RED JAMAICA SARSAPARILLA,

Prescribed by the Faculty for

Purifying the Blood, Debility, Liver Complaints,

and freeing the system from the effects of Mercury. Exclusively used in India and the Colonies as a Prevention to Tropical diseases.

"Superior preparation that may always be relied upon."—*Sir Astley Cooper.*
"We are in every respect satisfied with it."—*Lancet.*
"We recommend your Sarsaparilla as the best."—*Medical Review.*

Sold in quarter, half, and pint bottles.

CAUTION.—Many spurious, worthless and injurious preparations are offered to the public. See that both Bottle and Label have the Name and Address.

QUINTESSENCE OF JAMAICA GINGER & CAMOMILE.

WILKINSON'S Preparation of Ginger and Camomile has long been deservedly known as an excellent domestic medicine. It is a most efficient Stomachic Tonic, and the best remedy for Flatulency and disorders arising from impaired digestion. It is not affected by climate. No European in India or Tropical Countries should be without it.

Sold in one-eight, quarter, and half-pint bottles.

AROMATIC TINCTURE OF QUINOIDINE.

For the prevention of Fever, Ague, and effects of Malaria. An unfailing remedy.

It may be mentioned that those who, during the Campaign in the Crimea, daily took a small quantity, passed entirely unharmed through the raking fire of Fever and Dysentery that thinned the ranks around them.

Sold in half and quarter-pint bottles.

WHITMORE'S

COMPOUND LINIMENT OF ARNICA,

A Specific for the cure of Rheumatism, Lumbago, Sciatica, Sprains, Contusions, Weakness of the Joints, Chilblains, &c.

It is also an excellent remedy as a stimulating application to the surface of the Chest and Back in Bronchitis, Inflammation of the Lungs, Pulmonary Consumption, and Hooping Cough. When the Liver is inactive, rubbed over it, its stimulating properties have a beneficial effect, and in all cases where counter irritation is desirable, it will be found invaluable.

In bottles, quarter-pints, half-pints, and pints.

WILKINSON'S

BRONCHIO-THORACIC LOZENGES.

Prepared from the receipt of an eminent Physician, and experience has fully justified their recommendation as the most speedy remedy in IRRITATION OF THE THROAT, CATHARRAL COUGHS, BRONCHITIS, INCIPIENT CONSUMPTION, SPITTING OF BLOOD, &c., &c. To public speakers and vocalists they will be found invaluable, as they impart a clear and beautiful tone to the voice. Free from any preparation of Opium, and of an agreeable taste, they are applicable to all.

WHITMORE'S

STOMACHIC DINNER PILLS.

No Pill is so efficacious in promoting DIGESTION, strengthening the STOMACH, correcting ACIDITY, preventing or removing HEADACHE, GIDDINESS, &c., arising from a COSTIVE HABIT, DEBILITATED STOMACH, or TORPID LIVER.
They require no change of DIET, and those of the MOST DELICATE CONSTITUTION may take them with safety.
Taken as an adjunct with WILKINSON'S SARSAPARILLA with the greatest success.

To be procured at all the principal Establishments in India, China, and the Colonies.

KEATING'S COUGH LOZENGES.

The vast increase in the demand for these COUGH LOZENGES, and the numerous Testimonials constantly received, fully justify the Proprietor in asserting they are the best and safest yet offered to the Public for the cure of the following complaints:—ASTHMA, WINTER COUGH, HOARSENESS, SHORTNESS OF BREATH, and other PULMONARY MALADIES. They have deservedly obtained the high patronage of their Majesties the King of Prussia and the King of Hanover; very many also of the Nobility and Clergy, and of the Public generally, use them, under the recommendation of some of the most eminent of the faculty.

Important Testimonial from a Clergyman in Essex.

"August 25th, 1866.

"Dear Sir,—I have derived so much benefit from using your Cough Lozenges, that I write to make you acquainted with the circumstances, and with the view of benefiting some one who may be inconvenienced by a winter cough. For many years I have been more or less troubled with a cough, but during last winter it became so bad that I could scarcely read aloud. Having taken other remedies, some of them very nauseous, among them Cough no More, without obtaining relief, I tried your Lozenges, which are very palatable, and was agreeably surprised at the result of the trial. You are at liberty to make use of this communication.

"I remain, faithfully yours,

"To Mr. Keating." "E. L. D."

Prepared and sold in Boxes, 1s. 1½d., and Tins, 2s. 9d., 4s. 6d., and 10s. 6d. each, by THOMAS KEATING, Chemist, &c., 79, St. Paul's Churchyard, London. Sold retail by all Druggists and Patent Medicine Vendors in the World.

CHILDREN'S WORM TABLETS

(KEATING'S).

A PURELY VEGETABLE SWEETMEAT both in appearance and taste, furnishing a most agreeable method of administering a well-known remedy for INTESTINAL OR THREAD WORMS.

It is a perfectly safe and mild preparation, and is especially adapted for Children, being as harmless in its action as it is prompt and certain in its effects; and may be taken with impunity by the most delicate constitution.

"Hydrographic Office, Admiralty, 30th September, 1867.

"On Wednesday last my wife purchased at your shop a tin case of your Worm Tablets. She gave only four in three days to my little boy, 5½ years of age, as he has had a sad cough, and looked ill, with a tickling of his nose for the last eight months, and on Saturday afternoon he voided a large worm eight inches in length, and he appears already to be a different child.

"Your obedient servant,

"EDWARD DUNSTERVILLE, Commander R.N."

From *The Field*, October 19th, 1867.

"CORDING'S SHOOTING BOOTS.—Will you allow me to call the attention of sportsmen to a boot which has just been brought out by Mr. CORDING, the well-known waterproofer in the Strand? Early this season he made a pair for me in accordance with instructions which I furnished. They have stood the ordeal of very severe work amongst flinty ground, briars, and high wet swedes and rape, and they have given me complete satisfaction. I was shooting all day in a very wet covert last September, when my two companions remarked that their feet were thoroughly wet, as (one of them observed) he supposed mine were. As the day's sport was over, I stopped at the next stile, and drawing off my boot, I let him ascertain for himself that there was not the slightest moisture. I will further observe that these boots are as soft and pliable as though they were made of kid, and that in writing these lines I simply desire to give useful information to my brother sportsmen. I intend to use nothing else in wet walking, and at all times they are thoroughly comfortable.—IDSTONE."

HISTORY

OF THE

OFFICES OF THE SECRETARIES OF STATE,

1253 TO 1868.

THE earliest mention of a Secretary to The Sovereign occurs in the 37th year of the reign of Henry III, 1253.

There was only one Principal Secretary of State until the 30th year of the reign of Henry VIII, 1539, when the number was increased to two, both being of equal rank and authority.

Upon the union with Scotland, in the 6th year of the reign of Queen Anne, 1708, a third Principal Secretary of State was added, viz., for Scotch Affairs, but this appointment ceased in January, 1746.

In the 8th year of the reign of George III, January 20, 1768, a Principal Secretary of State for the American or Colonial Department was added, but this appointment was abolished in 1782.

At the time when only two Principal Secretaries of State existed, the duties were divided between the North and South Departments—the Northern Department, or Province, included the Low Countries, Germany, Denmark, Sweden, Poland, Russia, &c.; and the Southern Department, or Province, France, Switzerland, Italy, Spain, Portugal, and Turkey, &c.

In the 17th year of the reign of George III, March 27, 1782, the terms "Northern" and "Southern" were discontinued; when the duties were divided between tne "Home" and "Foreign" Departments—the affairs of Ireland and the Colonies devolving upon the elder of the two Secretaries.

In the 29th year of the reign of George III, July 17, 1794, a Principal Secretary of State for War was appointed; and the business of the Colonies, which had hitherto been carried on at the Home Department, was transferred to that Secretary, March 17, 1801.

In the 17th year of the reign of Victoria, June 12, 1854, a Fourth Principal Secretary of State was appointed, when the business of the War Department was separated from the Colonial Department.

In the 22nd year of the reign of Victoria, September 2, 1858, on the abolition of the East India Company's Charter, a Fifth Principal Secretary of State was appointed for the Affairs of India.

There are now Five Secretaries of State, viz., for the Home, Foreign, Colonial, War, and India Departments.

And in his despatch dated Head Quarters, Camp, Cawnpore, December 12, 1857, he stated, "When I passed the camp and went forward on the Calpee road, Major-

General Mansfield was desired by me to make arrangements for the attack of the position called the Subadar's Tank, which extended round the left rear of the enemy's position in the old cantonments:" and, "I have a particular pleasure in again bringing to your Lordship's notice the zeal and great ability with which Major-General W. R. Mansfield, Chief of the Staff, has conducted the very important duties of his high position, and my obligations to him for the most valuable assistance he has afforded me during the whole of the recent operations. I desire also to call your Lordship's attention to the able and distinguished manner in which he conducted the troops placed under his orders, after the enemy's centre had been divided, to the attack of their strong position at the Subadar's Tank, and to recommend to your Lordship's favourable consideration the names of the officers who assisted him." Major-General Mansfield was slightly wounded on the occasion. It is impossible for me to praise this officer too highly, or to recommend him sufficiently to the protection of your Lordship and of the Government." Mansfield, K.C.B., the Chief of the Staff. As it seems probable that active operations will now cease, I have the greatest pleasure in seizing the opportunity of recording my grateful sense of what I owe to this officer, and of recommending him in the strongest possible manner for the favourable consideration of your Excellency. Sir W. Mansfield executed all the details of the various operations which I had thought it advisable to order, with the greatest ability and showed the most unwearied diligence in directing as was necessary, the simultaneous movements of so many bodies of troops scattered often in small detachments over a very great extent of country; and his care and attention have in a great measure tended to bring about the very rapid and favourable results which have been obtained, and the course of which has been already related." entered the Royal Navy in June 1828, as Volunteer of the Second Class, and served in the Channel, west coast of South America, and Mediterranean, when he was appointed Second Master to the Alban steam-vessel. On that vessel paying off in February 1836, joined Colonel Light, the first Surveyor-General of South Australia, as an Assistant Surveyor. Was the first in what is now called Port Adelaide, entering it by the northern channel when searching for a harbour in St. Vincent's Gulf, while holding the office of Marine Surveyor under Colonel Gawler. Sounded and surveyed Lake Alexandria, and finally succeeded in taking a vessel (a cutter of six feet draught) in by the sea mouth of Lower Murray, to, what was named by the Governor, Port Pullen, thus opening a water communication with the sea and interior by the River Murray. About the middle of 1841 left Adelaide, and arrived in England in April 1842, touching at Moulmein and Cape on way home. In June 1842 re-entered the service as Midshipman, and was appointed to the Columbia, about to proceed to the Bay of Fundy, to survey it under the direction of the late Admiral Owen, and was named as one of his assistants. In November 1846 was made a Lieutenant; and on the Columbia paying off, in February 1848, was named for the Plover, the first ship sent in search of Sir John Franklin. In consequence of her not coming into Panama, where he was sent to await her arrival, he did not join her until July 15, 1849, in Kotzebue Sound, Arctic America, and ten days after, at midnight, left her, in command of the boats, for the mouth of the River Mackenzie on search of the coast of Arctic America. Entered the Mackenzie on August 23, and commenced the ascent of the river on August 29, arriving at Fort Simpson, one of the Hudson Bay Company's posts, October 3, where he wintered with a portion of his boats' crews, fourteen in number; the rest distributed over the country—some at Fort Macpherson, on the Peel, others on the Great Slave Lake (the extremes not less than 1,000 miles apart)—for subsistence on the ice, breaking up, and cleaning out of the rivers. In June 1850, with his re-united party, he left Fort Simpson, with the fur traders' brigade of boats, for York Factory. When on the Great Slave Lake, he met a despatch from England, ordering him to the coast again in search of Franklin's expedition, but to proceed easterly from the mouth of the Mackenzie as far as Cape Bathurst, and then strike off to the northward. This same despatch brought him a commission as Commander, bearing date January 1850. This second expedition failed, like others, in as far as nothing was successful in the main point; and after enduring many hardships reached Fort Simpson again on October 5, 1850, the ice making fast, and often seriously impeding their progress to their winter quarters. In June 1858 he again left Fort Simpson for York Factory, Hudson Bay, passing through the interior of North America, by its rivers and portages, and finally, on August 28, reached York Factory; here embarking on September 9, in the Hudson Bay Company's ship, and arrived in England in October 1851. In February 1853 he was appointed to command the North Star, one of the squadron under Sir E. Belcher, and the only one that returned to England out of the squadron of five, except the Resolute, one of the abandoned ships; but she was picked up only a year after, and brought to England in 1856. The North Star was paid off in October 1854, and just one month after he was appointed to the command of the Perseverance. Her beginning was disastrous, falling over in the Dock at Woolwich, when he, and what men he had entered, were transferred to the Falcon, sloop of war, of 17 guns. In June 1855 he left Spithead to join Admiral

