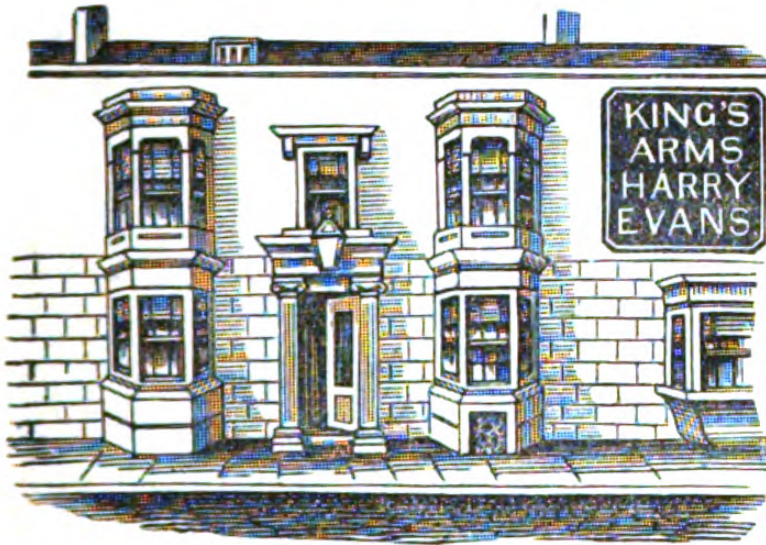

Proprietor - MR. FRANCIS MOTT

"This is one of the best-appointed, most cleanly and comfortable homes for the sojourner to be met with in Paris. It is three minutes' walk from the world-known Madeleine, the important Railway Station—St. Lazare, and the busy, gay Boulevards. From the Hotel visitors can debouche towards all the great scenes, palaces, and objects of extraordinary interest in this beautiful and wonderful city. The garçons are very polite and attentive, the tariff remarkably moderate, and the bountiful *table d'hôte* dinners are doubly refreshed by the entertaining gossip in our mother tongue.—*Brighton Gazette*, January, 1877."

## MINERAL WATERS,

As supplied to the Nobility and Officers of the Army and Navy,

*Manufactured from the Spring Water of Brighton,*

**The best in the Kingdom for the purpose.**

Brighton Congress, 1881.

First Certificate of Merit.

EXTRACT FROM THE "LANCET," DECEMBER 17TH, 1881.

"Messrs. CHALLONER AND SONS, of Brighton, exhibit some excellent Mineral Waters, made from the Brighton Waters doubly distilled. They are pure, and their names are true descriptions of their compositions; thus the Soda Water actually contains five grains of Bi-carbonate of Soda to the bottle, and is not simply Aerated Water."

THE ANALYTICAL SANITARY INSTITUTION,

54, HOLBORN VIADUCT, LONDON, E.C., 24th NOVEMBER, 1880.

We have, on more than one occasion, examined, and also subjected to careful Chemical analysis, samples of the principal varieties of Mineral Waters prepared and manufactured by Messrs Challoner, including the following:—SODA, POTASH, LITHIA and SELTZER WATERS, also LEMONADE and GINGER ALE. We find that they are all bright, well charged with carbonic acid gas, and *correspond in composition STRICTLY to the several designations which they bear*; that they are *free from metallic contamination*, to which such waters, especially those of an acid nature, such as the Lemonade and Ginger Ale, are particularly liable. These Waters are all, in fact, of remarkably good quality.

(Signed) ARTHUR HILL HASSALL, M.D.  
OTTO HEHNER, F.C.S.

*The following Waters are all prepared with scrupulous care—*

**SELTZER WATER. SODA WATER.  
LEMONADE. QUININE TONIC WATER.  
POTASS WATER.  
AERATED BRIGHTON WATER.  
LITHIA WATER.

The principle of this Society is the same as that of the London City Mission, its object being to extend the knowledge of the Gospel among the inhabitants of Brighton (especially the poor), without any reference to denominational distinctions or the peculiarities of Church government. To effect this object, Missionaries of approved character and qualifications, giving themselves entirely to the work, are employed and paid by the Institution. Their duty is to visit from house to house within their respective districts, read the Scriptures, engage in religious conversation, pay particular attention to the sick and afflicted, and urge those who are living in the neglect of religion to observe the Lord's Day and to attend public worship. They make it their business to see that all persons possess the Scriptures, to distribute approved religious tracts, aid in obtaining Scriptural education for the children of the poor, hold meetings for reading and expounding the Scriptures, and prayer, and adopt such other means as the Committee may think necessary for the accomplishment of the object of the Mission, and is supported by voluntary contributions.

Brighton College was established by a body of Subscribers, in the year 1847, with the object of providing for boys a thorough liberal education, in conformity with the principles of the Established Church. Its system as regards discipline and organisation is that usual in Public Schools, but special regard is paid to pupils who are intended not for the Universities, but for the professions, the army, or commercial life. English Literature, Modern Languages, and Science are taught in every part of the school, and in certain classes form the principal part of the curriculum.

