PREFACE.

THE Compiler very much regrets the great delay that has taken place in this, the first issue of the DIRECTORY OF THE CITY OF YORK AND NEIGHBOURHOOD, which has occurred through circumstances over which he had no control. A great portion of the work has been gone over twice; but the experience gained in this, his first attempt, will materially aid him in future publications, when such arrangements will be made as to prevent a recurrence of the difficulties alluded to.

A really good Directory of the City and Neighbourhood has long been wanted; and neither time nor expense has been spared in the present publication. How far it answers the wants of the public, time will determine. It can scarcely be expected that the first Edition will be free from errors; but, with the assistance of the public, succeeding issues will witness improvements in this, as well as in other directions. He may add, that any information or suggestions for the next Edition will be most thankfully received. To those Gentlemen in official positions who have most courteously given him valuable information, he feels gratefully indebted; and to the numerous subscribers and advertisers his best thanks are due.

DENNIS'S CELEBRATED FAMILY PILLS

Are deservedly the most popular Medicine known, and has been proved by thousands that they afford relief and perform cures when all other medicines have failed. Sold in Boxes, at 1s. 1½d. and 2s. 9d.

The most eminent of the faculty take Dennis's Pills, and the celebrated Physicians, Dr. Rawcliffe and Dr. Loy, strongly recommended them as a useful Family Medicine. Sold wholesale by G. DENNIS, York; and retail by all Medicine Vendors.

One of a party of four gentlemen from the South of England doing six days' walking in North Wales, writing to the proprietor of "Dennis's Family Pills," says:—"We traversed one hundred miles. In walking I was the toughest and much the oldest of the whole party, which speaks well for 'Dennis's Pills.' One of my fellow travellers, not feeling quite up to the mark, took a dose out of my box, and he found great benefit from the Pills. I have regularly taken your celebrated Family Pills above a quarter of a century, and always have a box by me."

Rheumatism, Gout, Tic-Doloreux, &c.

GARNER'S RHEUMATIC MIXTURE,

Has cured all who have properly taken it, and that number is becoming every day more considerable. We have not to go a hundred miles away to obtain evidence of the fact; several of the parties cured may be seen every day traversing our own streets.

"8, Lawrence-Row, York, August 6, 1863.

Sir,—I suffered all winter from Rheumatism in my arms, shoulders, and back of my neck; was under a Physician nine weeks without the least benefit. One 2s. 9d. bottle of 'Garner's Rheumatic Mixture' greatly relieved me; a second one has completely cured me.

I am, Sir, your obedient Servant, ROBERT DRUGGETT"

RHEUMATISM has been considered incurable. Such, however, is no longer the fact. **GARNER'S RHEUMATIC MIXTURE** has effected the most astonishing cures in this country. "Sir,—I had Rheumatism in my legs, arms, and hands 2 years, no rest at nights, but 'Garner's Mixture' cured me in 3 weeks. G. GREEN, York, March 11th, 1864."

Sold by all Chemists, in bottles, at 1s. 9d. & 2s. 9d.

INDIAN STARCH.

This Superior Article is strongly recommended to Laundresses and Heads of Families, by whom a Trial is respectfully solicited. For its PURITY, STRENGTH, and QUALITY it has never been surpassed. It does not require boiling, and is guaranteed to be entirely free from acid, so injurious to linen. Owing to its careful manufacture, it imparts to muslins, collars, lace, &c., a brilliant, glossy, firm, and elastic finish. It may also be

USED WITH COLD WATER ONLY,

By mixing to a smooth paste, and adding water in the proportion of a pint to two ounces of Starch. When made in this way, the linen should be ironed soon after starching to ensure a beautiful gloss.

TO BE OBTAINED OF ALL RESPECTABLE GROCERS.

Churches, Mansions, and other Dwellings heated by means of Hot Water in Cast Iron Pipes or Copper Gills.

F. and S. recommend their Registered Hot Air Apparatus; it is especially adapted for Warming Churches, and for Economy in Fuel.

IMPROVED LAUNDRY DRYING CLOSET.

THE IMPROVED DRYING CLOSET is particularly recommended for Laundries in large Establishments, Gentlemen's Mansions, &c.

It is furnished with Sliding Horses, which run in and out on rails; the number and size of the Horse of course depending on the amount of work required.

It can be heated by means of Hot Air, Hot Water, or Steam, the moisture of the clothes being rapidly extracted and carried away.

The clothes are thus dried in less time and in a better manner than by the old plan (which consists of a large suspending frame fixed over the ironing stove), in addition to which, the Laundry is kept free from damp, heated air; and all risks of accident, and of dropping the clothes on the stove, is entirely avoided.