Baynes' squadron, and served in the Baltic in 1855 and 1856; the latter period, with the advance squadron, under Captain R. B. Watson. Formed one of the ships of the Starboard Division at the Naval Review at Spithead. Was made a Captain, May 10, 1856. Studied at the Naval College, Portsmouth, for the twelvemonth allowed by the Admiralty. Was appointed to the command of the Cyclops, September 15, 1857. Was present at the Massacre of Jeddah; was ordered to bombard the town; was Commissioner for the Settlement of the Affairs at that place, from July 31 till November 28, 1857, when he received orders that in consequence of his presence being required elsewhere, he was superseded by Mr. A. Walne, late Consul at Cairo, and as soon as he handed over all documents, &c., proceeded to sea in pursuance of orders from the Admiralty to carry on the soundings for the telegraphic cable. REGULATIONS
CONCERNING THE
PRECEDENCE OF DIPLOMATIC AGENTS.
(In force, March 1868.)

Act 17, *annexed to the* TREATY OF VIENNA, *of June* 9, 1815.

In order to prevent the inconveniences which have frequently occurred, and which might again arise, from claims of precedence among different Diplomatic Agents, the Plenipotentiaries of the Powers who signed the Treaty of Paris have agreed on the following Articles, and they think it their duty to invite the Plenipotentiaries of other Crowned Heads to adopt the same regulation:—

Article I.—Diplomatic Agents are divided into three classes:—That of Ambassadors, Legates, or Nuncios; that of Envoys, Ministers, or other persons accredited to Sovereigns: that of Chargés d'Affaires accredited to Ministers for Foreign Affairs.

II. Ambassadors, Legates, or Nuncios, only, have the representative character.

III. Diplomatic Agents on an extraordinary mission have not, on that account, any superiority of rank.

IV. Diplomatic Agents shall take precedence in their respective classes, according to the date of the official notification of their arrival. The present Regulation shall not cause any innovation with regard to the Representatives of the Pope.

V. A uniform mode shall be determined in each State for the reception of Diplomatic Agents of each class.

VI. Relations of consanguinity, or of family alliance between Courts, confer no precedence on their Diplomatic Agents. The same rule also applies to political alliances.

VII. In Acts or Treaties between several Powers which grant alternate precedence, the order which is to be observed in the signatures shall be decided by lot between the Ministers.

The present Regulation is inserted in the Protocol of the Plenipotentiaries of the Eight Powers who signed the Treaty of Paris at their sitting of the 19th March, 1815.

Signed in the alphabetical order of the Courts by the Principal Plenipotentiaries of Austria, (Espagne) Spain, France, Great Britain, Portugal, Prussia, Russia, Sweden.

Conferences of the Five Powers at Aix-la-Chapelle. (Ministers Resident.

PROTOCOL, *November* 21, 1818.

In order to avoid inconvenient discussions which might in future arise upon a point of Diplomatic Etiquette, which appears not to have been anticipated in the Annex to the Treaty of Vienna, whereby questions of precedence were regulated, it is agreed between the Five Courts, that Ministers Resident accredited to them shall form, with respect to their precedence, an intermediate class between Ministers of the Second Class and Chargés d'Affaires.

10. That they have a general knowledge of the constitutional history of England, to be acquired from Blackstone's "Commentaries" (Ker's Edition, 1862), and Hallam's "Constitutional History of England."
11. That they have a general knowledge of the political history of Europe, and of the United States of North America, from the Treaty of Paris, in 1815, to the Treaty of Villafranca, in 1860, comprising an acquaintance with the most important international transactions during that period.

In the second examination, which must be undergone in the interval between the grant of a commission as Third Secretary and that of a commission as Second Secretary, candidates will be exempted from re-examination in the 1st, 2nd, 5th, 6th, 7th, and 10th subjects in which they have passed in their previous examinations; but they must satisfy the examiners in regard to the following points:—

1. General intelligence, as evinced by the manner in which they acquit themselves, and specifically by the quickness they may show in seizing the points in papers read by them, or read over to them, once or twice.
2. Précis writing.
3. That they have a general knowledge of French grammar; that they can converse fluently in that language on ordinary topics; and can translate correctly from English into French, as well as from French into English.
4. That they have a general knowledge of German grammar, and can translate correctly from German into English; or if the candidates, between their first and second examinations, have not resided a reasonable time, 12 months for instance, in Germany, they may, if they desire it, substitute in their second examination, for a general knowledge of German grammar and for correct translation from German into English, the same qualifications in some other foreign language besides French.
5. That they have a general knowledge of the political history of Europe, and of the United States of North America, from the Treaty of Versailles, in 1783, to the Treaty of Villafranca, in 1860, comprising the most important international transactions during that period.
6. That they have a general knowledge of political economy, to be acquired from Adam Smith's "Wealth of Nations," and Mill's "Political Economy."
7. That they have a general knowledge of Maritime and International Law, to be acquired from Vattel, Wheaton's "Elements of International Law," and the first volume of Kent's "Commentaries."
8. They must satisfy the examiners, by submitting to them a general report on the commerce of the several countries in which they have resided, and on their political relations with other countries, that they are competent to draw up such a report: and they must be prepared to answer any questions put to them by the examiners within the limits of such report.

* Candidates who have passed the first public examination in Classics at one of the Universities in Great Britain or Ireland, or at the Royal Academy at Woolwich, or one of the public examinations for the Army or Navy, will be exempted from being examined in Latin; but candidates claiming this exemption must, on going up for examination, exhibit to the Civil Service Commissioners a certificate from the duly constituted authorities, examiners, or others, under whom they have been examined, that they have passed the first public examination in Classics, in whatever manner that examination may have been conducted, and to whatever point directed.

2. *Period of Service of Attachés.*

The service of Attachés will reckon from the date of the certificate first granted by the Civil Service Commissioners, and will be considered as probationary for 4 years from that date, during which period the Attachés must have been employed for 6 months in the Foreign Office, and must also have actually resided at one of Her Majesty's Embassies or Missions abroad, or have been actually employed in the Foreign Office, for such a time as in the aggregate will make up a further period of 3 years. If these conditions as to employment and residence have not been fulfilled at the expiration of 4 years from the date of the certificate of the Civil Service Commissioners of their having passed the 1st examination, the probationary period will be prolonged until they have been fulfilled.

3. *Commissions as 3rd Secretaries to be granted to Attachés on completion of their Probation.*

Commissions as 3rd Secretaries under Her Majesty's Sign-Manual will be granted to Attachés, on the termination of the probationary period, and on the fulfilment of the conditions specified in the present Regulations.

4. *A Salary of £150 a-year will be granted, contingently, to Attachés on completion of their Probation.*

Together with a Salary at the rate of 150*l.* a-year, provided that the Minister under whom they have last served certifies that their general character and conduct, during the time they have so served, have been satisfactory; and that, as far as such Minister has the means of forming an opinion, they understand and speak French well, and also one other foreign language.

2nd Secretaries will constitute an intermediate Class between 3rd Secretaries and Secretaries of Legation.

The Secretary of State will assign to each Embassy or Mission such a number of Secretaries of the 2nd and 3rd Classes as he may deem fit; it being always understood that Secretaries of these two classes may be named indiscriminately to either an Embassy or Mission, without reference to their previous employment in one or other of them. They are to be designated as 3rd or 2nd Secretary in the specific Embassy or Mission in which they may at the time be employed, but not as 3rd or 2nd Secretary of Embassy or Legation.

5. *Number of 2nd Secretaries.*

The number of 2nd Secretaries is restricted to the number of the 1st and 2nd Paid Attachés in the service on the 15th of September, 1862. Their salaries will be issued according to the scale established for the particular Embassy or Mission in which they may be actually serving, without reference to any previous amount of salary they may have received.

6. *Rules as to Pensions of the 4th Class.*

In virtue of Her Majesty's Commissions, the service of 2nd and 3rd Secretaries will count for their pensions, under the Act of 2 & 3 Wm. IV, cap. 116, from the date of the issue of their first Commission; but the amount of pension to be assigned to them will be calculated, so long as they are eligible for a pension of the 4th Class only, for each year that has elapsed since the date of their first Commission, at one-thirtieth part of the last salary of which they were in receipt at the time of the pension being granted; provided that no pension shall continue to be issued to a person not incapacitated by ill-health, medically certified, who may decline active service before he has reached the 60th year of his age, after which age no person shall be required to serve as 2nd or 3rd Secretary.

7. *Provision for the Transfer of the Junior Members of the Diplomatic Service from one post to another; and Payment of their Expenses of Removal.*

2nd or 3rd Secretaries, and Attachés, as a general rule, will not be employed for more than 2 years, exclusive of the periods during which they may have been absent on leave, in the same Embassy or Mission, unless for special public reasons. Secretaries of Embassy or Legation, 2nd and 3rd Secretaries, and Attachés, will, on their first appointment, or on any subsequent removal by reason of promotion or otherwise on public grounds, receive such an allowance as shall be sufficient to cover the actual expense of their personal journey by land, or the actual amount paid for their personal passage by sea, either from England to their post, or from one foreign post to another; and in the case of Secretaries of Embassy or Legation, and of 2nd Secretaries, a similar allowance for one servant, if they have one; but no allowance will be made for the expense of the journey or subsistence of the families of any such Secretaries or Attachés. In the case of a mere change of post, not carrying with it increase of salary, an allowance of 1*l.* a day, as subsistence money during a journey by land, will be given for each day actually employed in travelling by the direct road. In the event of a passage being afforded to Secretaries or Attachés on board of one of Her Majesty's ships of war, the allowance made will be in conformity with the Admiralty Regulations.

No allowance will be made to the Junior Members of the Diplomatic Service for journeys undertaken for their own convenience, in pursuance of leave of absence; but in all such cases the expense of the journeys from and on returning to their posts will be exclusively at their own charge.

It is understood, moreover, that in the case of any journey of which the expense is to be allowed, Secretaries or Attachés, unless specially excused from doing so, will be bound to take charge of despatches, if required; and, in that case, they will be expected to perform the journey without delaying on the road.

8. *Interchange of Employment between 2nd and 3rd Secretaries and Junior Clerks in the Foreign Office.*

The Secretary of State will, should he see occasion, for the advantage of the public service, allow 2nd and 3rd Secretaries, and Attachés, to interchange for a time their duties with Clerks of the three Junior Classes in the Foreign Office; the several parties being bound, for the whole period through which the interchange extends, in every respect to perform the duties and to submit to the obligations attaching to the situation which they may temporarily occupy.

