CAUTION AGAINST IMPOSTORS.

Persons, pretending to be employed by the Proprietors of this Work, having been to several Gentlemen's houses demanding money for the insertion of names in the Court Guide, the Nobility and Gentry, are respectfully requested to take notice, that no money is, or ever has been charged for such insertions, and the men employed are forbidden, under pain of prosecution, to make any charge. A Reward of Five Pounds will be given to any servant, or other person, through whose means the impostor shall be brought to conviction.

NOTICE.

As many Families of Distinction take Houses in town for the whole, or part of the Fashionable Season, it has been found necessary to insert them; as well as the Owners of the Houses; the Nobility and Gentry, therefore, are respectfully requested to observe that, generally, where two names are inserted in the same Number, the first name is that of the Family to whom the House belongs, (who when in Town reside there) and the second that of the temporary resident.

CHARING CROSS HOSPITAL, AND MEDICAL COLLEGE, STRAND, near CHARING-CROSS.

The GOVERNORS of this Hospital beg to state that its Objects comprise the two-fold intention of a DISPENSARY for the relief of the Sick Poor at their own homes, and of an HOSPITAL for the reception of the more helpless and destitute; to afford immediate assistance in cases of accident, and gratuitous attendance and medicines to all needy afflicted persons, soldiers, sailors, and distressed foreigners (who, far from their native homes, and the solace of their friends, and possessing no parochial aid, have powerful claims to commiseration); to supply, under certain regulations, Trusses to those who require them, and Instruments to cases of Lameness and Deformity; to provide the attendance of experienced Midwives, to Lying-in Women.

Since the first establishment of this Institution, it has afforded relief to between SEVENTY and EIGHTY THOUSAND SICK POOR, the greater portion of whom have been restored to the blessings of health, and to their families.

GRAND HISTORICAL PICTURE,
REPRESENTING THE
Queen's First Council,

On the 20th June, 1837.

Engraving by C. Fox, the eminent Line Engraver.

COMPANION TO PARRIS'S CORONATION.

"It was at Kensington Palace, there was exhibited that most interesting scene, which the pencil of our countryman Wilkie has so well embodied in his picture of the first meeting of the Council of Queen Victoria. A fair princess, just entering upon the first years of youth, appeared before her subjects to receive those offerings of duty and allegiance which were warmly, affectionately, and enthusiastically tendered. The young sovereign had a claim upon the public sympathy for the sake of her excellent father, foremost as he had been in every work of liberal charity; that sympathy was increased from the respect felt for the illustrious mother who had superintended the education of her royal child. To these former sources of interest were now added the still higher claims of the young sovereign herself. There was something almost awful in the contrast between the youthful being who stood before her councillors, and the responsible duties which she was called upon to fulfil. The eye rested with anxiety upon that beautiful and unruffled brow which was so soon to sustain the diadem of the three kingdoms—on that delicate female hand that was to bear the weight of the imperial sceptre. Her youth, her innocence, and inexperience, seemed to call upon all classes of her subjects for dutiful affection. The hearts of the people of England were moved on behalf of their sovereign. One feeling of generous devotion to the crown pervaded all classes—blessings and prayers for her future happiness burst from every lip."—*Edinburgh Review*, No. 143, April, 1840.

Portraits of the following illustrious personages, and several Members of the present Administration, are introduced:—

His Majesty the King of Hanover, H.R.H. the Duke of Sussex, the Archbishop of Canterbury, Duke of Wellington, Sir R. Peel, bt., Duke of Argyll, Earl of Albemarle, Earl Grey, Earl of Jersey, Earl of Carlisle, Marquis of Lansdowne, Marquis of Anglesea, Lord Melbourne, Lord J. Russell, Lord Cottenham, Lord Morpeth, Lord Palmerston, Lord Howick, Lord Aberdeen, Lord Lyndhurst, Marquis of Salisbury, Lord Denman, Lord Holland, Lord Burghersh, Lord Monteagle, Speaker of the House of Commons, Rt. Hon. G. Byng, Rt. Hon. T. Erskine, Rt. Hon. J. W. Croker, C. C. Greville, esq., and the Lord Mayor of London, &c.

Mr. Moon having received the Queen's command to have this Picture (expressly painted for Buckingham Palace, by the late Sir D. Wilkie) engraved, has the

HADLEY'S Wig-Making Taught.