Messrs. FRYER and SON will be happy to furnish Plans and Estimates for fitting up Kitchens, Drying Closets, Warming Apparatus, &c., in the country, and to send practical persons to take the necessary dimensions and other particulars.

REPAIRS of every description have prompt and considerate attention.

Patron	THE DEAN OF YORK.
Visitor	THE REV. G. W. GUEST, M.A.
Honorary Medical Officer ..	GEORGE HORNBY, Esq.
Superintendents	MISS MATHEW. MRS. BLENCOWE.

This Institution has now been working for more than a year, and so far has fulfilled the hopes entertained at its commencement. The children, under careful direction, have hitherto done almost the whole of the household work, for which they have shown an aptitude scarcely expected; and have also improved greatly in reading, writing, and needlework. The Superintendents have reason to believe that in far more important things their little ones have really improved; and, feeling that a blessing has been graciously vouchsafed, they have determined to enlarge their premises, and increase their numbers.

RULES.

1. The annual payment will be £9. But, in urgent cases, a girl from York or its immediate neighbourhood may be admitted on payment of an entrance fee of £5. Clothing as undermentioned will be required in each case: 2 night gowns, 3 chemises, 3 pairs of coloured knitted stockings, 2

flannel petticoats, 2 upper petticoats, 1 pair of slippers, 1 pair of boots *(strong)*, 2 frocks, 6 pinafores *(Holland)*.

2. Age of admission, from 3 to 10.

3. No girl afflicted with any such physical or mental infirmity as would be a decided obstacle to placing her out at the end of her term can be admitted.

4. No girl can be allowed to visit any friends, or to be visited by any, except those of whom the Superintendents approve.

5. Each girl must be *provisionally* admitted for a month, in order that the Superintendents may decide whether she is likely to profit by the care which would be bestowed upon her throughout her term, so as to become a useful member of the commonwealth; as, otherwise, it is not thought right to expend upon her the funds of the Institution.

6. Visiting days will be appointed (as occasion may require,) which will be made known to the friends of the girls.

7. Any one placing a girl in the Home must promise not to attempt her removal without the full consent of the Superintendents, or in any way to encourage disobedience.

8. In ordinary cases a girl will be retained until after her Confirmation, the time for which will be determined by the Visitor.

GIFTS OF OLD OR NEW CLOTHING WILL BE THANKFULLY RECEIVED,

As only three out of seven children are paid for according to Rule 1.

SUBSCRIPTIONS AND DONATIONS

Will be thankfully received by the Superintendents at the Home, or by the following Ladies:—

MRS. GUEST, 55, Holgate Terrace.
MRS. THOMAS JOLLY, 48, East Mount Road.
MRS. ATKINSON, 34, East Mount Road.
MRS. DARLEY, 2, St. Leonards.
MRS. HAWORTH, 10, Bootham Terrace.
MISS NOBLE, 20, Bootham Terrace.

Or may be paid to MISS MATHEW'S Account, at the York Union Bank.

WILLIAM MOWATT,

COAL, COKE, & LIME MERCHANT,

5, RAILWAY STREET, YORK,

SUPPLIES AT ANY STATION ON THE NORTH EASTERN RAILWAY the **TRIMDON GRANGE,** and **SOUTH HETTON,** DURHAM COALS, and the **SHARLSTON-WALLSEND, OAKS, and KILLINGBECK,** YORKSHIRE COALS; also the **Favorite MONK FRYSTONE Agricultural LIME.**

HARD STEAM COAL, BRICK and LIME BURNING COALS, and ENGINE SLACK.

THE TRIMDON GRANGE and SOUTH HETTON are very superior House Coals, and the South Hetton is also a Gas Coal of the First Quality.

THE OAKS (Barnsley) and SHARLSTON-WALLSEND are unsurpassed in quality for Household purposes, and are also very suitable for Making Gas. The Sharlston-Wallsend Colliery has only recently been opened, and the seam worked is that known as the **"Original Haigh Moor Coal."** The depth of the shaft is 510 yards from the surface, and is by far the deepest Colliery in Yorkshire, and 170 yards deeper than any other at which the Haigh Moor Seam has ever been worked. The Coal is (owing probably to its extreme depth) of a quality altogether superior to any under which it has hitherto been known in the market, being a perfectly clear and pure seam of the finest quality of Best House Coal, entirely free from dirt partings and the underlying inferior Coal with which other Collieries working the Haigh Moor Seam are so much troubled, and are obliged to sell as "Seconds" and "Thirds." This Coal must therefore be always of the best, and unmixed with inferior qualities—an assurance, which all who know the Haigh Moor Coal must duly appreciate.

Orders given to Station Masters, or forwarded direct to this Office, will receive prompt attention.