The Secretary of State will, moreover, if he sees reason to do so, direct such temporary interchange of duties to be made, irrespective of the wishes of the parties, between Second or Third Secretaries, or Attachés, and Clerks in the Foreign Office; or he will direct such persons to be employed for a time, at home or abroad, without any interchange, making in either case such an allowance to the parties as he may consider just and reasonable. In the event of any Attaché being so employed in the Foreign Office, the period, over and above the 6 months which are obligatory as stated in section 2, during which he shall be actually employed in the Foreign Office, shall reckon towards the 3 years during which he is by these Regulations to reside at an Embassy or Mission abroad.

In the case of temporary interchanges between Secretaries and Clerks, they will respectively rank, in the Embassy or Mission, and Foreign Office, as the case may be, during the period for which the interchange shall last, after the Junior in the class of Secretaries or Clerks to which either of them belongs.

If a Clerk in the Foreign Office should be permanently transferred to the Diplomatic Service, or should be temporarily employed with a Special, or with an Ordinary, Embassy or Mission, he will receive a Commission or an acting appointment, as the case may be, as Secretary of the 2nd or 3rd Class.

A First Class Junior Clerk who has acquired a standing in the Office which qualifies him to act as Assistant Clerk will receive an Acting Commission as 2nd Secretary; and a 2nd or 3rd Class Junior Clerk will receive an Acting Commission as 3rd Secretary.

9. *Deductions to be made from Salaries of Heads of Missions on Leave of Absence.*

With a view to relieve Heads of Missions on leave of absence on private grounds, the deduction to be made from their salaries will in future be limited, for a period not exceeding 60 days from the date of their departure from their posts, to the sum required to provide for the allowances of the Acting Chargés d'Affaires according to the present Regulations; on the expiration of which period the deduction will be at the rate of one-half of their salaries. Such period of 60 days may either be one of 60 consecutive days, or of 60 days occurring at intervals in the course of one year beginning on the 1st of January, and ending on the 31st of December.

10. *Allowances during War or Interruption of Relations.*

Should an Ambassador, Minister, or Secretary, by reason of war or other interruption of Diplomatic relations, be withdrawn from active service before his services shall have qualified him for a Diplomatic pension of the class under which he would otherwise come, the Secretary of State will, as he may see fit, assign to any such person who cannot otherwise be immediately employed, and during any period not exceeding the continuance of such war or interruption of Diplomatic relations, a temporary allowance calculated on the rate of pension assigned to the class to which he belongs, regard being had to the length and general character of his services, such allowance being, however, strictly subject to the condition in regard to employment specified in the 7th section of the Act of 2 & 3 Wm. IV, c. 116.*

REGULATIONS RESPECTING FOREIGN ORDERS AND MEDALS.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force. (1855.)
(In force, January 1868.)

FOREIGN ORDERS.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the notification required by the preceding Clause must be made not later than two years after the exchange of the ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the notification must be made within two years after the date of such service.

5. After such notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Service before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previous to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission, may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British subject has received the Royal permission to accept a Foreign Order he will at any future time be allowed to accept the decoration of a higher class of the same Order, to which he may have become eligible by increase of rank in the Foreign service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British subjects by Her Majesty's predecessors, King George IV. and King William IV, on whose heads the Crowns of Great Britain and Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

FOREIGN MEDALS.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or in the Navy, for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs, for Her Majesty's sanction; upon obtaining which they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

CLARENDON.

Foreign Office, May 10, 1855.

REGULATIONS RESPECTING PASSPORTS.

1. Applications for Foreign Office Passports must be made in writing; and inclosed in a cover addressed to "The Chief Clerk, Foreign Office, London," or to an Agent at one of the specified outports, with the word "PASSPORT" conspicuously written on the cover.

2. The charge on the issue of a passport, whatever number of persons may be named in it, is two shillings, which sum includes the stamp duty of sixpence.

3. Foreign Office Passports are granted only to British-born subjects, or to such foreigners as have become naturalized either by Act of Parliament or by a Certificate of Naturalization granted by the Secretary of State for the Home Department. When the party is a "Naturalized British subject" he will be so designated in his passport; and if his certificate of naturalization be dated subsequently to the 24th of August, 1850, and previously to the 1st of August, 1858, his passport will be marked as good for one year only; or should the certificate be dated subsequently to the 1st of August, 1858, his passport will in that case be marked as good for six months only: but this regulation will not preclude any person whom it affects from obtaining, at any future period, on his producing his old passport, a fresh passport for a further limited period, without being required to pay a fresh charge.

4. A Foreign Office passport granted to a British-born subject, or to a "Naturalized British subject" whose certificate of naturalization is dated previously to August 24, 1850, is not limited in point of time, but is available for any time, or for any number of journeys to the continent, *if countersigned afresh* by the Ministers or Consuls of the countries which the bearer intends to visit; but a passport granted to a "Naturalized British subject" whose certificate is dated subsequently to the 24th of August, 1850, is only available for the period for which the passport was originally granted.

5. Passports are issued at the Foreign Office, between the hours of eleven and four, on the day following that on which the application for the passport has been received at the Foreign Office; but the passports will be issued at the outports immediately on application, accompanied by the production of a certificate of identity, within such hours as may be fixed with regard to the convenience of persons desirous of embarking for the Continent.

6. Passports are granted to all persons either known to the Secretary of State or recommended to him by some person who is known to him; or upon the application of any *Banking Firm* established in London, or in any other part of the United Kingdom; or upon the production of a certificate of identity signed by any Mayor, Magistrate, Justice of the Peace, Minister of Religion, Physician, Surgeon, Solicitor, or Notary, resident in the United Kingdom.

7. A passport cannot be sent by the Foreign Office, or by an agent at an outport, to a person already abroad; such person, being a British-born subject, should apply for one to the nearest British mission or consulate.

8. Foreign Office Passports must be countersigned at the mission in London, or at some consulate in the United Kingdom of the Government of the country which the bearer of the passport intends to visit.*

Foreign Office, February 5, 1866.

* It is requisite that the bearer of every passport granted by the Foreign Office should sign his passport before he sends it to be *vised* at any foreign mission or consulate in England; without such signature either the *visa* may be refused, or the validity of the passport questioned abroad. And travellers who may have any intention of visiting the Russian Empire at any time in the course of their travels abroad are particularly and earnestly advised not to quit England without having had their passports *vised* at the Russian Consulate in London: but there is no necessity for the *visa* of the Austrian, Bavarian, Belgian, Danish, Dutch, French, Italian, Prussian, Spanish, Swedish and Norwegian, or Wurtemberg Diplomatic or Consular Agents resident in the United Kingdom.

(1.) Report from the Select Committee of the House of Commons on Civil Government Charges.—October, 1831. (Extract.)

THE next branch of Expenditure which your Committee proceeded to examine was that of the Diplomatic Service; and on this subject their inquiries were aided by the Secretary of State for Foreign Affairs, who attended for the purpose of giving any explanations that might be required from his Department; but before they applied themselves to the examination of the details of this Estimate, it appeared a matter of serious consideration to examine in what manner it might be most consistent with the Public interest to provide for the Diplomatic Servants of the Crown. Hitherto this branch of Expenditure has been borne on the Civil List: and at the Accession of His present Majesty it stood as follows: £196,950 for the effective and non-effective Diplomacy.

The Select Committee of 1831, having excluded this charge from the Civil List, the first point to be decided by your Committee was, whether the Diplomatic Expenditure should be hereafter charged on the Consolidated Fund or should be voted annually in Supply. In either case, the expenses of Foreign Missions would be brought under the full knowledge and control of Parliament; but it appeared to your Committee, on deliberation, that it was not expedient to introduce charges of this nature into the Annual Estimates. Your Committee therefore recommend, that a provision should be made for this Service, chargeable on the Consolidated Fund. This arrangement will ensure, that all savings which may be made shall at once go to the Public Account, and will enable Parliament at all times to take cognizance of, and pronounce a judgment upon, any Diplomatic Expenditure which may properly be made the subject of inquiry or animadversion. In order to afford an additional security against abuse, it is the opinion of your Committee, that a statement of these Accounts should be annually laid before the House.

These arrangements appear to your Committee to be at once calculated to protect the Public interests in the Foreign relations of the State, and to guard against improvident or lavish expenditure.

The amount which is recommended for the future effective Diplomatic Expenditure of the Country, exclusive of Pensions to retired Ministers, is £140,000, which not only effects the reduction recommended by the Secretary of State for Foreign Affairs in November, 1830, but carries those reductions still further.

This Estimate also makes provision for four new Missions, which the state of Europe and of the Americas may render it expedient, in the opinion of His Majesty Government, to establish, for the protection and promotion of British Interests. The Salaries of the First Attachés, heretofore defrayed out of the Civil Contingencies, and which amount to £2,950 a year, are also included in this Estimate.

If by temporary vacancies or absences on leave, the whole sum included in this Estimate should not be taken, the surplus in each year will become a saving to the Public.

Your Committee have found, with satisfaction, from the letter of the Secretary of State of the 31st of August, 1831, that in deciding upon all future claims for Diplomatic Pensions, Lord Palmerston proposes to be strictly guided, as to the scale and limitation of such Pensions, and as to the eventual limitation of their amounts, by the recommendation contained in the Third Report of the Finance Committee of 1828; an extract from which is inserted, for more convenient reference, and for more precise information:—

"It appears further necessary to lay down more precise Regulations with respect to the Periods of Service, which shall in future give a title to such a provision. Your Committee therefore recommend,—

"1st. THAT no Person whatever shall be entitled to receive a Diplomatic Pension until the expiration of 15 years from the date of his First Commission, nor unless he shall actually have served 10 years.

"2nd. THAT no Person shall be entitled to a Pension of the First Class (£2000 a year), unless he shall have actually served 3 years as Ambassador at some Foreign Court.

"3rd. THAT Pensions to Envoys and Ministers Plenipotentiary at the greater Courts, shall not exceed £1,500 a year, and shall not be granted until after 5 years' residence in that capacity at a Foreign Court.

"4th. THAT Pensions to Envoys and Ministers Plenipotentiary at other Courts, and to Ministers, shall not exceed £1000 a year after a similar period of residence.

"5th. THAT Pensions in the remaining Class shall not exceed £800 a year, under the same conditions as to time of residence.

"It will be proper further to provide, that all Diplomatic Pensions shall be held subject to the condition of forfeiture in case of refusal to proceed to any Mission of equal or higher rank; and of suspension or abatement in any case in which the party receiving the Pension may be appointed to any other Office of profit under the Crown.

"In addition to these restrictions, the Committee were desirous of checking, by some positive rules, a practice which has prevailed to a considerable extent, of giving Retired Pensions to Diplomatic Servants having sufficient private fortunes; but finding, on mature consideration, great difficulty in laying down general regulations applicable to all cases, they think it better to content themselves with expressing their marked disapprobation of this practice: it could never, under any circumstances, be justifiable; but if the whole Fund be limited, as recommended, to £40,000, the Committee trust that this abuse will be prevented by a consideration of the evident injustice of burthening the Fund with improper charges of this description, to the prejudice of those who have equal claims with respect to their service, and better claims in respect to their pecuniary circumstances."

These Retired Diplomatic Pensions will remain to be provided for hereafter out of the Consolidated Fund.

(2.) An Act to provide for the Salaries of certain High and Judicial Officers, and of Payments heretofore made out of the Civil List Revenues. (Extract.)

2 & 3 Will. IV., c. 116.—16 August, 1832.

Diplomatic Salaries and Pensions.

IV. And be it further enacted, That it shall be lawful for His Majesty, his heirs and successors, to charge upon the Consolidated Fund of the United Kingdom of Great Britain and Ireland an annual sum of 203,510*l.* to defray the charge of the salaries and allowances of His Majesty's diplomatic servants employed at foreign Courts, and of the pensions which have been granted, or may hereafter be granted to persons having served His Majesty at foreign Courts, the said charge to take effect and commence from the 5th day of April, 1832.

