ones not yet set up in sufficient consecutive order to admit of their being entered.) It will also be borne in mind, that the old Liberties of the City are now added to the County at Large, in accordance with the Municipal Act, therefore instead of looking for names of residents of Glanmire and Blackrock, for example, in the City alphabet, reference will have to be made to that of the County—for the publishing of the first Edition of which, the Author modestly claims credit.

And here the Editor and Proprietor, begs to acknowledge his obligations to those kind and distinguished Patrons and Friends, who countenanced his undertaking and approved its object; and the attainment of whose favor supported him under the *severe labours of many months*: in particular, he owes much for the part taken by Arthur Wm. Webb, Esq. City Post-master, and the Gentlemen of his office; also to the several County Post-masters, and respectively to Messrs. Whitney, Curtis, Spearing, Hagarty, &c. of Her Majesty's Customs, Excise, the Harbour and Wide Street Boards, &c. &c.

Post Office, 1842.

GENERAL NOTE.

A word in explanation regarding the contents is here respectively offered. In compiling the Cork General Directory, the object was not so much to copy what has already appeared in such Books as the Almanacks for the year, into the first Edition particularly, and this, it is hoped, has been accomplished by the variety of topics introduced into its pages; to refer to but one or two new features will suffice—namely, the complete, important “Post Office Directory,” and “The Directory of the County at Large.” However as already stated in the Advertisement with which the Book opens, progressive improvement, where it may be necessary, will be made in each new Edition.

NOTE.—Noblemen and Gentlemen having become subscribers, and who may not find their names in this list, will not deem such omissions disrespectful, as the size of the Book originally contemplated has been exceeded, in order to make room for some additional matter, so that the Proprietor was compelled to give only a *running* and necessary limited return; which it is hoped will however, sufficiently represent each class, and interest, and serve to shew, the great circulation of this Periodical, as an Advertising Medium within the Borough and through a vast extent of Country—several highly respectable names came too late for insertion, but will be given in the second Edition.

ADVERTISEMENTS

The Editor has much satisfaction in being able to invite attention to the various and Respectable Advertisements spread over our Periodical, emanating, as many of them do from our Fellow-Citizens, while some others are from parties in London, Birmingham, Wolverhamptom, and other parts of England, having extensive interest in this Country, as their names will shew. The whole we have no hesitation in saying, presents a mass of advertisements, without precedent in any similar work, either in this or the sister Kingdom that we have seen or heard of; and we will not add more, than that, the fairness of their character, and the universal bearing of the subjects which they represent, coupled with the advantages offered by fair competition, render them worthy the attention of heads of Families, country gentlemen, shipping and mercantile Interests, and the citizens generally;—In a word, a cursory perusal will be their best commendation.

*. To Landlords,--- This Advertisement should be rendered, ' and will execute commissions.'

MONEY ORDERS.

February 1841.

As there is great risk of Loss in transmitting Letters containing Coin through the Post, Parties having occasion to remit small sums in Cash are recommended to make use of the Money Order Office, where they will incur no hazard, while those who may desire to remit Bank Notes or Drafts, payable to bearer, are requested to cut them in half, sending each half, if possible, by two different Posts. In the case of Bank Notes or Bank Post Bills being sent, the Numbers, Dates, and Amounts should be carefully taken.

Money Orders, for sums not exceeding Five Pounds, are granted and paid by every Post Town in the United Kingdom, and in London by the Chief Office in St. Martins-le-Grand, and also by the Three Branch Offices, Charing Cross, Cavendish Street, and the Borough.

Charge for Orders not exceeding £2.....3d.
do. do. 5.....6d.

Drawn on Paper of sufficient size to admit of corresponding at foot.

In cases where personal attendance is inconvenient, if the Receipt is properly signed by the person to whom the order is made payable, and the party presenting the order for payment can afford full information as to the *Christian Name, Surname, Address, and Occupation of the person who originally obtained the order*, payment will be made to the party presenting the order, but unless these conditions are *strictly* complied with, it will be refused.

N. B.—Money Orders, drawn and paid every day, (except Sunday) between the hours of 11 A. M. and 3 P. M.

Letters may also be Registered on payment of a fee of 1s. in addition to the Postage.

With the great convenience thus afforded for transmitting small sums at so low a charge and the power now given of Registering Letters containing value, it is hoped the Public will no longer forward such Letters of value except in one or other of these methods.

Should any packet above the specified weight be put into the Letter Box for any others than those excepted, it will be forwarded to the Dead Letter Office.

DEEDS.

6th January, 1840.

Deeds above the weight of 16 oz., are permitted to be forwarded by Post, if sent open or in covers open at the sides, so that it may be clearly ascertained by Postmasters, that the Packets transmitted are Deeds. They may be tied up with string and sealed, in order to prevent inspection of contents, though they must be open at the sides, that it may be seen they are entitled to the privilege.

Town Letters and Penny Post Letters will all, if unpaid, be 2d. even under half an ounce, and there will be no difference whatever in charging them from any other Letters, according to Weight. Letters of the same weight must be sent by them as by the General Post, and at the same charge.

Re-directed Letters are to be charged at the *pre-paid rate*, whether they were paid or not when originally posted.