The great art of WIG AND SCALP MAKING practically taught (to English, French, or any other Foreign Makers, Masters only, or their Sons), upon unerring and scientific principles, clearly pointing out the great evils so justly complained of in the articles of most makers, by the renowned HADLEY, whose productions have never been surpassed, in lightness, ease, natural appearance, &c., and which have long since (not only) received the distinguished patronage of his Grace the DUKE OF SUTHERLAND, and the principal Nobility, but have excited the admiration of the Parisian and English Makers. HADLEY's knowledge is the result of about twenty years close observation and hard practice, and by his instruction the most unskilful in the art will become a proficient in an incredibly short time, and capable of accurately fitting the most difficult head.

Specimens seen, and Terms known, at

HADLEY'S

**THE WEST OF LONDON
AND WESTMINSTER CEMETERY,
SITUATE AT
EARL'S-COURT, OLD BROMPTON,
2 Miles from Hyde-park Corner,**

Was Consecrated by the LORD BISHOP OF LONDON on the 11th June, 1840, and is now open for Interments, a portion of the Ground being set apart for Families, not Members of the Established Church.

The Cemetery Grounds, about 40 Acres in extent, are laid out and planted with Evergreens, and the style of Architecture adopted, is the Roman Doric.

The entire work was designed by Benjamin Bond, esq., the Company's Architect, representing the basis or ground-work of a Cathedral. The extensive range of ornamental buildings forming arcades for monumental sculpture with Catacombs beneath, terminate in the Protestant Chapel at the southern extremity, which in beauty of proportion, and elaborate workmanship, cannot be surpassed.

A RANGE OF

CATACOMBS

In the West side, extending 2,040 feet, having a broad terrace-walk on the top, approached by two flights of steps from the entrances, and a corresponding raised terrace on the East side, approached by four flights of stone steps, complete but a very imperfect description of this Cemetery, which, when seen, will be viewed as one of the most classical and chastely-designed works in this country.

The Company's Tables of Charges for Vaults, Catacombs, or portions of Ground purchased in perpetuity or otherwise, and Fees payable on Interments, may be obtained on application at their Office, No. 62, Charing-cross, Spring-gardens, between the hours of Nine and Six o'clock; on Sundays at the Cemetery.

THE CORPORATION OF THE AMICABLE SOCIETY is the oldest Institution in existence for granting Assurances on Lives.

Every Person on whose Life an Assurance is effected for one or more SHARES, becomes a Member of the Corporation, and entitled, immediately upon his admission, to unreserved participation in the whole of the advantages arising from the long standing and accumulated Capital of the Society.

The distinctive feature of the plan adopted by the Society, is the EQUAL DISTRIBUTION, Share for Share, of the whole of the Profits among the Representatives or Nominees of the deceased Member, without reference to the length of time during which the Policy may have been in force.

No Commission is allowed to Agents, and the affairs of the Corporation are managed at the least possible expense; the Profits are therefore the utmost the Premiums taken admit of.

Persons whose Lives are assured with this Corporation, may travel to or from, or reside in, any part of Europe, without paying any additional Premium.

Assurances for Terms of Years, or on Joint Lives or Survivorships, may be effected with the Society, either for Specified Sums without participation in the annual profits, or for Shares with participation, at the option of the parties.

The assured may arrange to pay their Premiums either by a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

ASYLUM LIFE OFFICE - Continued.

TO BONUS POLICY HOLDERS.

THE PROTECTIVE RE-ASSURANCE having been again desired by parties who availed themselves (during the currency of the two last Equitable decennial periods) of the simple system originated by the ASYLM in 1828, the Directors, to avoid the future necessity for such repetitions, have constructed scales of renewable term insurances, continuous from division to division, according to the duration of the original policy, without having recourse to new certificates of health, or further investigation of any kind, after one present satisfactory appearance before a medical Officer of the Company, thus providing, as far as possible, a remedy for the defects of the Bonus system, rendered glaringly apparent by the existing expediency for such protective re-assurance. By the adoption of this easy plan, parties may not only secure Equitable and other Bonuses, but, at the same time, provide, by such extra insurance, for any additional object that may occur during the currency of the original Policy, whilst in the event of premature death, they will have paid no more than the price of a term, with the full advantage of a whole life insurance, and realise all the expectant advantages of Survivorship.

Further particulars may be obtained by personal or written application, at the Company's House, 70, Cornhill.

The system adopted by this Corporation combines the principle of mutual assurance with the security of a large subscribed Capital, and the support of an influential body of Proprietors.