Restriction on Amount of Grants of Pensions.

V. Provided always, and be it further enacted, That until the said sum of 203,510*l.* shall be reduced to the sum of 180,000*l.*, it shall not be lawful for His Majesty, his heirs or successors, to grant in any one year a larger annual amount in pensions for diplomatic services than 2,000*l.* in the whole; and when the actual charge shall be reduced to the sum of 180,000*l.*, it shall not be lawful for His Majesty, his heirs and successors, to charge upon the said Conolidated Fund for any one year a larger amount to defray the charges of diplomatic salaries, allowances, and pensions than 180,000*l.*

Limitation of Diplomatic Pensions.

VI. And be it further enacted, That no new diplomatic pension which may hereafter be granted under the authority of this Act shall exceed—

1,700*l.* per annum to any one person for the 1st class.

1,300*l.* per annum to any one person for the 2nd class.

900*l.* per annum to any one person for the 3rd class, and 700*l.* per annum to any one person for the 4th class; and that such pensions shall only be so granted under the following regulations and restrictions; (that is to say),

1st. That no diplomatic pension whatever shall be granted to any person until the expiration of 15 years from the date of his first commission, nor unless he shall have actually served 10 years:

2nd. That no person shall be qualified to receive a pension of the 1st class unless he shall have actually resided 3 years as ambassador at some foreign Court:

3rd. That no person shall be qualified to receive a pension of the 2nd class who shall not have actually resided 5 years as an envoy extraordinary and minister plenipotentiary at some foreign Court:

4th. That no person shall be qualified to receive a pension of the 3rd class who shall not have actually resided 5 years as minister plenipotentiary or minister resident at some foreign Court:

5th. That pensions in the remaining class shall not exceed 700*l.* per annum, under the same conditions as to time of residence.

Forfeiture or Abatement of Pension in certain cases.

VII. Provided always, and be it further enacted, That all diplomatic pensions shall be subject to forfeiture in case of refusal of the person holding the same to proceed to any mission of equal or higher rank than that in respect of which such pension may have been granted, and of suspension or abatement in any case in which the person holding the same may be appointed to any office of profit under the Crown.

(3.) An Act to remove Doubts as to the Qualification of PERSONS HOLDING DIPLOMATIC PENSIONS TO SIT IN PARLIAMENT.

22 & 23 Vict., cap. 5.—8 August, 1859.

WHEREAS the Act of the 2nd and 3rd Years of King *William IV*, Chapter 116,* regulates the Conditions on which Pensions shall be granted to Persons who have served Her Majesty in Diplomatic Offices: And whereas doubts have arisen as to whether such Pensions, being those of Reward of Diplomatic Service authorized by Parliament, come within the Provisions of the Act of the 6th Year of Queen *Anne*, Chapter 7, which renders any Person holding a Pension from the Crown during Pleasure incapable of being elected or of sitting or voting as a Member of the House of Commons: Be it hereby enacted and declared by the Queen's most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the Authority of the same, as follows:

I. That Pensions granted for Diplomatic Services, according to the Provisions of the aforesaid Act of the 2nd and 3rd Years of King *William* the Fourth, shall not disqualify the Holder from being elected or sitting or voting as a Member of the House of Commons.

II. Nothing contained in this Act shall affect any of the Provisions of the aforesaid Act of the 2nd and 3rd Years of King *William IV*, for the Regulation of Diplomatic Pensions.

CIVIL SERVICE AND CONSULAR PENSIONS.

(1.) An Act to alter, amend, and consolidate the Laws for regulating the Pensions, Compensations, and Allowances to be made to Persons in respect of their having held Civil Offices in His Majesty's Service.

4 & 5 Will. IV., c. 24.—25 July, 1834.*

Pensions to the First Lord of the Treasury, Secretaries of State, Chancellor of the Exchequer, First Lord of the Admiralty, President of the India Board, President of the Board of Trade.

Whereas by an Act passed in the 57th year of the reign of His late Majesty King George III, to enable His Majesty to recompense the services of persons holding or who have held certain high and efficient civil offices, His Majesty is empowered to grant pensions, as therein provided, to persons who shall have served His Majesty, his heirs or successors, in the offices therein mentioned: And whereas by an Act passed in the 6th year of the reign of His late Majesty King George IV, for amending the said recited Act, it is enacted, that the several other offices therein particularly described shall be deemed to be comprised in the several classes of offices in the said recited Act respectively specified: And whereas it is expedient that the amount of the pensions by the said two Acts authorized to be granted should as to future pensions be reduced, and the conditions under which the same shall be granted be altered and regulated: Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act no pension to be granted to any person in respect of his having served in any one or more of the offices of First Lord of the Treasury, or one of His Majesty's Principal Secretaries of State, or Chancellor of the Exchequer, or First Lord of the Admiralty, or President of the Board of Commissioners for the Affairs of India, or President of the Committee of Council appointed for the consideration of matters relating to Trade and Foreign Plantations, shall exceed the sum of 2,000*l.* per annum; nor shall any such pension be granted to any person unless he shall have held one or more of the said offices for a period of not less than 2 years in the whole, either uninterruptedly or at different times; nor shall any more or greater number than 4 such pensions hereafter to be granted be existing or in force at the same time.

Chief Secretary of Ireland, Secretary at War.

II. And be it further enacted, That from and after the passing of this Act no pension to be granted to any person in respect of his having served in either or both of the offices of Chief Secretary for Ireland or Secretary at War shall exceed the sum of 1,400*l.* per annum; nor shall any such pension be granted to any person unless he shall have held one or both of the said offices for a period of not less than 5 years in the whole, either uninterruptedly or at different times; nor shall any more or greater number than 2 such last-mentioned pensions be existing or in force at the same time.

Joint Secretaries of the Treasury, First Secretary of Admiralty, Vice-President of Board of Trade.

III. And be it further enacted, That from and after the passing of this Act no pension to be granted to any person in respect of his having served in one or more of the offices of one of the Joint Secretaries of the Treasury, or First Secretary of the Admiralty, or Vice-President of the Committee of Commissioners appointed for the consideration of matters relating to Trade and Foreign Plantations, shall exceed the sum of 1,200*l.* per annum; nor shall any such pension be granted to any person unless he shall have held one or more of the said offices for a period of not less than 5 years in the whole, either uninterruptedly or at different times; nor shall any more or greater number than 4 such last-mentioned pensions be existing or in force at the same time.

Under Secretaries of State, Clerk of the Ordnance, Second Secretary of Admiralty, Secretaries of India Board.

IV. And be it further enacted, That from and after the passing of this Act the pension, not exceeding 1,000*l.*, authorized by the said recited Act to be granted to any person in respect of his having served in any one or more of the offices of one of the Under Secretaries of State, or Clerk of the Ordnance, or Second Secretary of the Admiralty, or one of the Secretaries of the Board of Commissioners for the Affairs of India, shall not be granted to any such person unless he shall have held one or more of the said offices for a period of not less than 10 years in the whole, either uninterruptedly or at different times; nor shall any more or greater number than 6 such last-mentioned pensions be existing or in force at the same time.

Regulation as to Period of Service.

V. Provided always, and be it enacted, That in case it shall happen that any person shall have served His Majesty, his heirs, or successors, in more than one class of offices herein-before specified, in respect whereof any pension less than 2,000*l.* may be granted, it shall be lawful to grant, under the Regulations aforesaid, to such person, any pension annexed to the highest class of office in which such person may have been employed, whenever the whole period of the service of such person in the several offices in which he shall have been employed shall amount to 10 years, although the period of the service of such person in such highest class shall not have extended to the period of 5 years; provided always, that such person shall have served in such highest class for the period of not less than 3 years; and in cases in which the service of any such person in any class of those offices shall not be sufficient to entitle him to the pension of that class, it shall be lawful to grant him a pension not exceeding 1,000*l.*, provided the period of his aggregate services in that and any inferior class or classes or department of the public service shall amount to 10 years: Provided also, that there shall not be more than the aforesaid number of pensions to that amount existing at the same time.

Declaration to be made by Persons claiming Pensions.

VI. And whereas the principle of the Regulations for granting allowances of this nature is and ought to be founded on a consideration, not only of the services performed by the individual to the State, but of the inadequacy of his private fortune to maintain his station in life: Be it therefore enacted, That from and after the passing of this said Act whenever any person shall seek to obtain any one of the pensions before mentioned his application for that purpose shall be made in writing to the Commissioners of His Majesty's Treasury, to which he shall subscribe his name, and which shall contain, not only a statement of the services performed by him, and the grounds on which such pension is claimed, but a specific declaration that the amount of his income from other sources is so limited as to bring him within the intent and meaning of this Act and the principle hereinabove declared, and without such declaration no pension as herein-before provided or authorized shall be granted.

Regulations with respect to Pensions contained in recited Acts to apply to Pensions under this Act.

VII. Provided always, and be it further enacted, That the several regulations with respect to the granting of any of the before-mentioned pensions, and to the receipt thereof by the persons to whom such grants may be made, which are contained in the said recited Act of the 57th years of King George III and the 6th year of King

* The clauses of the Act of 1834, which are not repealed, and the Act of 1859, are declared by the Act of 19th April, 1859, § xviii, to be construed as one Act.

George IV, shall continue in full force and effect, and be applicable to pensions to be granted under the authority of this Act, except so far as any such regulations are altered or repealed by the enactments contained in this Act.

Superannuations not to be granted on advanced Amount of Salary received for less than Three years.

XII. Provided always, and be it further enacted, That the superannuation allowance to be granted to any officer or person after the passing of this Act, shall not be computed upon the amount of the salary enjoyed by him at the time of his retirement, unless he shall have been in the receipt of the same, or in the class from which he retires, for a period of at least three years immediately before the granting of such superannuation allowance; and in case he shall not have enjoyed his then existing salary or have been in such class for that period, such superannuation allowance shall be calculated upon the average amount of salary received by such person for three years next preceding the commencement of such allowance.

[Clauses XIII to XV repealed by section 1 of Act 22 Vict., c. 26.]

Compensation to Military and Naval Officers for Civil Services not to exceed Two-thirds of Salary, except in special Cases.

XVI. And be it further enacted, That no compensation hereafter to be made or superannuation allowance to be granted in respect of Civil Services to any person entitled to half-pay in the army, ordnance, navy, or marines, who shall have been appointed to the Civil Service subsequently to the 4th day of August, 1829, shall in any case, except as in this Act is specially provided, exceed in the whole (computing his half-pay in such compensation or allowance) the amount of two-thirds of the salary and emoluments of the office relinquished by him: Provided always, that nothing in this Act contained shall extend or be construed to extend to entitle any Superintendent of a dockyard or other establishment in the Civil Department of the navy, who shall have held any civil appointment prior to the 5th day of August, 1829, to any superannuation allowance under this Act beyond the amount stipulated by the terms on which he shall have accepted the office of Superintendent, or the amount established by any Order of His Majesty in Council concerning Superintendents.

[Clause XIX repealed by section 1 of Act 22 Vict., c. 26.]

No Superannuation or Compensation to be enjoyed with Salary for efficient Services.

XX. Provided always, and be it further enacted, That in case any person enjoying any superannuation allowance, in consequence of retiring from office on account of age, infirmity, or any other cause, or enjoying any compensation for past services upon the abolition or reduction of office, shall be appointed to fill any office in any public department, every such allowance or compensation shall cease to be paid for any period subsequent to such appointment if the annual amount of the profits of the office to which he shall be appointed shall be equal to those of the office formerly held by him, and in case they shall not be equal to those of his former office then no more of such superannuation allowance or compensation shall be paid to him than what with the salary of his new appointment shall be equal to that of his former office.

