ROWLANDS' TOILET REQUISITES

FOR THE HAIR, THE SKIN, AND THE TEETH,

are universally held in high estimation; and the fact of the distinguished patronage they enjoy, their general use in all countries, and the numerous Testimonials constantly received of their efficacy, sufficiently prove the value of their 'MACASSAR OIL,' 'KALYDOR,' and 'ODONTO.'

HAIR RESTORED, PRESERVED, AND BEAUTIFIED

BY THE USE OF

ROWLANDS' MACASSAR OIL.

It prevents hair from falling off or turning grey, strengthens weak Hair, cleanses it from Scurf and Dandruff, and makes it BEAUTIFULLY SOFT, PLIABLE, and GLOSSY. In the growth of the Beard, Whiskers, and Mustachio- it is unfailling in its stimulative operation. For CHILDREN it is especially recommended as forming the basis of A BEAUTIFUL HEAD OF HAIR; while its introduction into the Nursery of ROYALTY, and the numerous Testimonials constantly received of its efficacy, afford the best and surest proofs of its merits.

INTERESTING FACT.

'The following singular and authentic case of Restoration of the Human Hair is worthy of observation, more particularly as it relates to an article of high and universal repute during the last half century. Mr. A. Hermann, of Queen Street, Soho, had been quite bald for some time past, and had tried various preparations for the recovery of his hair, but without any beneficial result. He was then induced to try the effects of "Rowlands' Macassar Oil;" and after daily applying it for about two months, he, much to his gratification, had his hair quite restored, and now possesses a beautiful head of hair. This fact speaks too strongly for itself to require comment.'—*Bell's Weekly Messenger.*

Price 3s. 6d., 7s., 10s. 6d. (equal to four small), and 21s. per bottle.

A BEAUTIFUL COMPLEXION, AND SOFT AND FAIR HANDS AND ARMS,

Are realized by the use of

ROWLANDS' KALYDOR.

It exerts the most soothing, cooling, and purifying action on the skin; eradicates *Freckles, Tan, Pimples, Spots, Discoloration,* and other *Cutaneous Visitations,* and renders

THE SKIN SOFT, CLEAR, AND BLOOMING.

Price 4s. 6d. and 8s. 6d. per bottle.

WHITE AND SOUND TEETH

are indispensable to PERSONAL ATTRACTION, and to Health and Longevity, by the proper Mastication of Food.

ROWLANDS' ODONTO, OR PEARL DENTIFRICE,

compounded of ORIENTAL INGREDIENTS, is of inestimable value in PRESERVING AND BEAUTIFYING THE TEETH, STRENGTHENING THE GUMS, and in giving a DELICATE FRAGRANCE TO THE BREATH. It eradicates Tartar from the Teeth, removes spots of incipient decay, and polishes and preserves the enamel, to which it imparts a PEARL-LIKE WHITENESS.

Price 2s. 9d. per box.

THOMAS CROGER'S NEW PATENT ÆOLIAN HARP

(In reality the only self-acting Musical Instrument in existence)

WILL produce Music in the Garden, Conservatory, Summer

House, on the Balcony or Window-ledge of the Nursery, or on board any vessel on the water, or the branches of trees, &c., without a performer. It merely requires placing on a table or stand, or laying across the branches of a tree, or it may be suspended from one, or from any convenient place. It does not signify whether it is placed perpendicular, horizontal, or diagonally; the object is to cause the draught to pass through where the strings are, which will set them in vibration, and bring forth the most melodious sounds ever heard. At a distance the tones are truly delightful; and what renders it so amusing is, that any one not being aware of its position cannot trace from whence it proceeds: the effect is so peculiar it seems to be in every direction at once. All persons are sure to be surprised and delighted at the romantic effect. It may be used by any one totally unacquainted with music, and will produce an endless source of amusement by its various sounds. Full instruction is attached to each one, in such a way that it cannot be damaged or removed. Prices—14s., 16s., 18s., 20s., 22s., 24s., 28s., 32s., and 36s., according to the number of strings and finish.

THE NEW PATENT EDUCATIONAL TRANSPOSING METALLIC HARMONICON, 2 Octaves with Semitones, 15s., 20s., 30s., and 63s.; 2½ Octaves, 18s., 25s., 35s., and 73s. 6d.; 3 Octaves, 21s., 30s., 40s., and 84s. They are all of the same quality of tone; it is the finish of the Case which makes the difference in the prices of the same size. A very handsome Book of Instruction is given with each one. The Notes cannot be put out of tune or broken.

Harmoniums, Pianofortes, Organ-Accordions, Concertinas, Violins, Cornopeans, Flutes, Clarionets, Fifes, Drums, Cymbals, Triangles, and every instrument and article in the Music business, of the highest possible quality, and on the most advantageous terms.

Keys, Vibrators, Bellows, and all parts necessary for Harmonium-making. Pipes, Stops, &c. for Organ-building. Price Lists, with Testimonials from very many Professors and Amateurs, forwarded on application.

## HUBBUCKS' PATENT WHITE ZINC PAINT.

By their process, which is patented, the Pure White Zinc Paint is cheaper than White Lead. It is the most durable and beautiful paint known, and does not stain or discolour with the atmosphere of large towns.

Those direful maladies, Paralysis and Painters' Colic, which destroy health and entail suffering and misery on posterity, will be entirely avoided. Apartments may now be immediately occupied without danger. It is entirely free from any poisonous or pernicious property.

It is especially adapted for painting iron, as, by virtue of a semi-galvanic action, it enters the pores and forms an amalgam of the two metals, which protects the iron from decay or incrustation. It should be used instead of Red Lead, which is proved to be destructive to iron when exposed to salt water.

### ADULTERATIONS.

Some Paint Grinders have been selling Zinc Paint adulterated with Sulphate of Barytes, in proportions varying from ten to thirty per cent. No workman can produce good work with such material. Those who have obtained the Patent White Zinc Paint from Grinders who have not adulterated it, will never willingly use any other Paint for their best work.

To prevent the prejudice which the inferior article must produce, each cask of pure White Zinc Paint is stamped—

**"HUBBUCK, LONDON PATENT."**

Inferior Zinc Paint, so marked, having been sold in Foreign Markets, the Patentees offer a reward of FIFTY POUNDS for information which shall lead to the conviction, in an English or Colonial Court, of those who have pirated their mark. Both Exporters and Retailers are liable for its sale.

**THOMAS HUBBUCK & SON,  
WHITE LEAD, OIL AND VARNISH WORKS,  
24 LIME STREET, LONDON, E.C.**

"For public schools, and all rooms occupied by children, there will now be no excuse for using poisonous paints. Parents have remarked that their children, on returning from the country to newly-painted houses, have suffered in health. The reason is evident; the breath extracts the poison from White Lead even after the paint is dry, and the lungs draw in the deadly vapour."

"Among other tests to which it has been subjected, has been that of rainting the hold of a sugar vessel, which, after a voyage to St. Kitts and back, was found, after washing, to be as white as the first day the paint was applied."—JOHN BULL, *Sept. 14, 1850.*

### HUBBUCKS' PALE BOILED OIL,

For White and Light Paints, a quick, hard and certain drier. The colour of bleached Linseed Oil. But little dearer than the common dark Boiled Oil.

*N.B. White Zinc does not require Bond and Sureties on Exportation, not being Contraband of War, like White Lead.*