In order to meet the views of all classes of Insurers, Policies are likewise granted on the following plan, viz.: when an Insurance is for the whole term of life, one-half of the Premium only is required to be paid for the first five years, the other half may remain unpaid, subject to the charge of five per cent. per annum, to be deducted at death, or may be paid off, at the option of the parties. Tables have also been calculated, making the sum insured payable on the party attaining the age of sixty, or at death, if it occur sooner.

The Premiums are moderately rated at all ages, and are so modified by ascending and descending scales, and otherwise, as to suit the object of every Insurer at the least immediate outlay, whether to secure a debt, provide for his family, or to convert income into capital for his own use.

Prospectuses, Tables of Rates, and every information, may be had on application to Messrs. B. and M. Boyd, 4, New Bank-buildings, London.

This Institution is empowered by a Special Act of Parliament, and is so constituted as to afford the benefits of Life Assurance, in their fullest extent, to Policy-Holders, and to present greater facilities and accommodation than can be obtained in other Offices. The decided superiority of its plan, and its claim to public preference and support, have been proved, uncontestedly, by its extraordinary and unprecedented success.

Among others, the following important advantages may be enumerated:—

A most economical set of Tables—computed expressly for the use of this Company, from authentic and complete data, *and presenting the lowest rates of Assurance that can be offered, without compromising the safety of the Institution.*

Increasing rates of Premium on a new and remarkable plan for securing Loans or Debts; a less immediate payment being required on a Policy for the whole term of life than in any other Office.

Premiums payable either Annually, Half-yearly, or Quarterly, in one sum, or in a limited number of payments.

A Board of Directors in attendance daily at 2 o'Clock.

Age of the Assured in every case admitted in the Policy.

All claims payable within 1 Month after proof of death.

Medical Attendants remunerated in all cases for their reports.

The advantages offered to the Public by the above Offices, are such as result from a course of uninterrupted prosperity, the fruits of a prudent and economical management for a period of thirty-five years.

At the present time so many establishments exist, vieing with each other in the *profession of benefits* to the Public, which numerous failures and consequent ruin to thousands of industrious families have proved to be fallacious, that the Directors think they will best discharge their duty to the Proprietors and to the Public by a simple statement of the advantages which have been *realised* by these Offices.

THE COUNTY FIRE OFFICE has not only settled all claims with promptitude and liberality, but has, from its establishment, made large Returns to the Insured.—These amount at the present time to £125,000.

THE PROVIDENT LIFE OFFICE has at each septennial period divided the whole of the profits, subject to a deduction of about a twentieth part only, among the insured. The *benefits* actually secured to lives insured in this Office, may be judged of by the following Table:

The peculiar feature of the FAMILY ENDOWMENT SOCIETY (established under special Act of Parliament in 1835), consists in securing a provision at a given age, to each of *all* the future children born of the same parents. The consideration may be a single sum paid down, or an equivalent annual premium.

The annual premiums required to secure an Endowment of £100. to each future child, on attaining the age of 21, are as follow:—

Age of the Wife last birthday	Annual Pre- miums to cease in 22 years.	Age of the Wife last birthday	Annual Pre- miums to cease in 22 years.

Endowments may be secured payable at any other age: and to Children of one sex only.

Endowments are likewise granted, the Annual Premiums for which may cease at the Parent's death, without affecting the future provision for the Children.

The Society also grants Endowments to an existing Child or Children singly. The Contracts are always made payable to the Parent or Trustee, unless specially directed to be otherwise.

The Society also secures property to Heirs Presumptive, by assuring against the contingency of Children who might become Heirs.

The Society likewise assures Lives, and grants Annuities, and carries on all the business of an ordinary Life Assurance Company.

2.—Sums may be Assured to become Payable at given Ages.

3.—Policies not forfeited immediately, if the Premium remain overdue, and Fraud alone, not Error, vitiates them.

4.—Officers in the Army and Navy and other persons residing abroad, assured upon equitable terms.

5.—Immediate, Survivorship, and Deferred Annuities. All the Rates will be found to have been made upon the lowest possible computation consistent with security.

3d. Persons assuring, who are desirous of paying the annual premiums on their policy for a limited number of years only, rather than during the whole continuance of life, may be so accommodated, the Directors having caused tables to be made for the purpose.

4th. This Society grants Assurances upon the Lives of Persons in every rank and situation of life, wheresoever resident, upon the lowest possible terms consistent with safety. At ages under 45 years the Premiums are lower than those commonly required by old-established offices.