XXI. Provided always, and be it further enacted, That nothing herein contained with respect to compensation, superannuation, or allowance for Civil Services shall extend or be construed to extend to any military or naval half-pay, or allowance in lieu of half-pay, or to any military or naval allowance or pensions granted or to be granted under the regulations of any Order of His Majesty in Council, in any of the respective Departments of the Commissioners of the Admiralty, the Secretary at War, and the Master General of the Ordnance, except as hereinafter is provided with respect to the same.

Account of Increase and Diminution of Public Salaries, Pensions, and Allowances to be annually laid before Parliament.

XXII. And be it further enacted, That between the 1st day of February and the 25th day of March in every year, or if Parliament shall not be sitting during any part of that period, then within 20 days after the next meeting of Parliament, there shall be laid before both Houses of Parliament an account of every increase and diminution which shall have taken place within the preceding year, ending on the 31st day of December, in the number of persons employed in all public offices or departments under the Crown, and in the salaries, emoluments, allowances, and expenses which shall have taken place or been paid, granted, received, or incurred for and in respect of all officers and persons belonging to or employed in all such public offices or departments, specifying the amount and nature thereof, and distinguishing every increase and diminution in the amount of all allowances or compensations granted as retired allowances or superannuations to any person having held any office, place, or employment in any such public office or department, and also the time

XXV. Provided always, and be it further enacted, That all half-pay and allowances in lieu of half-pay in the several departments of the army, ordnance, navy, and marines, and all military and naval allowances or pensions granted or which shall be granted in any of such departments under the authority of any Order in Council, shall be annually laid before the Commons House of Parliament, in separate estimates, at the same time with the ordinary estimates of those respective departments, and shall be kept distinct from all pensions, compensations, superannuation and retired allowances in any of the civil offices of those departments respectively.

Compensations not provided for to be charged on Funds of Departments.

XXVI. And be it further enacted, That the compensations, superannuations, and allowances authorized as well by this as any former Act or Acts shall, when not specially provided for by Parliament, be charged upon and paid and payable by the respective departments or offices in which the persons receiving such allowances shall have served.

[Clause XXVII repealed by Act 20 and 21 Vict., c. 37, 17 August, 1857.]

Average of Emoluments to be made by Heads of Departments.

XXVIII. And be it further enacted, That it shall be lawful for the person or persons at the head of any department in which any fees or other sources of profit may form part of the emoluments of any office in such department, to fix, with the approbation of the Commissioners of His Majesty's Treasury, or for the Commissioners of the Admiralty if the office shall be in that department, an average sum upon which the compensation or superannuation allowance shall be granted, as well as the sum to be annually abated, as hereinbefore provided, from such person's salary, in respect of such emoluments, which sum so to be fixed shall not exceed the average amount of such emoluments for the 3 last preceding years.

Act not to give an absolute Right to Allowances, or to prevent Dismissal of Persons for Misconduct.

XXX. Provided always, and be it further enacted, That nothing in this Act contained shall extend or be construed to extend to give any person an absolute right to compensation for past services, or to any superannuation or retiring allowance under this Act, or to deprive the Commissioners of His Majesty's Treasury, and the heads or principal officers of the respective departments, of their power and authority to dismiss any person from the public service without compensation.

Act may be amended this Session.

XXXI. And be it further enacted, That this Act may be amended, altered, or repealed by any Act or Acts to be passed in this present session of Parliament.

(2.) An Act to amend the Laws concerning Superannuations and other Allowances to Persons having held Civil Offices in the Public Service.
22 Vict., c. 26.—19 April, 1859.

Ordinary Rate of Superannuation Allowance.

I. (Repeals sections X, XI, XIII, XIV, XV, XVII, XIX, XXIV of Act 4 & 5 Will. IV., c. 24.)

II. Subject to the exceptions and provisions hereinafter contained, the superannuation allowance to be granted after the commencement of this Act to persons who shall have served in an established capacity in the permanent Civil Service of the State, whether their remuneration be computed by day pay, weekly wages, or annual salary, and for whom provision shall not otherwise have been made by Act of Parliament, or who may not be specially excepted by the authority of Parliament, shall be as follows; (that is to say,)

To any person who shall have served 10 years and upwards and under 11 years, an annual allowance 10-60ths of the annual salary and emoluments of his office.

For 11 years, and under 12 years, an annual allowance of 11-60ths of such salary and emoluments.

And in like manner a further addition to the annual allowance of 1-60th in respect of each additional year of such service, until the completion of a period of service of 40 years, when the annual allowance of 40-60ths may be granted; and no addition shall be made in respect of any service beyond 40 years,

Provided always, that if any question should arise in any department of the public service, as to the claim of any person or class of persons for superannuation under this clause, it shall be referred to the Commissioners of the Treasury, whose decision shall be final.

Application of Act to Persons already in the Civil Service, but without Prejudice to existing Rights.

III. Nothing herein contained shall interfere with the grant, to the officers and clerks who entered the public service prior to the 5th day of August, 1829, of such superannuation allowances as might hereafter have been granted to them under section 9 of the said Act of the 4th and 5th years of King William IV, or shall prevent, restrict, or diminish, any other superannuation allowance, pension, gratuity, or compensation which, if this Act had not been passed, might hereafter have been granted to any person who shall have entered the public service before the passing of this Act, but, except as aforesaid, the provisions hereinafter contained shall apply as well to persons who have already entered the public service, whether before or after the said 5th day of August, 1829, as to those who may hereafter enter the public service.

Provision for computing Amount of Superannuation to Persons holding professional and other special Offices.

IV. It shall be lawful for the Commissioners of the Treasury from time to time, by any order or warrant, to declare that for the due and efficient discharge of the duties of any office or class of offices to be specified in such order or warrant, professional or other peculiar qualifications, not ordinarily to be acquired in the public service, are required, and that it is for the interest of the public that persons should be appointed thereto at an age exceeding that at which public service ordinarily begins; and by the same or any other order or warrant to direct that when any person now holding or who may hereafter be appointed to such office, or any of such class of offices, shall retire from the public service, a number of years not exceeding 20, to be specified in the said order or warrant, shall, in computing the amount of superannuation allowance which may be granted to him under the foregoing section of this Act, be added to the number of years during which he may have actually served, and also to direct that in respect of such office or class of offices, the period of service required to entitle the holders to superannuation may be a period less than 10 years, to be specified in the order or warrant; and also to direct that, in respect of such office or class of offices, the holder may be entitled to superannuation, though he may not hold his appointment directly from the Crown, and may not have entered the service with a certificate from the Civil Service Commissioners: Provided always, that every order or warrant made under this enactment shall be laid before Parliament.

Allowances in cases of bodily Injury.

V. It shall be lawful for the Commissioners of the Treasury to grant to any person who, being the holder of an office in respect of which a superannuation allowance may be granted, but not having completed the period which would have entitled him to a superannuation allowance, is compelled to quit the public service by reason of severe bodily injury, occasioned, without his own default, in the discharge of his public duty, a gratuity not exceeding 3 months pay for every 2 years of service, or a superannuation allowance not exceeding 10-60ths of the annual salary and emoluments of this office.

Power to Treasury to grant Gratuities in case of short Service.

VI. It shall be lawful for the Commissioners of the Treasury to grant to any person who, being the holder of an office in respect of which a superannuation allowance may be granted, is constrained, from infirmity of mind or body, to leave the public service before the completion of the period which would entitle him to a superannuation allowance, such sum of money by way of gratuity as the said Commissioners may think proper, but so as that no such gratuity shall exceed the amount of one month's pay for each year of service.

Power to Treasury to grant Allowances on Abolition of Offices.

VII. It shall be lawful for the Commissioners of the Treasury to grant to any person retiring or removed from the public service in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organization of the department to which he belongs, by which greater efficiency and economy can be effected, such special annual allowance by way of compensation, as on a full consideration of the circumstances of the case may seem to the said Commissioners to be a reasonable and just compensation for the loss of office; and if the compensation shall exceed the amount to which such person would have been entitled under the scale of superannuation provided by this Act if 10 years were added to the number of years which he may have actually served, such allowance shall be granted by special minute, stating the special grounds for granting such allowance, which minute shall be laid before Parliament, and no such allowance shall exceed 2-3rds of the salary and emoluments of the office.

Condition of Grant of full Superannuations to public Servants not Heads of Departments.

VIII. It shall not be lawful for the Commissioners of the Treasury to grant the full amount of superannuation allowance which can be granted under this Act to any person not being the head officer or one of the head officers of a department, unless upon production of a certificate (signed by the head officer of the department, or by two head officers, if there be more than one) that he has served with diligence and fidelity to the satisfaction of such head officer or officers; and in every case in which any superannuation allowance is granted, after the refusal of such certificate, the minute granting it shall state such refusal and the grounds on which the allowance is granted.

Power to Treasury to grant Allowances for special Services, and for Demerits in individual Cases.

IX. Provided, That it shall be lawful for the Commissioners of the Treasury to grant to any person any superannuation, compensation, gratuity, or other allowance of greater amount than the amount which might be awarded to him under the foregoing provisions, when special services rendered by such person, and requiring special reward, shall appear to them to justify such increase, but so that such allowance shall in no case exceed the salary and emoluments enjoyed by the grantee at the time of retirement, and the grounds of every such increase shall be stated in a minute of the Treasury, which shall be laid before Parliament; and it shall be lawful for the said Commissioners to grant to any person any such allowance of less amount than otherwise would have been awarded to him where his defaults or demerit in relation to the public service appear to them to justify such diminution.

Evidence of Infirmity of Persons under Sixty.

X. It shall not be lawful to grant any superannuation allowance under the provisions of this Act to any person who shall be under 60 years, unless upon medical certificate to the satisfaction of the Commissioners of the Treasury that he is incapable, from infirmity of mind or body, to discharge the duties of his situation, and that such infirmity is likely to be permanent.

Persons superannuated under Sixty may be required to serve again.

XI. Persons to retain Right to Superannuation on Transfer to other Employment under the Crown.

XII. And whereas it shall be for the advantage of the public service that officers holding employments entitling them to superannuation allowances under this or other Acts shall be eligible for other public employments at home and abroad, without forfeiting their claims to such allowances:

Every officer already or hereafter to be transferred from employment entitling him to superannuation allowance to public employment under the Crown not so entitling him shall be entitled, on his ultimate retirement from the public service, to the same allowance as if he had continued to hold the vacated appointment and at the same rate of salary as when the same was vacated, subject nevertheless to the conditions which would in that case have been applicable with respect to the grant of such allowance; provided that it shall be lawful for the Commissioners of the Treasury, in the case of officers transferred to governorships and lieutenant-governorships of colonies, and other high offices abroad, conferred for a limited period, to grant such superannuation allowance to such officers on the expiration of such term of service without a renewal of public employment; but any officer to whom such grant is made while under the age of 60 years shall be subject to the same liability to be called upon to fill office under the Crown, as herein provided concerning other persons under that age to whom like allowances are granted.

PENSIONS TO SLAVE TRADE COMMISSIONERS.

[Extracted from Parliamentary Paper, No. 94, Session I, 1859.]

Treasury Minute, November 22, 1842.

Scale of Pensions, &c., for Mixed Commission Courts for Suppression of the Slave Trade.

READ letter from the Earl of Aberdeen, dated 15th instant, referring to the treaty concluded, on the 3rd July last between Great Britain and Portugal for the suppression of the slave trade, and calling their Lordships' attention to the necessity of providing for the expenditure to be incurred for the Commissions under Article 6 of that treaty for the trial of vessels charged with being concerned in the slave trade. The Commissions to be established are 4 in number: 2 of these in possessions belonging to Her Majesty, and 2 within the territories of Her most faithful Majesty.