Letters for Foreign Countries to which the payment is optional, having on them Stamps of less value than the proper Postage, will be charged the *full rate* as if there were none; and Letters for Foreign Countries to which the previous payment is *cumulsory*, posted with Stamps of less value than the amount of Postage, will be sent to the Dead Letter Office.

POSTAGE STAMPS.

May, 1840.

In those cases where the Value of Stamps on the Letter is less than the amount of the Postage to which it would be now liable, if pre-paid, the Letter will be charged Double the Amount of such difference on delivery. An Inland Letter, *for example*, weighing more than Half-an-Ounce, and not exceeding an Ounce, if bearing *only* a Penny Stamp, will be charged 2d. on delivery.

The same Regulation applies to Letters pre-paid by Money, where the full and proper rate of Postage has *not* been paid in advance.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament*, if the Stamps, however, should be less in value than the proper rate of Postage to which these documents are subject, only the difference, and *not* Double the difference, will be charged.

All these Regulations will be applicable to Newspapers in those cases where *they* are liable to Postage.

It must be distinctly understood that it is *optional* with the Public either to use Stamps or to forward their Letters, &c., pre-paid or unpaid, as at present.

SHIP LETTEES.

Ship Letters between all places in the United Kingdom are also 1d. each ; and Ship Letters to and from all Foreign Places are 8d. under half an ounce ; for example, a Letter to America from Donegal, addressed by Ship from Liverpool, and not exceeding half an ounce, will be 8d. ; and to India also 8d., when addressed by private Ship. It is however indispensable that the word " Private Ship " should be written on Letters intended for that conveyance, or the Letters will be sent by Mail Packet, (and the difference charged to the Postmaster by whom they are forwarded).

Letters to and from Soldiers and Sailors will be sent for 1d. if not exceeding half an ounce, and their Letters are not subject to additional Postage on re-direction ; but the privilege formerly enjoyed by Officers of the Army, Navy, and Ordnance, of not being charged Postage on re-direction of their Letters has ceased, and they will now be treated precisely as other Letters.

NEWSPAPER ADDRESSES.

July 1842.

Parties forwarding Newspapers by Post, may write the address on the printed part of the Paper itself, as well as on the Envelope, with a view to secure their more regular transmission—but nothing more must be written on the Paper, than the Address of the Party for whom it is intended, as it would then become liable to *Treble Postage*.

Foreign and Colonial Papers re-posted in this Country will NOT be charged as formerly with the Postage of a single Letter, but FULL Letter Postage according to weight ; if brought by Post into this Country, and re-directed without being opened, they are not liable to additional Postage.

Newspapers duly stamped, and posted within seven days after the day of publication, may be sent free by Mail Packets to

From *August to January*, inclusive, the Packet touches at Pernambuco and Bahia on her *outward* passage to Rio Janeiro, and the other Six months on her *homeward*

Letters for France, not paid, and under half an ounce, will be taxed (in the upper left hand corner) 10d.

REGISTRATION OF LETTERS, &c.

The Postmaster, &c., on being applied to, to register a Letter, will demand a Register Fee of *One Shilling*, and will write distinctly on the front of the Letter, "*Registered Letter*"; he will also stamp the Letter plainly, and enter the address and number of it on the left hand side of his Receipt Book, giving the party applying, the receipt, which he will tear out of the book, and upon which he must also enter the address of the Letter, so as to correspond with the entry in the book; the receipt must also bear the impression of the Office Stamp.

The *Postage* on Registered Letters must in every case be *paid in advance*, as well as *Registration Fee*; and in the case of Letters to *France*, a double French rate. The charge therefore on a Registered Letter to *France* will be 1s. and the English rate to *France*, in addition to *double the French* rate, to the place where the Letter is addressed, will be charged.

On Letters passing *through France* and all other Foreign and Colonial Letters, the Fee for Registration will be 1s. in addition to the Postage to which such Letters are now liable; which Letters, if bearing a sufficient number of Stamps, will be considered paid Letters, but the *Registration Fee of 1s. must always be paid in Money*, (and entered on the bill as postage).

The full Address of Registered Letters will be entered on the Letter Bill, and the Letter itself if not for, or to pass through Dublin, &c., and if paid in a Principal Post Town will be enclosed in one of the Green Printed Receipt Covers, and carefully tied up with the Letter Bill. This Green Cover however, must not be sealed, in order that each Postmaster may satisfy himself that it contains the Registered Letter.

No Letter can be received in order to be registered, unless it shall be brought to the Post Office *half-an-hour* before the closing of the box for the particular Mail or Bag by which it is to be despatched, unless where otherwise provided for.

The Postmasters at *Forward Offices* will enter the Address of these Registered Letters on their Letter Bills, and Registered Letters when *re-directed*, must of course be carefully entered on the Letter Bill with which they are *forwarded* to their *new* Address.

On the delivery of a Registered Letter to the party to whom it is addressed, a receipt must be taken by the Letter Carrier, (as was *formerly* the case with "*Money Letters*,") which receipt must be carefully preserved by the Postmaster, as the voucher for its safe delivery, since he will be held responsible for the Letter if he cannot produce the receipt as proof of the delivery when applied to for it from the General Post Office.