All the advantages offered to the public by other offices are given by this Society.

Four-fifths of the entire Profits of the Society are divided among those assured on the Participating Scale. The Profits respectively allotted may be received in present money, in reversionary sums, or by way of annuity, at the option of the parties assured.

In cases where Persons assured for two complete years in this Office, die before the division of Profits is made, a due proportion will still be allotted to their Policies, and their representatives will be entitled to receive it when declared.

The Directors call the attention of the public and the profession to the Society's Table of Premiums on the Non-participating Scale, as peculiarly applicable to Assurances made for Loans and Securities for Money.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before any respectable Solicitor.

Four-fifths of the Profits made by this Society will be appropriated to the persons assured for the whole term of Life.

On the 31st day of December, 1840, and at the end of every Seven Years from that period, the profits divisible among the Assured will be proportioned amongst such of the Assured for the whole term of Life as shall have been so assured for the space of three years or upwards, previously to those periods respectively, subject only to the reservation of such a sum of money as the Directors shall deem necessary to be carried forward to the period

FOUR-FIFTHS OF THE PROFITS made by this Society will be appropriated to the persons assured for the whole term of life.

ON THE 31ST DAY OF DECEMBER, 1847, and at the end of every Seven Years from that period, the profits divisible amongst the Assured will be apportioned amongst such of the Assured for the whole term of life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively, subject only to the reservation of such a sum of money as the Directors shall deem necessary to be carried forward, to the period of the next septennial division for the benefit of the Assured. For the amounts which shall be so apportioned, equivalent reversionary sums will be added to the Policies respectively of those entitled.

The subjoined is a SPECIMEN TABLE of the BONUSES, in even pounds, added to Policies of £1000. each, which have been in force seventeen years, ending 31st December, 1840, including the Bonuses added on the former division.

Note.—Due allowance must be made for extreme and intermediate ages, and the difference of years during which the Assurances have been in force; but the general distribution has been made on the principle and according to the scale above given.

If any person should wish to discontinue the payments of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the Life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the Profits.

Persons who shall have been assured for the space of two years, in £1000 or upwards, for the whole continuance of Life, have the power of electing, either from among the Proprietors, or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their Premiums either in a single payment, by annual payments during the whole

continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance money is required, nor any extra Premium on persons in the Army or Navy, unless in Actual service.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before a Solicitor in the country; and the payment of fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by Sea from one part of the United Kingdom to another, and to and from the Islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in King's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid at the expiration of three months after proof of the requisite facts.

Assurances may be effected through any respectable Attorney or Solicitor in England, of whom Prospectuses may be had. A party may himself effect an assurance by writing to the Actuary, or attending personally at the Society's Office in Fleet-street.

The Assured are requested to take notice, that no renewal premiums are ever received without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily from nine o'clock in the morning till four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

The one entitling them to an annual Abatement of Premium after five years' payment.

The leading features which distinguish the first of these plans from those of other Life Assurance Offices, are, that the business is carried on by the Corporation without any charge for management being deducted from the profits, and that the assured are exempt from all liability of partnership.

The Abatement of Premium for the year 1841, on Policies of five years' standing, under the first of the above Plans, was £48 6s. 9d. percent.

This Society offers to the Assured the advantages of Mutual Assurance, with the security of a Proprietary Company; and while it enjoys the wide and extensive influence possessed by the Medical Profession, does not confine its business to that body alone.

MEDICAL LIFE ASSURANCE—Continued.

The distinguishing features (among others) of the Society are:—

The Assurance of Lives affected by Disease on Premiums commensurate with the particular risks, whereby no denomination of Applicants can meet with disappointment.—No arbitrary Imposition of extra Premium.

The discontinuance of the extra Premium upon restoration of the Assured to permanent health.

A most moderate Scale of Rates for *Ordinary and Healthy Lives*. The Premiums may be paid in one Sum; or by yearly, half-yearly, or quarterly payments; or on a Scale annually increasing or decreasing.

Participation in the Profits of the Society, either by adding to the amount Assured, or being applied in diminution of the future Premiums, or in rendering the party free from all payments after a certain number of years. Those not wishing to participate in the Profits may Assure on lower Scales of Premiums.

Policies effected by Persons on their own Lives, who may die by Suicide, are available to the extent of their value on the day preceding the death of the parties.