The British possessions named for these Commissions are the Cape of Good Hope and Jamaica; the Portuguese possessions are Boa Vista, one of the Cape Verd Islands, and Loanda, in the province of Angola, on the western coast of Africa. The appointments to be made in these Commissions, on the part of Her Majesty, are as follows: a Commissioner, an arbitrator, and a registrar to reside at the Cape of Good Hope, and similar officers at Jamaica; a Commissioner and an arbitrator at Boa Vista, and similar officers at Loanda.

Lord Aberdeen submits that the salary to be given to the head Commissioner in each of those courts should be £1,200 a-year; that the salary to the arbitrator should be £800 a-year; and that the salary of the registrar should be £500 a-year. In respect to the pensions which may eventually be granted to the persons holding these situations, his Lordship submits that it will be advisable to adopt a modification of the system according to which pensions are now granted for services under Slave Trade Commissions. He proposes that a graduated scale should be adopted, under which a less sum should be given than has hitherto been granted for the shortest term required; but the sum allotted should eventually be increased in cases in which a more lengthened term of service has been completed, viz., that an officer, after 12 years' service actually completed at his post, may, on then retiring with the approval of Her Majesty's Secretary of State, be recommended for a pension not exceeding $\frac{4}{12}$ths of his salary; and that in case of his serving longer, the pension for which he may be recommended may be increased at the rate of $\frac{3}{12}$ths of his salary for such further 6 years' actual service at his post. Lord Aberdeen further proposes to follow the practice hitherto observed of giving to such functionary a free passage to his post; and that the sum allotted to each for his equipment should be equal in amount to 3 months' salary.

Write to Mr. Addington, that my Lords approve of the scale of salaries proposed by Lord Aberdeen for the officers to be appointed by Her Majesty in the Mixed Commissions to be established under the treaty between Great Britain and Portugal at the Cape of Good Hope, Jamaica, Boa Vista, and Loanda, and also of the proposed arrangements with regard to the retired allowances to be hereafter granted to those officers.

Their Lordships also concur with Lord Aberdeen, that

* Page 219.

the same arrangements with regard to pensions should be carried out in respect to appointments hereafter to be made at the Havana, Rio de Janeiro, and Surinam.

Their Lordships would further suggest, for Lord Aberdeen's consideration, whether the salaries of the officers at these last-mentioned stations may not be reduced, as vacancies occur, to the scale which has been resolved upon for the officers to be appointed to the new Mixed Commissions. Lord Aberdeen will no doubt concur in opinion with their Lordships, that the large increase which is about to take place in the expense of this department of the public service renders it particularly important that the entire establishment should be regulated in future with every practical attention to economy.

With regard to Sierra Leone, their Lordships admit that the unhealthiness of the climate renders it proper that the minimum period of service entitling officers to pensions at that place should be fixed lower than at other stations; but if this period were to be reduced to six years, with an increase at the rate of two-twelfths of the salary for each further three years' actual service on the spot, their Lordships are of opinion that the salaries at present allotted to the officers at that station ought to undergo a very considerable reduction.

Their Lordships see no objection to the course proposed with regard to the passages and outfit of the officers to be now appointed.

RETENTION OF MILITARY HALF-PAY BY PERSONS IN CIVIL SERVICE.

Act 28 & 29 Vict., c. 123.*

Extract of an Act to apply a Sum out of the Consolidated Fund and the Surplus of Ways and Means to the Service of the Year 1865, and to appropriate the Supplies granted in this Session of Parliament.

XXVIII. And as the sum of £324,359, being the proportion of the sum of £455,000 by this Act appropriated to the pay of reduced and retired officers which is applicable to the half-pay of officers of Her Majesty's forces, it is hereby enacted and declared that the rules hereafter prescribed shall be duly observed in the application of the said half-pay (that is to say,)...That no person who shall, on or before the 28th day of July, 1828, have held any civil place or employment of profit under Her Majesty, or in the colonies or possessions of Her Majesty beyond the seas, or under any other Government, shall have or receive any part of the same for any time during which he shall hold any such civil place or employment of profit under Her Majesty, or in the colonies or possessions of Her Majesty beyond the seas, or under any other Government, except in cases in which the same shall not exceed three times the amount of the highest rate of half-pay attached to the rank in virtue of which he claims to receive half-pay or as hereinafter mentioned, nor in any such excepted cases unless Her Majesty's special approbation be signified as aforesaid, and the officer claiming the half-pay in pursuance of such approbation shall signify in his declaration the civil place or employment of profit which he may hold or have held as aforesaid; but if the net annual emoluments of such civil place or employment shall exceed three times the amount of half-pay as aforesaid, and shall fall short of four times that amount, then it shall be lawful for the paymaster-general, with Her Majesty's approbation, signified by the Secretary of State for War as aforesaid, to issue, on or before the 24th day of December, 1865, so much of the half-pay claimed by any such officer as shall, together with the net annual emoluments of the civil place or employment, be equal to four times the amount of such half-pay, and the officer claiming the half-pay in pursuance of such approbation shall specify in his declaration the civil place or employment of profit which he may have held as aforesaid, and the actual amount of the emoluments thereof, in such manner and form, and calculated up to such period or periods, as shall be required by the Secretary of State for War; but no person who, after the 28th day of July, 1828, has been appointed to any civil place or employment of profit (except in Her Majesty's household), under Her Majesty, or in the colonies or possessions of Her Majesty beyond the seas, or under any other Government, shall have or receive any part of the same for any time during which he shall hold any such civil place or employment of profit (except as aforesaid) under Her Majesty beyond the seas, or under any other Government, other than that of a barrack-master under the Secretary of State for War, who shall, under the restrictions before-mentioned, be entitled to receive his half-pay:...Provided always, that from and after the 1st day of January, 1866, it shall be lawful for the paymaster-general to issue the half-pay or any portion thereof to any officer appointed to civil place or employment of profit under Her Majesty or any other Government, since the 28th day of July, 1828, if Her Majesty's pleasure to that effect be signified by the Commissioners of Her Majesty's Treasury, through the Secretary of State for War, but such permission to be granted under the restrictions before mentioned.

REGULATIONS RESPECTING THE PAY, &c., OF ARTILLERY AND ENGINEER OFFICERS DURING THEIR EMPLOYMENT IN THE CIVIL SERVICE.

Extract from Treasury Minute dated October 19, 1855. (Parliamentary Paper, No. 58, Session 1863.)

1st. That when the services of an officer of Royal Artillery or Engineers may be required in a Civil Department, and absence from his regular duties can be allowed without inconvenience to the military service, the Commander-in-chief should grant him leave of absence for a period not exceeding six months; that in such case the officer should remain in regard to rank, pay, and progressive promotion, in the same position as he would have been if granted leave of absence under ordinary circumstances on account of health or private affairs. That the Civil Department employing such officer should make such addition to his military pay as will afford him adequate remuneration, when added to his pay, for the duty he may have to perform.

2nd. In every case and without exception, if the civil duty and employment lasts more than six months, and the officer prefer continuing in such employment instead of going back to his military duty, he should be made supernumerary in his corps; that he should nevertheless retain his rank, with the progressive promotion in his corps to which his position may entitle him: but that he should draw no military pay whatever, the whole of his remuneration being provided by the Civil Department in which he may be employed; that if at the expiration of ten years, or earlier in case his civil employment should cease, he should return to his corps, he should in such case be considered as supernumerary, and fall into the first vacancy; but if after the expiration of ten years he should prefer remaining in his civil employment, he should then be placed on the retired list of the corps; that on such officer first becoming supernumerary, his place in his corps should be filled up by an effective officer, so as to keep the corps always complete and efficient.

REGULATIONS FOR THE MANAGEMENT OF BRITISH CHURCH AFFAIRS

At Foreign Ports and Places.

Made and issued by Her Majesty, through one of Her Principal Secretaries of State, under the authority of the Act 6 Geo. IV., Cap. 87.

I. It is the duty of every Consul of Her Majesty, residing at a foreign port where a British chapel is maintained under the Act 6 Geo. IV, cap 87, to pay strict attention to the provisions of that Act, an extract from which is hereunto prefixed; and all British subjects residing at such port, ought in like manner to make themselves acquainted with the same.

II. It will be the duty of Her Majesty's Consul, to see that the orders of the Secretary of State, in regard to the matters to which the above-mentioned Act applies, are obeyed. If they are not obeyed, the allowance granted by Her Majesty's Government will be discontinued.

III. Two general meetings of British residents are to be held in each year at the British Consulate. The Consul will summon those meetings by giving public notice thereof seven days at least before the day of meeting.

IV. The first annual meeting must be held early in the year, and at that Meeting a Committee should be appointed to superintend the temporal affairs of the Church. This Committee is to consist of three officers: namely, a treasurer and two trustees. These three officers are to be elected by a majority of the votes of persons present at such meetings.

V. The Committee will collect subscriptions, and will defray the ordinary expenses of the Church; will carry into effect the resolutions of the general meetings; will attend to any ordinary business connected with Church matters; will examine into any measure which it may be desirable for the General Meetings to adopt; and will report thereupon to the meetings. But such Committee is not empowered to make any regulations; to incur any extraordinary expenditure; nor to take any steps which these regulations do not specifically authorize, without having first obtained the sanction of a general meeting of British Residents; and no meetings, excepting the general meetings, held according to the provisions of the Act, will have the power of making rules and regulations, or of passing resolutions upon subjects connected with the temporal interests of the Church.

VI. At the second general meeting in each year, which should be held towards the close of the year, the Committee will render their accounts, and will make to the meeting a report on the affairs of the Church.

VII. Extraordinary general meetings may be summoned, and held at any time during the year, when the Consul may have any official communication to make to the residents, or when two or more subscribers, entitled to vote, shall make a requisition to the Consul to summon such a Meeting, and shall state the subjects which they may wish thereat to bring under consideration.

VIII. Any person who has subscribed 20*l*., either in one sum, or by an aggregate of several sums, for the purposes mentioned in the Act, is entitled to be present and to vote at general meetings, during the first year after the 20*l*. shall have been so paid; and such person will become entitled to be present and to vote in each subsequent year for which he shall have made a further payment of 3*l*. But no person can be entitled to be present, or to vote at any such meeting, who shall not have actually made such payments before the notice for such meeting shall have been issued by the Consul, and who shall not have been domiciled in the place for six months. And in case no person shall have qualified himself to be present and to vote at general meetings, the management of the Church affairs will devolve entirely on the Consul, who will appoint a Committee to superintend the affairs of the Church under his direction.

IX. All British subjects resorting to or residing at a Foreign Port or Place, where a British Church Establishment is maintained under the Act 6 Geo. IV, cap. 87, have a right to subscribe towards the maintainance of such Church Establishment, and the Treasurer cannot refuse to receive such subscriptions.

X. General meetings have the power of making rules and regulations. All rules, regulations, proceedings, and minutes of general meetings, are to be signed by the Consul as Chairman of the meeting, and are o be entered in a register book which must be kept at the British Consulate. Any subscribers entitled to vote may have access to that register book.

XI. Copies of all such rules, regulations, proceedings and minutes, are to be transmitted by the Consul, to the Secretary of State, by the first convenient opportunity, for the approbation of Her Majesty.

XII. It is the duty of the Consul to see that the provisions of the Act of Parliament are strictly complied with; and for this purpose it is expressly enacted by the 15th section of the Act, that "no rule, order, or regulations, shall be of any force or effect unless or until the same shall be sanctioned and approved by the Consul." The proceedings of the Committee, therefore, as well as the proceedings of general meetings, must be sanctioned by the Consul. But as the Consul's instructions enjoin him to promote peace, harmony, and good-will amongst Her Majesty's subjects, he will not unnecessarily oppose any measure which the residents may be desirous of adopting. If he should judge such measure to be inexpedient, or contrary to the interests of Her Majesty's service, he should abstain from sanctioning the measure, and should refer it to the Secretary of State, whose decision thereupon will be final.