The College is situated in the healthiest part of Brighton, immediately under the Downs; the rooms are large and well-ventilated, there is a good play-ground, fives courts, &c.

On Sundays all boarders (unless specially exempted), and as many day boys, as their parents desire to do so, attend Divine service in the College chapel.

The College year is divided into three terms. The vacations consist of three weeks at Easter, seven weeks and a-half at Midsummer, and four weeks and a-half at Christmas.

The hours of school are from 9 to 12.30 every week-day morning, and from 3 to 5 on four afternoons of the week.

Pupils are admitted at the commencement of each Term, in January, May, and September.

No boy can remain at the College after he is eighteen, except by special permission of the Council.

The College fees for tuition (which must be paid in advance) are as follows:—

	With Nomination	Without Nomination
Under ten years of age.....	£7 10s.	£8 10s. per Term.
From ten to fifteen ...	£9 0s.....	£10 0s. „
Above fifteen .....	£10 10s.	£11 10s. „

Ordinary stationery, exercise books, paper, blotting-paper, pens, &c. are supplied to the pupils at a fixed rate per boy, for the present, of 6s. 6d. per Term, payable in advance.

All boys returning to College after the day fixed for the commencement of Term, without a sufficient medical certificate, shall pay an extra fee of 10s. for every day of absence.

Nominations may be obtained (1) by purchasing a Share (persons wishing to become Shareholders should communicate with the Secretary), or (2) by presentation from a Shareholder, or (3) from the Council, for which an extra charge is made of £1 per Term. Lists of the Members of the College may be obtained on application to the Secretary.

The extra fees (which are optional, and which must be paid to the respective Instructors) are—

Drawing.....	£1 8s. per Term.
Piano .....	£2 2s. „
Carpentry .....	£0 5s. „

But for Drawing in the Modern Division there is no extra charge.

Boarders are received at the following houses:—

The Rev. the Principal's .....	The College.
The Rev. G. J. Le Maistre's.....	125 Eastern road
C. G. Allum, esq. ....	131 Eastern road.

At all these houses the charge is £63 per annum for board and washing.

The sons of Clergymen are received at a reduction of one-third the usual College fees and of 10 guineas on the ordinary charge for board and lodging at the different houses.

Day boys from a distance can have dinner provided for them on all whole school days at the rate of £4 per Term for four dinners in the week.

Before removal a Term's notice or a Term's payment is required in all cases, both for tuition and for boarding.

There are eight scholarships, varying in value from £25 to £10, tenable in the School; and seven exhibitions of from £30 to £60, tenable at the Universities.

N.B.—A Preparatory School is kept by Mr. Fayle, 18 Eaton Place, for boys intended for the College, who are young or backward. The boys are permitted to use the College Play Ground, subject to the rules of the College regarding bounds, colours, and call-over. Boys attending the College are also received at the house of Mr. Fayle. For terms, &c., application should be made to Mr. Fayle

The Oxford and Cambridge Examinations are held at Brighton at Midsummer and Christmas respectively. The Board consists of the Mayor and post-Mayors of Brighton, the Stipendiary Magistrate, the Town Clerk, the Borough Coroner, and all Prize Donors and Principals of Schools in Sussex who send Candidates to the Examinations, and other gentlemen paying an entrance fee of 21s.

A Senior passing in English and Latin (with either Greek, French, German, or Italian) and mathematics, is allowed to become a candidate for the degree of Bachelor of Music. The same privilege is granted, without limit of age, to any person studying for this degree, but he will not be reckoned a Local Examination candidate.

Senior students who have been placed in the First Division in the General List of the Oxford or Cambridge Local Examination are now admitted into Keble Colloge without a Matriculation Examination.

Senior candidates at the Cambridge Local Examination (also candidates at the Higher Local), who intend proceeding to the University, will be excused the 'Previous Examination' for Undergraduates in their first year, if they attain 'a standard intermediate between the ordinary pass standard and that of distinction,' in Religious Knowledge, Classics, and Mathematics.

Every person proposing to enter articles of clerkship as Attorney or Solicitor *must* pass a special preliminary examination in Arithmetic, Geography, History, English, and elementary Latin; and is required also to offer himself for examination either in Latin, Greek, French, German, Spanish, or Italian; but if he has passed the Oxford or Cambridge Local Examination as a Senior or Junior in Latin and Mathematics, and *one* of the following:—Greek, French, German, Natural Philosophy (including the Elements of Statics and Hydrostatics), these special examinations are dispensed with.

Patients cannot be admitted at any other time (*except on sudden emergencies, when they will be received without delay, at any time of the day or night*).

Inquiries as to the right of recommendation should be made personally, or by letter prepaid, to the HOUSE SURGEON. Also, Subscribers *should* (a week, at least, before sending any patient from a distance) transmit to the HOUSE SURGEON a statement of the chief symptoms of the case, drawn up by some Medical Gentleman who has attended or seen the Patient; the recommender will then be informed whether and when the Patient can be admitted. The Committee will still be at liberty to reject any Patient on arrival, if found, on examination, to be an improper object of the Charity.