The Society grants LOANS upon all available Security, and also upon Personal Security, consisting of the Bond of the Borrower and his Sureties, accompanied by an adequate Amount of Assurance.

The attention of the public is particularly requested to the principle of assuring the payment of a specific sum, at any Age, or on Death, before attaining that Age.

Various other advantageous modes of Assuring Lives, are offered by this Society.

The Bonus divided by this Society is larger, in proportion, than that of most other Offices. The Assured are entitled to **FOUR-FIFTHS**, or **81 per cent.** of the Profits; which have produced, on an average, to the Assured, additions to their Policies of **FOORTY-THREE PER CENT.** on the Premiums paid. This Bonus may, at the option of the Assured, be applied in *Reduction of future Premiums*.

This Joint Stock Company, established by Act of Parliament, without limited responsibility, affords the most perfect Security in an ample paid-up Capital, and in the great success which has attended it, since its commencement in 1834, and the large accumulation of Premiums which has taken place.

On the 1st of July, 1841, the Company, at their General Meeting, declared an addition of one-half to the Sum paid by the Stockholders, and appropriated to those holding Assurances at the participating rate £2 per cent. per Annum, from the dates of their Policies, so that the addition to a policy of £1000, in force for the previous five years, has been £100, making it in all £1100. The Premiums payable to the Company are nevertheless very moderate, and only one-half of them, when an Insurance is for life, need be paid for the first five years after the date of the policy; the other half, subject to the payment of interest at five per cent. annually, to be deducted at death, or paid off at convenience. By this arrangement, it becomes easy for a person of moderate income to secure a provision for his family; and the policy may be relinquished on the acquisition of a fortune within the five years, the Assured having paid only one-half of the Premiums, instead of the whole, according to the usual practice.

Thus a person of 25 years old may, by an annual payment of £28 16s. 3d., for the first five years, and afterwards of the full premium, £57 12s. 6d., secure to his widow and children at his death payment of no less than £3000, subject only to the deduction of £144 13s. 3d., being the amount of premiums unpaid. A person re-

quiring a temporary advance of money may also, in terms of this arrangement, should he within five years, relinquish the policy of Assurance by means of which he has obtained the advance, give it up on payment merely of one half of the Premiums instead of the whole, according to the usage of most other Offices.

The great facilities afforded by the Company, in these and other respects, are such that it really appears to be a moral duty in every parent who is not possessed of a fortune, but of an income, however moderate, to insure his life for a sum which may yield a comfortable provision for his family.

	Sir John Simpson

LIFE ASSURANCE.—The new and extensive Tables of this Company have been framed to meet the circumstances of all who desire to provide for their own support during old age, or for the support of those who may survive them. Parties intending to assure are invited to compare the Rates with those of other established Offices. Assurances may be effected on a Bonus or participating scale, or otherwise, at the option of the assured.

DEFERRED ANNUITIES.—Annuities receivable upon a party attaining a given age, or on the death of one party in the event of another being then alive, may be secured by moderate annual payments. By the latter mode of Assurance, a party may often more satisfactorily provide for his widow, or others who by his death would be unprovided for, than by assuring the payment to them of a fixed sum in a single payment.

FIRE ASSURANCE.—Assurance against Fire on the usual moderate terms.

PROSPECTUSES and full particulars may be had at the Offices; or of the Agents.

NEW PATENT IMPROVED
SOLAR LAMPS,

FOR BURNING COMMON OIL.

EDWARD FREEMAN,

Wax Chandler, Oil Merchant, &c.,

To the QUEEN;

The QUEEN-DOWAGER, and the ROYAL FAMILY,

No. 3, WIGMORE-STREET,

Three doors from Cavendish-square.

E. F. respectfully begs to invite attention to the above recent improvement, which without adding to the expense of the Lamp, considerably increases the light, renders it perfectly shadowless, and entirely avoids the unpleasant heat so much complained of in others. These Lamps, with the oil refined by E. F., which burns without smoke or smell, produce, at full two-thirds less cost, a far more brilliant and pure light than the best Lamps hitherto in use with the finest sperm oil; they have a more elegant and light appearance, are more simple to trim, and at a small expense (on forwarding the oil cups) may be fitted to any pedestal.

N.B. The above, from their economy, are also well adapted for halls, kitchens, society offices, &c.

E. F. also continues as usual to supply genuine Sperm Oil of the finest quality; and Patent Vegetable, as well as his new Refined Oil, for the above lamps.