XIII. The Act of Parliament gives no power to the Residents to interfere with the spiritual administration of the Church; this must be left to the Chaplain, who is accountable to the Crown for his proceedings. On the other hand, the Act gives no power to the Chaplain to interfere in the temporal administration of Church affairs; these matters must be left to the general meetings of British residents.

XIV. Only one Chaplain, is to be attached to each Church to which an allowance is granted by Her Majesty's Government under the Act 6 Geo. IV, cap. 87.

XV. All Chaplains who are appointed under the Act, hold such their offices for and during the pleasure of the Crown, and no longer; and the pleasure of the Crown be signified to them by the Secretary of State.

XVI. Sacramental alms and oblations are to be distributed by the Chaplain, and are not to be entered in the Treasurer's accounts.

XVII. All Church accounts are to be kept in the currency of the country in which the chapel is situated; but when those accounts are submitted to Her Majesty's Government, they must be rendered in the form which is annexed to these regulations, and the equivalent of the principal items inserted in the accounts must be stated in British sterling money, at the average exchange of the year

XVIII. Her Majesty's Government is authorized, by the Act of Parliament, to grant in each year, to British Church Establishments at foreign ports, sums not exceeding the amount actually raised during the year by voluntary subscription or by rate among Her Majesty's subjects resident at such ports. Her Majesty's Government will not, however, always grant the full amount authorized by the Act, but will grant only such amount as may be deemed expedient by the Secretary of State, after he shall have examined the Church accounts. Those accounts must be rendered to Her Majesty's Government as soon as possible after the 31st of December in each year.

XIX. The Consul and the Chaplain are to recollect that the Act 6 Geo. IV, cap. 87, which authorizes Her Majesty's Government to afford pecuniary assistance to British chapels at foreign ports, does not allude to, and therefore will not render valid, any marriage between British subjects, or between a British subject and a foreigner, which may be solemnized in such chapels, unless such marriage be declared or deemed valid by some other law of the United Kingdom.

XX. The preceding Regulations respecting the management of Church affairs are also to be applied to the management of the affairs of British burial grounds provided at foreign ports under the provisions of the Act 6 Geo. IV, c. 87. The affairs of the burial ground should, however, be kept distinct from the Church affairs. The annual expense of maintaining such burial grounds in order should be paid by fees on interments; and whenever these fees produce a surplus beyond the expenses, such surplus must be in British Government or other public sufficient security in the joint names of the Consul and of two Trustees; and no portion of such surplus can be applied to any other purposes than the repairs of the burial ground, without the previous sanction of the Secretary of State, signified through the Consul. The interests on money so invested should annually be received, and should be carried to the credit of the burial ground fund; and a report of the state of this fund, together with the burial ground accounts, must be sent off to the Secretary of State, as soon as possible after the 31st of December in each year.

XXI. These Regulations are to be recorded in the office of the Consul and shall be of full force, effect, and authority over all Her Majesty's subjects resident at

ORDER IN COUNCIL REGULATING THE ADMISSION OF PERSONS TO THE CIVIL SERVICE OF THE CROWN.

At the Court at Buckingham Palace, May 21, 1855;

PRESENT,

The Queen's Most Excellent Majesty in Council.

WHEREAS, it is expedient to make provision for testing, according to fixed rules, the qualifications of the young men who may from time to time be proposed to be appointed to the junior situations in any of Her Majesty's Civil Establishments.

Now, therefore, Her Majesty, by and with the advice and consent of Her Privy Council, doth order, and it is hereby ordered, that the Right Honourable Sir Edward Ryan, Assistant Comptroller-General of the Exchequer: John George Shaw Lefevre, Esq.,† Companion of the Bath, Clerk Assistant to the House of Lords; and Edward Romilly, Esq.,† Chairman of the Board of Audit; or such other persons as Her Majesty may from time to time approve in the stead of them or any of them; shall be Commissioners for conducting the examination of the young men so proposed to be appointed to any of the junior situations in the Civil Establishments as aforesaid, and shall hold their offices during the pleasure of Her Majesty, and shall have power, subject to the approval of the Commissioners of Her Majesty's Treasury, to appoint from time to time such Assistant Examiners and others as may be required to assist them in the performance of the duties hereinafter assigned to them.

And it is hereby ordered that the Commissioners of Her Majesty's Treasury do prepare and submit to Parliament an estimate for the remuneration of a Secretary to the said Commissioners, and of such Examiners and others as may be required to assist in the performance of their duties.

And it is hereby ordered, that all such young men as may be proposed to be appointed to any junior situation in any department of the Civil Service shall, before they are admitted to probation, be examined by or under the directions of the said Commissioners, and shall receive from them a certificate of qualification for such situation.

After the candidate has passed his Examination, and received his certificate of qualification from the Commissioners, he shall enter on a period of probation, during which his conduct and capacity in the transaction of business shall be subjected to such tests as may be determined by the chief of the department for which he is intended, and he shall not be finally appointed to the public service unless upon satisfactory proofs of his fitness being furnished to the chief of the department after 6 months' probation.

NEW WORKS AND NEW EDITIONS

published by

Harrison,

BOOKSELLER TO THE QUEEN,

and

H.R.H. THE PRINCE OF WALES,

59, Pall Mall, London.

Sir Bernard Burke's (Ulster King of

Arms) Genealogical and Heraldic Dictionary of the Peerage and Baronetage of the British Empire. New edition, corrected throughout, complete in one volume, royal 8vo., price 38s.

This Peerage and Baronetage is the only complete book of the kind extant. It gives the historical and genealogical account and present state of all the Peers and Baronets, with their armorial bearings engraved and described; it furnishes full details respecting all the Archbishops and Bishops and their families; it enters fully into the subject of precedence, and sets forth all the Rolls, Authorizations, and Usages, which regulate it; Foreign Titles borne by British Subjects; Peerages recently Extinct and Dormant; the Orders of Knighthood, with their Insignia depicted and explained; the List of Knights and Knights Bachelors; the Mottoes of all the Peers and Baronets, with Translations and Illustrations; and an Alphabetical List of the Seats and Mansions. The above are the main features of the work, and such a combined and immense amount of information as this book contains would be vainly sought for in any other Peerage or Baronetage past or present.

Sir Bernard Burke's (Ulster King of

Arms) Genealogical and Heraldic Dictionary of the Landed Gentry of Great Britain and Ireland. Fourth Edition, complete in one volume. Bound in cloth, £2 16s., uniform with the Peerage and Baronetage. Or in Parts, viz., Part I (A to J), 25s.; Part II (K to Z, and Supplement), 30s.

"A work of this kind is of a national value. Its utility is not merely temporary, but it will exist and be acknowledged as long as the families, whose names and genealogies are recorded in it, continue to form an integral portion of the English constitution."—*Post*. "The whole forms a fine and full account of the Gentry of these realms—of that class 'who,' says Sir Bernard in his preface, 'possess, though undistinguished by hereditary titles, an undeniable right, from antiquity of race, extent of property, and brilliancy of achievements, to take foremost rank among the lesser nobility of Europe.'"—*Illus. Lon. News*.

Sir Bernard Burke's (Ulster King of

Arms) Genealogical History of the Dormant, Abeyant, Forfeited, and Extinct Peerages of the British Empire. Illustrated by Steel Engravings of the principal Arms. New edition, royal 8vo., price £2 2s.

In this new edition the history of each title is continued to the present time; and the various dignities are traced down to their existing representatives.

Sir Bernard Burke's (Ulster King of

Arms) Encyclopædia of Heraldry, or General Armory of England, Scotland, and Ireland, comprising a Registry of all Armorial Bearings from the earliest times. Third Edition, with a Supplement. Price 21s.

The Foreign Office List for 1868,

forming a complete British Diplomatic and Consular Handbook, exhibiting the rank, standing, and various services of every person employed in the Foreign Office, the Diplomatic Corps, and the Consular Body. Also Regulations respecting Examinations, Passports, Foreign Orders, &c. With Maps, showing where Her Majesty's Ambassadors, Ministers, Consuls, and others, are resident abroad; together with a List of Foreign Diplomatic and Consular Representatives within the Queen's Dominions. Compiled by EDWARD HERTSLET, Librarian and Keeper of the Papers, Foreign Office. New edition, corrected throughout. Bound in cloth, price 5s.

"The Foreign Office List gives the most careful notices of every person depending on, or in any way connected with, the Foreign Office, from the Minister to the youngest supernumerary clerk in his department, and from the Ambassador to the Cabinet Messenger. It moreover enlivens the dull monotony of official detail with the biographical notices of the functionaries whose names it records. It is to be found in all the Chancelleries abroad; no Attaché of a Mission, great or small, thinks his library complete without it; and it is one of the first objects that attracts the eye of the British traveller as he waits for his passport *visa* in a Consul's office."—*Times* (from our own Correspondent).

The Colonial Office List for 1868,

comprising Historical Notices of the Colonial Dependencies of Great Britain, together with Statistical and other general Information, including the Names and Services of the Principal Officers under the several Colonial Governments. It embodies the Colonial Regulations, the Rules respecting the Examination of Candidates for the Colonial Office, for Ceylon Writerships, and Hong Kong Cadetships; the Pension Minutes of several Colonies, and the Imperial Act under which Pensions are granted to Colonial Governors.

It also contains a beautifully executed Map, showing the British Dominions in every part of the World.

Compiled under the sanction of the Secretary of State for the Colonies, from Official Records, &c., by WILLIAM ROBINSON and ARTHUR N. BIRCH, of the Colonial Office. Price 6s.

"The value of this book will be better established by five minutes' reference to its contents, than by five columns of commendation."—*English News.*

"The Editors possess the fullest means of obtaining the fullest information, and the general design is extremely good."—*Spectator.*

"Among other interesting features is a list of persons now living, who hold, or have held any important Colonial Office. It is a most useful work."—*South Australian Register.*

Notes on Nursing: What it is, and

what it is not. BY FLORENCE NIGHTINGALE. Demy 8vo., limp cloth, price 2s.

We have never read any book on any subject on which so much is said, and said so well in a shorter space. * * * There will be a great neglect of duty if Miss Nightingale's admirable work is not so carefully studied that it becomes, in fact, the manual of every sick room."—*Times.* "These 'Notes' are addressed to women, and every woman in the country ought to read them."—*Daily News.* "The work is but an inexpensive pamphlet, not costing the price of one bottle of medicine, but it is destined, we trust, to reduce the doctors' bills in many families. * * * To every class, from the highest to the lowest, these 'Notes' are addressed."—*Examiner.* "Every father of a family should change his silver for these 'Notes' (their price is fixed so moderately he need not change his gold for them), and every member of a family should both hear and try to profit by them. It is not too much to say that no domestic library can be complete without them; and considering the doctors' bills they probably will save him, every Paterfamilias who stupidly neglects to get these 'Notes' will deserve to get a stress laid on his last Latin syllable."—*Punch.* "We wish it may find its way not only into every hospital and workhouse, but into every school and nursery in the kingdom."—*Saturday Review.*

MESSRS. HARRISON & SONS, Wholesale Stationers, Parliamentary Printers, &c., beg to call attention to the Patent Duplex Press, for Stamping Notarial, Official, Corporate, and other Seals, &c., which for portability, durability, power, and simplicity of construction, and consequent cheapness is unrivalled.

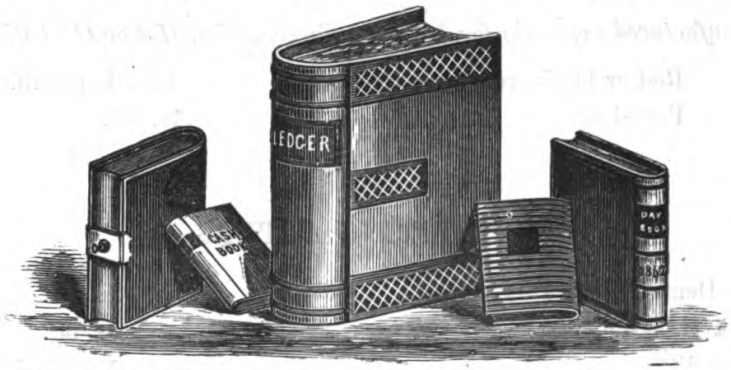

So little force is needed to work the Patent Duplex Press that it requires no fixing, and a stand is not necessary; it may be placed on an ordinary table or desk.

