P R E F A C E.

IN submitting to the Public the First Issue of the TUNBRIDGE WELLS AND TUNBRIDGE DIRECTORY (corrected to the end of September), a few words are necessary respecting the nature of its contents.

The streets have been compiled from a house-to-house canvass of the town, and in each street the intersecting streets are introduced,—a method which shows at once the position of any house in a street; and in the list of streets, those places which form portions of other streets, have their names printed in italics,—thus, *Belvedere-terrace*, Church-road, indicates that *Belvedere-terrace* is not an independent street, but that it forms a portion of Church-road, under which heading it will be found. It is hoped the introduction of these distinctions will add to the usefulness of the Volume.

The “Commercial” portion, besides an alphabetical list of persons carrying on business, contains, in alphabetical order, the Public Institutions and Charities of the Towns.

The “Trades” portion contains the Trading Community, arranged under their leading departments of business; it is also useful for reference to the great variety of Trades carried on in the Towns.

The “Court” portion contains, alphabetically arranged, a list of persons having private residences in Tunbridge Wells, Tunbridge, and the suburbs.

Every effort has been made to secure accuracy, and the Proprietors have great pleasure in returning thanks to those who have examined the proofs of the Work, and hope that notice of any inaccuracies which may have crept in, will be forwarded to the Publisher for correction in future Editions.

September 30th, 1867.

KEATING'S COUGH LOZENGES.

TRADE MARK.

A SAFE and CERTAIN REMEDY for COUGHS, COLDS, HOARSENESS, and other Affections of the Throat and Chest. In *Incipient Consumption, Asthma, and Winter Cough* they are unfailing. Being free from every hurtful ingredient, they may be taken by the *most delicate female or the youngest child*; while the PUBLIC SPEAKER and PROFESSIONAL SINGER will find them invaluable in allaying the hoarseness and irritation incidental to vocal exertion, and also a powerful auxiliary in the production of MELODIOUS ENUNCIATION.

Important Testimonial from a Clergyman in Essex.

“ August 25th, 1866.

“ Dear Sir,—I have derived so much benefit from using your Cough Lozenges, that I write to make you acquainted with the circumstances, and with the view of benefitting some one who may be inconvenienced by a winter cough. For many years I have been more or less troubled with a Cough, but during last winter it became so bad that I could scarcely read aloud. Having taken other remedies, some of them very nauseous, among them Cough no More, without obtaining relief, I tried your Lozenges, which are very palatable, and was agreeably surprised at the result of the trial. You are at liberty to make use of this communication. I remain, faithfully yours,

E. L. D.

“ To Mr. Keating.”

Prepared, and Sold in Boxes, 1s. 1½d., and Tins, 2s. 9d., 4s. 6d., and 10s. 6d. each by THOMAS KEATING, Chemist, &c., 79, St. Paul's Churchyard, London. Retail by all Druggists and Patent Medicine Vendors in the World.

THIS POWDER is QUITE HARMLESS to ANIMAL LIFE, but is unrivalled in destroying Fleas, Bugs, Flies, Cockroaches, Beetles, Gnats, Mosquitos, Moths in Furs, and every other species of insect.

A small quantity of it placed in the crevices of a bedstead will destroy Bugs, and as long as it remains they will not re-appear.

It is indispensable to Travellers by Rail or Steamboat, and Visitors to the Seaside, for protecting Bedding and Cabins from *Fleas, Bugs, Cockroaches, Moths, and Mosquitos*.

BLACK BEETLES.—Dusted about the haunts of these loathsome Insects, it so stupifies them that they may be easily swept up and destroyed.

Placed in Drawers, Chests, or Wardrobes, it protects Furs, Woollen Clothes, &c., from Moth.

Sold in Packets, 1s.; Tins, 2s. 6d. and 4s. 6d. each; or 1s. Packets, free by post for 12 Postage Stamps, and 2s. 6d. on receipt of 36. Also in Bottles, 1s. 2d., and with Bellows, 1s. 6d., and 3s. each, by THOMAS KEATING, Chemist, 79, ST. PAUL'S CHURCHYARD, LONDON, E.C.