Postmasters, &c., will be most careful in complying with all these regulations, as they will be held responsible for the security of Registered Letters while passing through their hands; as they will bear in mind that it is only by a strict compliance with these orders that they can discharge themselves of this responsibility.

No Letters can be refused to be Registered, whether Inland, Foreign, Colonial, or Ship Letters, provided the Letters are posted in sufficient time, and the Registration Fee and Postage are paid in advance, and the other regulations in force with each class of Letters are duly complied with.

Petitions and Addresses to Her Majesty are exempt from Postage.

Petitions to Members of both Houses of Parliament are to be sent without charge, if they do not exceed 32oz., if above that weight they are to be forwarded, but the full Postage charged on them.

The fees for late Letters being now Revenue, there is no *discretionary* power after the prescribed hours of closing the Receiver, to take a letter for the Mail *in preparation* for despatch, *WITHOUT* the specified fee, which must be regularly brought to credit; *but letters not for the Mail then being made up, are to be taken at the window without a fee when the Box is closed.*

The Ordnance Tin Cases will also be taxed according to weight.

INDIA VIA FALMOUTH.

Mistakes having occurred with Letters addressed to INDIA, MALTA, the IONIAN ISLANDS, GREECE and ALEXANDRIA, it is requested that all Letters intended to be sent by the route of Falmouth, shall be marked "*via Falmouth,*" (Postage 1s); if not so marked they will be retained, to be sent by the India and Malta Mail, which is conveyed under the New Convention through France, and forwarded from Marseilles in *British packets* once a Month.

Those Letters intended to be sent to INDIA, MALTA, the IONIAN ISLANDS and ALEXANDRIA *via Marseilles*, by the *French packets* sailing from that Port on the 1st, 11th and 21st of each Month, in the ordinary French Mail from London, should be addressed "*by French packet.*"

AMERICAN LETTERS.

August 1840.

Letters addressed to *British North America*, or the *United states*, not plainly written on to go "*by private ship,*" must be considered, as intended to be forwarded by the *Contract steam packets* from *Liverpool* to *Halifax and Boston*, and the Packet Postage of *One shilling* will be charged accordingly.

A very common practice exists of writing upon Letters addressed to the United States, "*BY NEW YORK PACKET,*" *via NEW YORK,*" *via LIVERPOOL,* &c., &c."

Although every Letter to North America NOT INTENDED to go by the *Liverpool, Halifax and Boston Contract Steam Packets*, must be distinguished by the words, "*By Ship;*" or, "*By Private Ship;*" to entitle them to the reduction to 8d. made on Letters so marked, they otherwise will be charged 1s.

THE CANADAS.

July 1840.

Letters for Canada, conveyed by the North American Packets from Liverpool, if specially addressed "via Boston," will be forwarded by that route, in the United States Mail, provided the Packet Postage is paid in advance.

MAILS FOR MADEIRA AND THE AZORES.

February 1842.

All Letters addressed to Madeira, or, to the Azores which have hitherto been conveyed to the former Island by the Brazil Packet, will in future be forwarded by the West India Contract Steam Packet, *unless specially* marked to be sent by any other channel.

The Mails will be made up in London on the 1st and 15th of every month, except when those dates fall on Sunday, and in those cases they will be made up on the succeeding day.

SOUTH WESTERN AMERICA.

January, 1842.

Letters to or from PANAMA, or any of the ports or places on the Western Coast of South America, when forwarded by the route of Panama, will not in future be liable to any Inland Rate in whatever part of the United Kingdom they may be posted or delivered, but must be charged only with the uniform Packet Rate of One Shilling per half ounce, instead of with the combined Packet and Inland Rate of One Shilling and two pence per half ounce.

The following is a list of the States on the Western Coast of South America, with the Names of the principal places in each:—

NOTE ON FOREIGN LETTERS.

3rd February, 1840.

It being a frequent practice to leave *Foreign and Ship Letters* at the Post Offices with a Penny, while the Clerks are engaged for the moment with other Parties, all such Letters, subject to higher Rates, so left by the Parties posting them, will not be forwarded, but will be sent to the Dead Letter Office, to be returned to the Writers.]

HOLLAND AND HAMBURGH via DUBLIN.

January 1842.

All Letters from the Country, intended to be forwarded by the *Holland and Hamburgh* Mails, arriving in Dublin on the Mornings of Monday and Thursday will be despatched by the Packets that convey the Mails made up in London on the nights of Tuesday and Friday.

FOREIGN NEWSPAPERS.

FOREIGN Newspapers imported into the United Kingdom brought as consignments, whether bound or unbound; and Foreign Newspapers brought in the baggage of passengers, if bound, are to be charged with duty as unenumerated manufactured article; but Foreign Newspapers brought in the baggage of passengers, unbound, are to be admitted to entry without payment of duty.

☞ The above order is not applicable to Newspapers brought with letters and addressed to persons resident in this country. Such as are landed under those circumstances must be forwarded to the Post Office with the Ship letters, that the customary postage may be levied by that department.—*Customs minutes.*