It is constructed without screw or springs: the power being produced by a cam acting on a bell crank lever. From the extreme simplicity of its mechanism it can be supplied at one half the price of an ordinary screw press.

THE BANK OF ENGLAND.

At a public Meeting held on the 29th May, 1867, in the Lecture Hall of the Geological Museum in Jermyn Street, at which the Right Honorable The Earl RUSSELL presided, the following Resolutions were passed:—

1. Moved by Earl GRANVILLE; seconded by the Earl of SHAFTESBURY—

> That it is expedient to establish a School which shall provide for the sons of the Civil Servants of the Crown a sound and liberal education on the most reasonable terms, to be called "The Civil Service College."

2. Moved by the Bishop of OXFORD; seconded by Sir EDWARD RYAN; and supported by Sir RODERICK MURCHISON—

> That the Earl RUSSELL be the President of the Civil Service College; and that the noblemen and gentlemen named in the prospectus be Vice-Presidents.

3. Lord RUSSELL having accepted the office, it was moved by Mr. JAMES STANSFELD, M.P., and (in the absence of the Right Hon. S. CAVE, M.P.) seconded by the Hon. GERALD TALBOT—

> That the present Provisional Committee, with power to add to their number, shall be a Committee for taking such steps as may be necessary for the collection of funds and otherwise promoting the establishment of the College.

4. Moved by Mr. CHARLES WALPOLE; seconded by Mr. J. W. KAYE—

> That hereafter a permanent Council for the management of the College be appointed by the subscribers.

The Committee, relying upon the cordial support of their colleagues throughout the Service, willingly accept the trust confided to them by the third of the foregoing Resolutions; but they think it desirable that they should place before the Service the views they entertain with regard to the duty which devolves upon them.

By the terms of the Resolution above adverted to, the Committee are empowered to take the necessary steps "for the collection of funds, and otherwise promoting the establishment of the College."

It is the opinion of the Committee that the primary object for which they have been appointed will be successfully accomplished when a Subscription List shall have been obtained of a sufficient amount to permit of proceeding to the founding of the College. The time will then have arrived for convening a meeting of the Subscribers

to determine upon the best method of applying the funds to the object for which they have been subscribed.

The Committee will, therefore, make generally known to the Service, in all its branches, the proposal to establish the College, and will invite as far as possible, from every member of the Service, both past and present, Subscriptions in aid of the Building Fund; on the understanding that payment of these Subscriptions will not be called for until the aggregate amount subscribed shall be sufficient for the establishment of the College.

Subscriptions to a considerable amount have, however, already been received by the Committee, and they will gladly receive any others that members of the Service may be disposed to pay at once, it being their intention to invest these, in order to provide an income to meet such necessary preliminary expenses as printing, &c.

The result of the very limited canvass at present made in a portion of the London Offices only, renders the Committee sanguine that ample funds will be obtained for establishing the College on a thoroughly efficient footing.

The Committee do not consider that it is necessary to say anything here to recommend the College to the warm support of the Service; they cannot do better than refer to the speeches of the distinguished Statesmen and others who took part in the proceedings of the public meeting held in May last.

It appears to the Committee that an opportunity is now afforded to the Service for creating a most valuable Institution, which will reflect great honour, and confer lasting benefits on the Service; and they feel confident that those Civil Servants of the Crown, who have it in their power to give, will cheerfully contribute towards the successful establishment of the proposed College.

The Committee annex extracts from the Prospectus drawn up by the Provisional Committee, and laid before the Public Meeting, a full Report of which may be obtained on application to the Honorary Secretaries.

EXTRACTS FROM PROSPECTUS.

This Institution is intended to supply a want very generally felt among the members of the Civil Service.

The Army, Navy, the Medical and other professions possess distinctive educational institutions for their special benefit, and it is thought that the time has now arrived when the Civil Service should provide itself with similar advantages.

The establishment of the Civil Service Commission, and the adoption of a system of examination for appointments in the Public Service, have given an educational status to the Civil Servants of the Crown, and have rendered them more than ever anxious that their sons should be fitted, by a good education for success in professional life, and qualified to compete successfully for Junior appointments in the various departments of the State.

It is calculated that the erection and furnishing of a suitable building (within a convenient distance from London), affording accommodation for 500 scholars, and, including Masters' Houses, Hall, Chapel, &c., would cost not less than £40,000; but it is considered that a building, adapted for 200 scholars, and capable of future extension, might be erected, and operations commenced so soon as a sufficient sum of money has been received.

It is intended that the necessary funds for the erection of the buildings should be provided by the past and present Members of the Service, aided by the contributions of those who have held high office in the State, many of whom have frequently taken occasion to acknowledge, in public, the valuable assistance rendered to them by the permanent staff of their respective departments. As regards current expenses, it is intended that the College should be self-supporting.

It is estimated that a payment of £45 per annum, for board and education, would be remunerative; and would, at the same time, place within the reach of Civil Servants, in the receipt of moderate incomes, an education for their sons of a standard far superior to any which is obtainable elsewhere for so low a sum.

It is proposed that the sons of gentlemen, unconnected with the Civil Service, should be admitted to the College at a rate of payment somewhat higher than that charged for the sons of Civil Servants; care, however, being taken that the privilege be not granted to the prejudice of those for whose benefit the College is immediately designed.

The system of education to be pursued, should, it is considered, be twofold; offering to those who may be designed for a university career, or to follow the liberal professions, a Public School course of the highest class; and to those intended for official or commercial life, a sound English education, combined with instruction in modern languages.

The Committee are of opinion that the College should be conducted on the principles of the Church of England; but that at the same time, the religious views of such as may not belong to that communion should, as far as possible, be considered.

It is designed to educate a limited number of the sons of deceased Civil Servants at a reduced rate, and, also in furtherance of the interests of the Institution as well as of those whom it is contemplated to serve, it is proposed that those in whom the right of nominating to Junior situations in the Public Service is vested, should be solicited to present occasional nominations, to be competed for by the general body of the students.

It is proposed that for every donation of £10, in one or more payments, the donor should be entitled to one vote at all elections of the Council of the College; and for the admission of the sons of deceased Civil Servants at a reduced rate; also that in considering the applications for admission to the College, priority, as far as possible, be given to the nominees of those who shall have contributed to the Building Fund.

Cheques may be made payable to either of the Honorary Treasurers, and crossed "Bank of England."

HEREWITH INTRODUCE TO YOUR ESPECIAL NOTICE THEIR

PATENT

DISINFECTING CLEANSING POWDER.

THIS is the only article yet invented *for purifying and deodorising*, at the same time that it *thoroughly cleanses* everything washed with it. The great advantage this Composition claims over all other deodorants and disinfectants hitherto introduced to the Public, is, that it not only removes unpleasant effluvia, but destroys the cause. That is to say, other disinfectants disguise odours which are really nature's warning to man of his unseen deadly enemy, but leave the poisonous gases deodorized still exhaling, to work out their silent power of destruction. Chloride of Lime, &c., creates a most unpleasant scent which overpowers many others, whereas the Disinfecting Cleansing Powder is inodorous, and, after use, Rooms, between Decks, &c., have the sweet wholesome fragrance of pure air. Among the various purposes for which it is particularly adapted, a few are mentioned, as follows :—

Ships' decks washed with this Powder are rendered very white, and in tropical climates it is a great preventitive of fever or other contagious diseases. Some of the most experienced Captains now using it, both in Her Majesty's Navy and the Merchant Service, have forwarded *the highest testimonials of its practical utility.* It deodorizes bilge water in the most perfect manner, not only destroying the unpleasant smell, but rendering the same tasteless, and keeps the closets, &c., from being offensive. If once tried, it becomes a future necessary of ships' stores. Yachtsmen will find it saves a vast amount of labour in scraping masts, *and decks will become whiter* with far less labour than by the usual method of washing.

A large number of the Metropolitan Hospitals, Asylums, and Institutions throughout Great Britain, constantly use this composition, and have given testimonials of its great efficacy. It is also used by H.M.'s troops of the Household Brigade, Artillery, Cavalry, &c. The atmosphere is rendered pure, and fever and contagious diseases prevented. It is invaluable in Bedrooms, particularly in Hotels, which are always liable to infectious disorders.

It is an excellent thing for removing the glutinous substance usually adhering to mangers, deposited from the saliva of horses, which, if allowed to remain, is injurious to the animals by creating nausea, and prevents their food having its proper nutritious effects.

It will destroy parasites and all insects which frequently infest the floors of bed-chambers, &c., in old houses.

Price 30s. per Cwt. About two ounces are used to a pail of water. It will be seen the cost is *less than half the price of soap and soda,* or any other article yet discovered for cleansing purposes.

One trial is respectfully solicited to test its merits, and testimonials will be forwarded from the principal Firms and Institutions in Great Britain, on application to

HUBBUCK'S
PATENT WHITE ZINC PAINT.

By their process, which is patented, the Pure White Zinc Paint is cheaper than White Lead.

For internal and external Painting, HUBBUCK'S Zinc Paint is the most durable and beautiful, and does not stain or discolour with the London atmosphere, or in the neighbourhood of Gas and Chemical Works. In all climates it is superior to other Paint for the inside and outside of Houses, Ships, Lighthouses, Iron Roofing, and Bridges.

ADULTERATIONS.—Some Paint Grinders have been selling adulterated Zinc Paint. No workman can produce good work with such material. Those who have used HUBBUCK'S Patent White Zinc Paint will not use any other Paint for their best work.

To prevent the prejudice which the inferior article must produce, each cask of pure White Zinc Paint is stamped—"**HUBBUCK, LONDON PATENT.**"

Adulterated Zinc Paint, so marked, having been shipped to Foreign Markets, the Patentees offer a reward of FIFTY POUNDS for information which shall lead to the conviction, in an English or Colonial Court, of those who have pirated their mark.

Grinders, Exporters, and Retailers are all liable for its sale.

THOMAS HUBBUCK & SON,

WHITE LEAD, OIL, PAINT, AND VARNISH WORKS,

24, LIME STREET, LONDON.

"For public schools, and all rooms occupied by children, there will now be no excuse for using poisonous paints. Parents have remarked that their children, on returning to newly painted houses, have suffered in health. The reason is evident; the breath extracts the poison from the White Lead, and the lungs draw in the deadly vapour."

"Among other tests to which it has been subjected, has been that of painting the hold of a sugar vessel, which, after a voyage to St. Kitt's and back, was found, after washing, to be as white as the first day the paint was applied."—*John Bull*, September 14, 1850.

HUBBUCK'S ANTI-CORROSIVE PAINTS,

The most valuable protection to Iron Roofs, Bridges, Piers, Ships, and Buildings exposed to stormy weather and scorching sun; they soon become extremely hard and do not blister, and are very durable.

They are made of Stone, Slate, Copper, White, Blue, Green, or any other Colour that is desired.

HUBBUCK'S ANTI-OXIDATION COMPOSITION,

For Coating Iron and Wood Ship's Bottoms: a preservative against fouling and corrosion. This composition is ready for immediate use, and obviates the waste of carrying unmixed Paints, Oils, Driers, &c. It is also applicable to all the purposes of other Paints.

HUBBUCK'S PALE BOILED OIL

Has less colour than Raw Linseed Oil, is a quick, hard, and certain drier for White and Light coloured Paints.

Paints and Oils properly packed for Exportation.
